

A Master Stroke of Typewriter Invention

New Oliver Automatic Tabulator, a Twin Improvement to the Oliver Ruling Device.

Just a simple, clean-cut mechanism for tabulating—operated by a single key.

Yet that single key unlocks scores of doors to added typewriter convenience. It does away with the brain tension of tabulating. The movements of carriage are controlled by unseparated fingers. The tabulator works automatically with unvarying accuracy.

Equipped with its new Automatic Tabulator, which can be operated in connection with the Oliver Ruling Device, the Oliver's sphere of usefulness is unlimited.

In the work of writing and ruling Statistical reports, Invoices, Statements, Inventories, etc.—Listings, Checks, Deposit Slips, Cash Items, Vouchers, cash and credit sales, Trial Balances, Pay Rolls, Cost Records, and scores of similar tabulated records, Oliver No. 5 has no equal. It is the only machine that covers the whole broad field of modern commercial work in a satisfactory way.

The Oliver Automatic Tabulator is an integral part of every new machine—furnished without a cent of additional charge.

It caps the climax of a long series of improvements given to the world in the magnificent new Oliver No. 5.

Each of these remarkable innovations—the Oliver Tabulator and the Oliver Ruling Device—supplements the other.

Together they form a combination of untold value in all branches of commercial accounting.

The Oliver Typewriter is first of all a correspondence machine—supreme in splendid service. It makes work a pleasure by providing automatic means of spacing, tabulating, ruling, indicating exact printing point, securing proper register, etc.

The saving of time, of mental calculation, of manipulation, of extra attention and of eye strain is an incalculable benefit to the operator.

And the gain in volume of work well done—without extra operative effort—means much to every employer.

Write for the new Oliver Catalog—or better still—ask the nearest Oliver Agent for a demonstration of Model No. 5.

The Oliver Typewriter Co.
116 S. 15th Street Omaha, Nebraska

Lacking the "Ear for Music."
He hears a great loss and sorrow who has "no ear for music." Into one great garden of delights he may not go. There needs no flaming sword to bar the way, since for him there is no gate called Beautiful which he should seek to enter. Blinded and stolid, he stumbles through life for whom its harp-strings vainly quiver. Yet, on the other hand, what does he not gain? He loses the concord of sweet sounds, but he is spared the discord of harsh noises. For the surges of bewildering harmony and the depths of dissonant disgust, he stands on the levels of perpetual peace.—Gail Hamilton.

BRYAN
