COUNTY SUPERINTENDENT

ESTELLE E. DUCKER

Candidate for Second Term

TO THE ELECTIONERS OF WEBSTER COUNTY:

I am asking for a second term in the office of County Superintendent, knowing that it is a time honored principle of American politics to endorse faithful and efficient service in public office by the giving of a second term.

During my present term of office, realizing the present heavy burden of taxation, I have practiced the most rigid economy. Under the law I am allowed \$600.00 for Institute work. Of this fund I have used only \$150.00, thus saving the tax payers \$450.00, and in the buying of supplies I have saved some \$300.00, and now have on hand over \$250.00 to carry on institute work next year. Thus I have on these two items alone accomplished a saving of appropriation and have created a surplus on hand in spite of general high costs. I stand for the best of teachers at reasonable salaries. Poor teaching is a crime against the children. School boards are responsible for their wage contracts with teachers.

I have stood firmly and uniformly for an absolutely impartial, equitable and courteous administration of the affairs of my office.

I have stood for what is highest and best in education, realizing that we must look to education for the solution of our present pressing problems.

Let me say in conclusion that I was reared in Webster County. After graduating from the State University I spent many years teaching in the schools of this county, and am familiar with their history and development. I have frequently attended the University summer school sessions to keep abreast with progress in education.

I know from experience in the one term I have had that I can render better service to the county during a second term, and if elected I will give the same undivided attention to my duties, and the same careful consideration to the public that it has been my pleasure to extend in the past.

Wishing the best for Webster County, I am,

ESTELLE E. DUCKER.

Candidate for Second Term.

BUSINESS WOMEN'S CLUB ORGANIZED LAST NIGHT

The Business Women's Club held an organization meeting last evening in the I. O. O. F. Hall. All the old officers were re-elected: Mary Peterson, president; Emma Bargman, secretary; Lydia Traut, treasurer. Several committees were appointed and new members added to the list, which now numbers fifty-five.

The rest of the evening, following the business session, was spent in playing cards and having a general good time.

They adjourned at a late hour, to meet again on Halloween evening to enjoy another picnic.—Advertiser.

More About Armistice Day

The different committees for the celebration held several meetings this week and everything is running smoothly.

The celebration will really commence Friday evening and last until midnite, Nov. 11th.

Friday afternoon the Red Cloud High Foot Ball team will play the Hardy team.

In the evening Hell's Half Acre the Legion's carnival will open its doors at the Sale Pavilion. This will consist of shows, country grocery store, games and a big dance for which Betz's orchestra will furnish the music. Adults will be charged 20c and children 10c admittance.

Saturday morning the celebration will be in full swing as at 10:30 there will be a band concert followed by a Ford parade for which there will be eighteen events with a first and second prize for each. There will also be a Men's Barrel Race with Fords and a Ladies Slow Driving Race, each event limited to six entries each, first and second prizes will be given. Henry Fausch assisted by Chas. Smith and Grant Turner will be in charge of the parade.

In the afternoon the band will give a concert and the big foot ball game of the season will then come off, Formosa, Kas., Legion vs Red Cloud Legion. Oliver Powell is coaching the team every night and the boys will put up the light of old. The Legion Show will open at noon and close at midnite and no doubt this will be our biggest event in years to come.

Make Water Inspection Trip

Al Hoffman, G. J. Warren, W. D. Edison, Supt. Beard and A. B. McArthur, in company with Attorney F. E. Maurer, made a visit to the Maurer farm Wednesday afternoon at which time the latter gentleman explained to us where water no doubt can be found in abundance. The springs can be found northwest of the Burlington's springs on the north bank of the draw and if properly developed, no doubt enough water could be secured for the city's use for years to come.

We also visited the springs on Miss Jennie Winton's farm which are about a half mile north of the springs on the Maurer place. As the water supply of this city is getting scarce, we believe it would be to the best interests of the city if the council would take some action in regard to obtaining water from these springs.

Charity lodge A. F. & A. M. is to hold a special communication Friday evening for work in the Fellow Craft degree. Visiting brethren will be welcome.

An old minister in a small Missouri town was said to be starving to death on donations of catfish, possum and a \$500 salary. When he couldn't stand it any longer he handed in his resignation with the following comment: Brethren and Sisters, I don't think the Lord loves you people for you never die—he doesn't seem to want you. I don't think you love each other for I never marry any of you. And I don't think you love me for you don't pay me my salary and your donations are wormy fruits and mouldy apples. By their fruits ye shall know them. The Lord has called me to a better place—I've been appointed chaplain of the penitentiary. Where I go you cannot come; but I go to prepare a place for you.—Grand Island Independent.
