The Alaska-Yukon-Pacific Exposition which is to be held at Seattle, Wash., from June 1 to October 13, 1909 has made more rapid progress toward completion than any other national exposition ever held in the United States. On August 1st, the management was able to estimate conservatively that the exposition was 65 per cent complete in its physical work. There yet remain ten months in which to put on finishing touches and the management is able to announce that without doubt the Exposition will be complete in every department on the day fixed for the formal opening. The Exposition Company is amply supplied with funds for completing its work. The capital stock of controlling corporation, fixed at \$800,000 has been fully subscribed and paid in, and the several counties of the State of Washington have contributed in the way of direct aid over \$200,000 more. Many counties will erect buildings of their own which will to a certain extent be pseudo exhibit buildings. The Exhibition will have ten large exhibit buildings, these are: Manufactures, Agriculture, Mines, Fisheries, Fine Arts, Machinery, Transportation, Oriental, European and Forestry. In addition, there will be the usual complement of private exhibit buildings, concession buildings, making a total of about one hundred buildings.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.
It used to be considered that only urinary and bladder troubles were traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.
The kidneys filter and purify the blood—that is their work.
Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.
If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.
If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of Swamp-Root by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
