NINETY-THREE TEACHERS REGISTER AT INSTITUTE

The Webster County Teachers' Institute, under the able supervision of County Superintendent of Schools Stella Ducker and her assistants, Messrs. James Lloyd McIntyre and Lois Cowden, convened in this city in the High School building, on Monday and today closes one of the most interesting and instructive sessions heretofore held.

The program being carried out is practically the same as previously advertised, Prof. A. B. Gelwick of this city and Mrs. Grace Truax of Sioux Falls taking the initiative, assisted, however, by other instructors also previously named. Prof. Olson of Kearney is today substituting for Prof. Gelwick, who on yesterday, encountered a rather annoying case of poison ivy.

The following list of registrants discloses a somewhat shortage of the masculine sex, as compared to years gone by, a shortage which, no doubt, however, is off set by the exceedingly good looking school marms taken singularly or collectively: Red Cloud—Clara Beezley; Violet Griffith; Naomi Corner; Chas. Lawrence Wins The Double Header

Last Sunday afternoon a double header ball game was played at the Starke Field between Lawrence and Red Cloud in which the visiting team was the winner of both games by the score of 5 to 7 in the first game and 10 to 3 in the second.

Our boys were experiencing one of their off days, being unable to hit when hits meant scores and could not field their balls at critical times. However, we lost the two games and believe it will be the cause of our boys putting more effort in the remaining games and will go out from now on to win all games.
