### Election Bulletins

#### Flashed To Railroad Trains

Unique in the history of Presidential elections were the arrangements made by one of the great railroads systems to furnish the election returns to passengers on its trains all through election night, and to do so almost as they are posted on the newspaper bulletins in Chicago.

In order to do this, the railroad in question—the Burlington—installed a direct railroad telegraph wire in the Chicago Tribune office over which their own operators flashed Tribune returns to their trains on all parts of the railroad.

The bulletins were posted in conspicuous places in all through trains and placed on board at every stop and where regular stops are infrequent special stops were made for this purpose if necessary.

This innovation is one which was much appreciated, especially by the voters who made a special trip to his home town for the sole purpose of voting and who was obliged to depart the same day.

Whoever has crossed the Atlantic on one of two rival ocean greyhounds will recall the intense interest with which the posting of the daily log is watched and how the chances of "beating the other fellow" are discussed pro and con, the friendly wagers that are made and the sigh of relief that goes up (even through nothing vital is at stake) when they know that their boat has won.

With a National election as the stake, it is easy to picture the excited groups of passengers crowding around these train bulletins to get the latest news. There was the same eagerness, the same discussion, the same "I-told-you-so" that are characteristic of the election night crowds in any of our big cities. Only numbers will be lacking. And all the while the trains were rushing along through the night at express train speed.

This is perhaps, merely another mile post in the march of modern progress. Who knows but what it may be the first step toward a regular news service at all time on all trains? And it is only further emphasizes the fact that nowadays when a man travels, he is sure of the same luxuries and conveniences as if he were in his own home.

### A BALD-HEADED WOMAN

#### Shorn of Her Brown of Beauty Loses In Love and Marriage.

Hair is certainly most necessary to woman. Who could love and marry a bald-headed woman? What charms could one array to offset such a disfigurement? A woman's goal is usually love and marriage. Her crowning glory is her hair. The loss of hair mars her beauty, happiness and success. Yet right here in Rochester there are thousands of women who are neglecting or injuring their hair to such an extent that it is only a matter of time when it will be utterly ruined.

Many women destroy the beauty of their hair through thoughtlessness or ignorance of certain facts. They use curling irons over-heated, or to excess, which destroys the natural oil of the hair, causing it to split, break and come out. They do not shampoo their hair often enough, or to often. They use soap preparations which contain ingredients positively harmful to the scalp and hair.

As a result of such treatment, dandruff is created, the hair loosens, loses color, falls out, and baldness commences, unless proper and prompt precaution are taken in time. Then again, microbes and certain diseases bring about unhealthy scalp and hair conditions.

Almost anyone may rid themselves of dandruff and diseased scalp and hair if they will but use the right remedy. We have that remedy, and will positively guarantee that it will either cure dandruff and baldness or it will not cost the user anything.

That's a pretty broad statement, but we will back it and prove it with our own money. Rexall "33" Hair Tonic is the remedy that will grow hair and overcome all scalp and hair troubles. It will grow hair even on bald heads, unless all life in the hair roots has been extinguished, the follicles closed, and the scalp is glazed and shiny. It gets its name from the fact that it grew hair in 93 out of 100 cases where it received thoroughly hard, impartial and practical test.

We want you to try Rexall "33" Hair Tonic at our risk. You surely cannot lose anything by doing so, while you have everything to gain. You had better think this over, then come in and see us about this offer. You will be well repaid for your visit to our store. The H. E. Grice Drug Co., Red Cloud Nebraska.

#### Interesting Boxing Bout.

Dick McDonald of this city and Jack O'Leary of Grand Island met in a ten round boxing bout here Tuesday evening. The bout was very interesting from start to finish and although no decision was given it was generally conceded by those who witnessed the go that McDonald had a little the better of the match. O'Leary is well known over the state as one of the best men in the lightweight class, and it was very gratifying to the friends of McDonald that he was able to make good. After the match O'Leary met Barret of Superior in a catch-as-catch-can wrestling match. This was won by Barret in two straight falls.
