J. O. Butler Sells Out

Wednesday J. O. Butler, who has conducted a harness shop in this city a different times for the past thirty years, disposed of his business to Lee R. Walker, of Bloomington, who has taken possession of the same. Mr. Walker learned the trade under Mr. Butler in this city some twenty-five years ago, and having been continuously engaged in this line of work ever since will prove fully capable of handling the local enterprise to the entire satisfaction of all customers. Mr. Butler is a good workman and has always given his patrons splendid service, thus building up a good business which the new proprietor will no doubt continue to the entire satisfaction of all.

Installs Radiophone

The Platt & Frees Lumber Co. have this week installed a Westinghouse radiophone receiving set of the very latest and most improved type, the first to be successfully operated in this city. This set was secured through Ed Garber who has the agency, and is of the most highly developed type now manufactured. It consists of an audion bulb detector, two stage amplifier, tuning coils capable of receiving any wave length now used by any of the high powered sending stations, and besides head phones it includes a large Magnovox loud speaking horn capable of reproducing the messages loud enough to be heard distinctly any where in the room. A few minor parts have not been received yet, but it is sufficiently complete to enable one to distinctly hear the weather and market reports and concerts sent out by the sending stations in the nearest large cities.

Mr. Platt is always on the alert to keep abreast with the times and is to be congratulated on being the first to successfully receive radio messages in the city.

Kansas Boys Get in Trouble

Verne Breakey, a boy about 19 years of age living near Lebanon, Kansas, was brought into County Court Monday where he entered a plea of guilty to a charge of unlawfully having liquor in his possession, and a fine of \$100 was imposed and his car confiscated.

Thomas Jefferies, about 20 years of age, from Downs, Kansas, was bound over to District Court after having plead guilty to a charge of attempted automobile theft. Being unable to furnish bonds he is a guest of Sheriff Huffer.

The two Amos boys who live near Lebanon, Kansas, who were in company with Breakey and Jefferies were arrested and held for investigation but have been released, no charge being preferred.

Marshal Doyle discovered a Ford automobile parked on Webster street bearing no license tag Saturday night, upon further investigation he discovered a quart bottle containing a few drinks of moonshine whiskey. He learned that it had been driven into the city by five young men, one of whom approached the car while the marshal was on the lookout. He denied any knowledge of the car or its contents. However, he made his get away quickly as possible and warned his companions that the officers were on their trail. Later Max Mizer discovered young Jefferies in the act of driving off his Buick which had been parked on Fourth Avenue near the Grice & Grimes drug store. Their Ford having been previously locked up the boys were intent on getting home without having to walk. Sheriff Huffer was notified, and in company with Marshal Doyle, discovered and arrested the four boys south of the city across the river, they were walking toward the Kansas line. The fifth member of the party made a get away and his identity is unknown.

Dan Garber has thrown his hat in the political ring and has filed as a candidate for representative on the Republican ticket.

Celebrate 52nd Anniversary By Meeting on "Guide Rock"

Everybody in Webster and adjoining counties is invited to attend a meeting on Sunday afternoon, May 28, at three o'clock on the top of the "Guide Rock", of all those interested in the early history of this county. At this meeting Mr. J. S. Gilham of Red Cloud will speak, also Mr. E. Peters. Mr. Gilham was the first attorney and first state senator from Webster county. We all know our own Mr. Peters, the first Sheriff of Webster county, and our oldest settler. He will point out the first house, the stockade, and other points of interest from the top of the rock and explain their very interesting history. Plans will be discussed to permanently mark the rock. Mrs. Orpha Pace, one of the first children born in Webster county, will read an interesting paper.—Guide Rock Signal.

Defeated Blue Hill 8 to 3

Sunday afternoon the Red Cloud ball team increased their batting average and also their standing in the Polly league by defeating Blue Hill on the home diamond by a score of 8 to 3. The local team run in two scores in the second and fourth inning while in the last half of the fifth they hit "Mickey" Matthews for six runs, every one batting around before the smoke cleared away. Bill Dahms, the left fielder, went on the mound in the sixth inning and ended Red Cloud's batting rally. The wind storm came up in the eighth and in the ninth with two men on bases Jenkins came up and hit for three bases making two of the scores for the visitors. Slaby pitched a very good game and he struck out twelve, hitting two. Here's hoping our team keeps up the record they made in this game. The team goes to Blue Hill next Sunday.

BE PRACTICAL

The young man in love often goes into raptures about "the blue of the sea in her eyes and the golden haze of autumn in her hair," but remember this, young man—SHE'LL EAT just the same as any other healthy girl.

Therefore, get down to practical affairs. Save your money, deposit it in a good reliable bank like ours and get ready to own a home for you and the girl and to provide the three square meals a day that you will both need as long as you live. You know when poverty comes in at the door, love sometimes flies out the window.
