Groceries and Queensware

If it's worth printing at all-- it's worth printing well!

Nothing gives a business concern a "Cheap John" appearance as quickly as the use of poorly done printing. A concern is judged by the appearance of their place of business and by the class of correspondence and the kind of advertising matter used. Since the success of any business institution depends upon the impression made upon the public the necessity of using only the very best printing is obvious.

It costs as much to do a job poorly as to do it right

We are prepared to handle high grade commercial printing of all kinds and enjoy doing work for those who are particular about their printing and want it right.

FLORENCE OIL COOK STOVES

Comfort, Economy and Efficiency

COMFORT—for it means a cool kitchen. **Economy**—for it wastes no fuel. You burn kerosene oil only when you need it. **Efficiency**—for a Florence Oil Stove is easy and quick of operation and every bit of heat is concentrated close under the cooking.

Come in and let our salesmen show its many good points.

COUNTY SCHOOL NOTES

(By County Superintendent)

Students that have been expecting to get certificates should be sure that their averages are above 80 if possible for a fraction below 80 will bar the certificate out even if the grades are high enough to meet the law in other respects.

There will be three more teachers examinations this year. They will be May 26 and 27, June 30, July 1 and August 4 and 5. These examinations will be held in Red Cloud only unless special arrangements are made. A program of the time for the different studies can be found on the backs of most of the cards giving the examination grades.

As soon as students know that they are going to High School they should make application for free High School privileges.

Anyone wishing land transferred for school privileges should make application before the annual meeting.

We are hoping to get the eighth grade marks before the end of this week.

The annual meeting will be held June 12 this year. The directors legal blanks will be sent out soon now.

FARM BUREAU NOTES

(By Henry R. Fausch, County Agent)

Miss Stella Mather, Home Demonstration Leader from the College of Agriculture was in the County Tuesday and Wednesday meeting with different women's organizations and explaining the work available from the Extension Service thru the County Farm Bureau.

Meetings were held with representatives from the Invalide Culture Club, Red Cloud P. E. O. Club, The Willing Community and Helpful Community Clubs, Beulah Ladies' Missionary Society and Prairie Gem. The Extension Service sends out subject matter for Womens' Clubs newly organized and for those desiring help in making up their programs for the year. Federated clubs may receive this help by notifying the county agent.

The organization desiring to include different phases of work other than literary programs may request help along the lines of clothing, health, nutrition and home canning. Specialists from the College are sent upon request and aid in the establishing definite projects along any of the above mentioned subjects.

The clothing program is a very practical one and has been very popular in many counties of the state. This begins with a home made dress form demonstration by the clothing specialists. As soon as 10 women have made dress forms the group is entitled to the next number of the program which is a demonstration on short cuts in sewing and the use of sewing machine attachments. When five groups have dress forms and have learned to use their attachments these groups are qualified to send two delegates each to a dress instruction or millinery school. These schools continue four days and the last day is a style show open to the communities sending delegates and others. The delegates agree to return to their own communities and pass on the information they have received to at least five women each and as many more as care to attend the follow-up school.
