Mr. J. W. Auld, State Bank, Red Cloud, Nebr.

Dear Sir:

Mr. W. J. Linn placed an order with us yesterday morning for a wireless telephone Radio outfit to be supplied to Mr. E. S. Garber.

There is going to be a little delay in shipping this as we are waiting for some of the very latest improvements which have just been put in action a few weeks ago which gives a very much clearer voice and service that has heretofore been used and will be one of the most complete outfits that we have ever sold and will be the first complete outfit that has been shipped to the State of Nebraska and we hope it will give you the service that you anticipated.

Yours very truly,
MID WEST ELECTRIC CO.

Gifts Doubly Useful.

"The most useful gift is the hockable one," sophisticated "uncle" as he dusted off the pledges. "For the past month or more we have been getting in the presents from the holiday season, the ones for which there was no use first. Now, as hard times begin to pinch, we are getting in more."

Watches head the list, according to the pawnbrokers. The little ivory clock sent to the boy living in the hall room of the boarding house is of use in tiding over tight week ends. Girls bring in their wrist watches and trinkets and explain in detail just what the circumstances are that force this last resort. That many new customers are being created was evidenced by the manner in which they approached the shops. They enter cautiously and should there be another customer inside, try to whisper their wants and are reluctant to show the article carried.

Negligent of Their Duties.

AWAKENING CHINA A LECTURE SUBJECT

Church on next Sunday evening at 7:30 p. m. at the Baptist church, the pastor will deliver an illustrated lecture on the subject "Awakening China." The lecture will present in definite form, the true China of to-day. Almost nothing is known of internal conditions in this ancient country, the seat of a civilization thousands of years old.

China for many years closed its doors and refused to commune with the outside world, the people lived to themselves in much the same manner as did their ancestors thousands of years ago. This condition was changed a few years back, and in the place of the ancient China of the centuries there stands a new China, a China of great opportunities, a China of mighty ideals and high ambitions.

The pictures to be shown in connection with the lecture next Sunday night, will reveal the actual accomplishments of Christian influence. The gospel message has in truth done mighty things for China as it has in all places where the application of its principles has been made.

A cordial invitation is extended to all those interested in the Missionary enterprise, to attend and enjoy the service.

"Lis'een, Peggy—every mudder gives her kiddies KELLOGG'S because you can eat 'em 'till you're full an' they taste good—er an' they're all 'crispy an' dandy!"

You never tasted Corn Flakes so joyously flavored, so crispy-crunchy as Kellogg's

That's why big and little folks who know the difference insist upon KELLOGG'S! The thing to do is to make comparison—Kellogg's against any other kind of corn flakes you ever ate! If it's quality, or all-the-time crispness or delicious or appetizing flavor you want—well, just wait till you eat Kellogg's! And, what a delight to know they're never leathery!

You'll get so cheerful about Kellogg's that the day's best hours will be when it's time to sit down with the family in front of generous bowls all filled most to bursting with those big, sunny-brown Corn Flakes! Never was a better time than tomorrow morning to prove that KELLOGG'S Corn Flakes are about the "gladdest of all good things to eat."

Insist upon KELLOGG'S—the kind in the RED and GREEN packages—if you want to know how wonderfully good corn flakes can be!
