DE LAVAL

CREAM SEPARATOR

They can't fool the creameryman.

He knows which machine skims cleanest, costs the least to keep in good working order, and lasts the longest.

He has to know. The wrong separator might easily mean a loss to him of several thousand dollars a year.

That's why 98% of all the separators used in the world's creameries and milk plants are De Laval's.

It's just as important to you as it is to the creameryman that you make no mistake in your choice of a cream separator.

Why not be guided by the creameryman's experience?

The terms on which we sell a NEW De Laval are liberal. The machine will pay for itself out of its own savings. Come in and examine it before you buy. We'll be glad to talk it over with you.

Farm Bureau Notes

Duroc Jersey Breeders Meet
Webster County Duroc Jersey Breeders met in the Farm Bureau office on Monday, January 30th. They perfected a county organization of their favorite breed. C. W. Johnston, Guide Rock was elected president, Thos. McMahon, Blue Hill, vice-president, J. H. Kellogg Jr., Red Cloud, secretary-treasurer. Twenty breeders became members and an effort will be made to get every Duroc Jersey breeder in the County to be a member of the organization.

Final arrangements were made for the Bred Sow Sale to be held at Red Cloud on Saturday, March 4th. Bred sows consigned by C. W. Johnston, J. T. McMahon, Emil Blumenthal, Louis Bocherding, C. B. Steward, H. W. Lambrecht and L. Riggins. Write for catalogues.

The organization will back up Sow and Litter Clubs and will put up prize money at the Webster County Fair and Webster County Farmers' Institute. They will also put on a gilt promotion sale in April for boys and girls only. Particulars will appear in these notes later. If interested in your favorite breed, become a member of the organization by sending your membership dues of \$1.00.

Poland China Breeders Meet
The Poland China Breeders met Tuesday, January 31st and an organization was perfected with John W. Hamilton of Guide Rock, president, Geo. Amack, Red Cloud vice-president, and Frank Lippincott, Red Cloud, secretary-treasurer.

The Annual Sale of Bred Sows will be held Saturday, February 18th, at the Auditorium Stock Barn at Red Cloud. Selling 35 head of very choice individuals from the herds of Alex Fausch, Guide Rock, Geo. Amack, Red Cloud and C. B. Steward Red Cloud.

The Poland China Breeders praised the County Fair and Institute officers for their support in Boys and Girls Club work. They went on record as pledging their support of Club Work the coming year and will put prize money at the local shows on pigs from Sow and Litter Clubs.

The organization set their member's dues at \$1.50. You can help boost the Poland China organization by sending your dues to the secretary, Frank Lippincott, Red Cloud.

Shorthorn Breeder's Dinner
Webster County Shorthorn Breeders' have the happy faculty of eating dinner together, this time at Kind's Cafe, Blue Hill. After dinner when everyone had comfortably seated himself, president Stewart called on Fred Householder for the secretary-treasurer's report. The organization now has eighteen members.

The consignment Sale of Tuesday, April 4th was up for discussion. This will be the best sale the breeders of this county have ever put on from the standpoint of good individuals.

The organization commended the Fair Association of the County for their support of Boys and Girls Club work. They decided to purchase handsome cups to be awarded Shorthorn Calf Club members at the Fair and Institute, and asked the Fair and Institute to make a rule allowing no cattle to be shown at the fairs that have not been tuberculin tested.

The breeders believe that the best way of promoting the breed is through Calf Club and we have offered 30 head of richly bred calves for Calf Club purposes. Boys and Girls interested should get in touch with any of the Shorthorn Breeders.

County Agricultural Agent.

LIBRARY NOTES

During the month of January 2270 books were drawn from the library. This is the largest number of books that have so far been taken from the library in one month.

A telephone has been installed. Country patrons may now renew their books by phone when not convenient to get to town.

Miss Edith Beckwith recently made the library a gift of about one hundred good books.

When you are at the library ask for one of the catalogs that have just been printed. These catalogs contain a list of all the books in the library and will be a help to you in making your selections.

Two late books, "Mrs. Farrell" by W. D. Howells and "The Sheikh" by E. M. Hull, have been given to the library this month by Mrs. C. J. Platt.

Other late books of special interest just received are: "If Winter Comes" by A. M. S. Hutchinson, "To the Last Man" by Zane Grey, "The Empty Sack" by Basil King and "Outline of History" by H. G. Wells.

The library can make excellent use of back numbers of magazines. If you have any you do not care to keep, please bring them in. The woman's magazines are especially in demand.

A collection of over a hundred books have been presented to the library by Mr. and Mrs. Ollig Ellison.

The following books were added in January:

CAN DO WONDERS IN CANOE

Eskimos Are Literally Part of the Frail Craft Which They Have Named a "Kayak"

Built of sealskin, with the fur inside, stretched over a framework of wood, the Eskimo canoe—called a "kayak"—is only about ten feet long, and often not two feet wide at its widest part, tapering "to nothing" at both ends. The greatest width of the kayak is at the middle. Here there is a combing which slightly rises above the deck. The rest of the deck, save this hole just large enough to admit of the passage of the body of a man, is covered with sealskin.

When the Eskimo goes out in a kayak, he puts on a special sealskin, waterproof shirt over his regular clothing. With very great care he steps into the kayak, sliding his feet over the tender bottom until he is seated on the wooden seat which is only the thickness of the wood above the bottom. Then he draws over the combing the end of his shirt, which tightly fits the combing part of the kayak.

Experts of Greenland learn to turn a somersault in a canoe and come up again on even keel, an exchange states. But the best of the Eskimos of Greenland are not content with merely being able to right the kayak when it overturns. They practice until they are able to paddle the kayak in such a way that they shoot ahead on their course even as they turn that dangerous somersault in the sea.

Insured Against Weather.
Here's an idea for "Outstaters," which originated with the Omaha Aero club in connection with its air congress here November 3, 4 and 5.

Insure your outdoor events, such as county fairs, air meets, etc. against the weather.

That's what the club is doing. It has insured the meet against rain, cyclone and all other kinds of weather.

Challengers.
Critics are sentinels in the grand army of letters, stationed at the corners of newspapers and reviews, to challenge every new author.—Long-fellow.

A Letter To Make Good

Must impress the person who receives it with its importance, whether the correspondence be of a business or personal nature. The mails are flooded with cheap circular letters and the average busy man of to-day gives his mail the "once over" and passes most of it to the waste basket. A letter to demand attention in these busy times must be distinctive.

Hammermill Ripple Bond

Printed correctly makes the nicest letter head you can possibly obtain. The hard smooth surface of this paper renders it particularly adaptable to high class artistic printing and the ripple finish places it in a class by itself for attractive appearance. The "crisp cackle" you notice in opening a letter written on Hammermill Ripple immediately suggests taste and progressiveness on the part of the sender.
