

A Master Stroke of Typewriter Invention

New Oliver Automatic Tabulator,
a Twin Improvement to the Oliver
Ruling Device.

Just a simple, clean-cut mechanism
for tabulating—operated by a single
key.

Yet that single key unlocks scores of
doors to added typewriter convenience.
It does away with the brain tension of
tabulating. The movements of carriage
are controlled by unseen fingers.
The tabulator works automatically
with unvarying accuracy.

Equipped with its new Automatic
Tabulator, which can be operated in
connection with the Oliver Line Ruling
Device, the Oliver's sphere of usefulness
is unlimited.

In the work of
writing and ruling
Statistical reports,
Invoices, State-
ments, Inventories
etc.—Listing
Checks, Deposit
Slips, Cash Items,
Vouchers, cash and
credit sales, Trial
Balances, Pay Rolls, Cost Records and
scores of similar tabulated records,
Oliver No. 5 has no equal. It is the
only machine that covers the whole
broad field of modern commercial
work in a satisfactory way.

The Oliver Automatic Tabulator is
an integral part of every new machine
—furnished without a cent of addition-
al charge.

It caps the climax of a long series of
improvements given to the world in
the magnificent new Oliver No. 5.

Each of these remarkable innova-
tions—the Oliver Tabulator and the
Oliver Ruling Device—supplements the
other.

Together they form a combination
of untold value in all branches of com-
mercial accounting.

The Oliver Typewriter is first of all
a correspondence machine—supreme in
splendid service. It makes work a
pleasure by providing automatic means
of spacing, tabulating, ruling, indicat-
ing exact printing point, securing
proper register, etc.

The saving of time, of mental calen-
lation, of manipulation, of extra atten-
tion and of eye strain is an incalcul-
able benefit to the operator.

And the gain in volume of work well
done—without extra operative effort—
means much to every employer.

Write for the new Oliver Catalog or
better still—ask the nearest Oliver
Agent for a demonstration of Model
No. 5.

Lacking the "Ear for Music."

He bears a great loss and sorrow
who has "no ear for music." Into
one great garden of delights he may
not go. There needs no flaming
sword to bar the way, since for him
there is no gate called Beautiful
which he should seek to enter. Blunt-
ed and stolid, he stumbles through
life for whom its harp-strings vainly
quiver. Yet, on the other hand,
what does he not gain? He loses
the concord of sweet sounds, but he
is spared the discord of harsh noises.
For the surges of bewildering har-
mony and the depths of dissonant
disgust, he stands on the levels of
perpetual peace.—Gail Hamilton.
