### Why Are We So Hard?

The following motto was on the wall of a woman's bedroom: "Let us take hands and help each other to-day because we are alive together."

She is a bride of a year, and that is the sentiment with which she furnished her bedroom and tries to carry out her everyday life. The hard blow we give with a word, the mean thought or harsh judgment recoils on ourselves. No woman who is hard and critical is happy.

"Take hands and help each other to-day" is the sure road to contentment and happiness.

# PIANOS.

Every day that you let go by without a piano in the house means a loss in many ways. The musical part of your daughter's education is an absolute necessity in the present age. **She Is Handicapped** for life if she lacks the ability to play piano, and she can not learn this beautiful and **Necessary** accomplishment in a day, nor a year. The earlier she begins to practice, the more proficient she will become.

## We Spend Money

To procure a collage education, but without the **Musical** accomplishment it is not a success. "All beginnings are difficult" and the beginning should be made while young. Soon the study of music becomes a pleasure as the "work" is accompanied by **sweet harmony**, and thereafter it is "**Recreation**". But the hard beginning must be encountered and it ought to be done **NOW**.

## My Line of Pianos

The **DEPENDABLE** kind is very complete, and the prices are right. Pay cash if you wish, or buy on payments, but in any event do not put the matter off another year. If you wish a piano that any one can play buy the famous

"AUTOPIANO"
