F. W. Cowden will leave for Chicago next week, in the interest of the Cowden-Kaley Clothing Co. This firm believes in buying their goods direct and save the profit for their customers. It is a fact that when a merchant can see the garments which he contemplates buying, he knows what he is getting. We often hear people remark that they can buy clothing cheaper in Red Cloud than the same quality of materials can be purchased in Lincoln or Omaha. Mr. Cowden expects to be gone about ten days and the firm will undoubtedly have something good to offer their spring trade. They believe in doing business right.
