

ROOSEVELT OFF FOR GREAT HUNT

EX-PRESIDENT SAILS AWAY TO DARK CONTINENT.

TO BE IN AFRICA A YEAR

Then He Will Travel and Speak in Europe—Three Skilled Naturalists and His Son Kermit Accompany Him.

New York.—Theodore Roosevelt, ex-president of the United States, sailed out of New York harbor Tuesday on the steamer Hamburg of the Hamburg-American line on the way to his much-heralded hunting trip in British East Africa.

On the dock was a large assemblage of Mr. Roosevelt's friends, who had gathered to bid him God-speed, and who cheered him as he stood at the rail of the steamer waving his hand and smiling with delight. Beside him stood the three men selected from hundreds of applicants to accompany him and assist him in collecting the specimens of African fauna which he hopes to send back for the enrichment of the Smithsonian institution. These fortunate individuals were Maj. Edgar A. Mearns, J. Loring Alden and Edmund Heller. They comprise the Smithsonian expedition. The fifth member of the little party, and not to be considered of least importance, was

living ally to the type of the extinct Tichorine or woolly rhinoceros which lived in England at the close of the Glacial period.

Journey Across Uganda.
Leaving Nairobi in October, the party will proceed by the Uganda railway to Port Florence, on the shores of Lake Victoria Nyanza, where a short stop will be made; then a steamer will be taken to Entebbe, 150 miles away. There a caravan will be formed and the journey across Uganda to the Nile will be begun. It is expected that the White Nile will be reached about the first of the year 1910. Lake Albert Nyanza will be touched at Kibira.

In a general way the course of the Nile will be followed to Gondokoro, and thence to Khartoum. At this city Mr. Roosevelt and Kermit will be joined by Mrs. Roosevelt and they will continue down the Nile slowly to Cairo, visiting many points of interest on the way.

To Speak in European Capitals.
Plans for the remainder of the ex-president's two years' tour have not been decided upon definitely, but the time will be spent in Europe, and several matters of importance have been announced. He will visit Berlin at the invitation of Emperor William and while there will deliver an address upon the one hundredth anniversary of the founding of the University of Berlin.

From Germany he will go to France and deliver an address at the Sorbonne. It has not been learned how long Mr. Roosevelt intends to stay in Berlin and Paris. After his visit in France, Mr. Roosevelt will go to England, where a reception of great warmth undoubtedly will be accorded

PREVENTING PAINT TROUBLES.

It's easy enough to recognize the symptoms of poor paint, after it has been on awhile—after its inherent tendency to crack and peel and scale and blister, etc., has developed into trouble. You know these paint "diseases" usually indicate adulteration or substitution in the paint materials. And you know the only remedy is re-painting.

A little knowledge of paint and painting requirements, and how to make sure of the purity and quality of materials, would prevent all trouble, and save the big extra expense of re-painting; just as a proper knowledge of simple health-laws, and observance of them, prevents sickness.

A complete painting guide, including a book of color schemes, specifications for all kinds of painting work, and an instrument for detecting adulteration in paint materials, with directions for using it, can be had free by writing National Lead Co., 1902 Trinity Bldg., New York, and asking for Houseowner's Painting Outfit No. 49.

A very simple guide in the purchase of white lead (the only sure and safe paint material) is the famous "Dutch Boy Painter" trademark; that trademark is an absolute guarantee of purity and quality.

DOUBTED TALES OF SCIENTIST.

Scottsman's Summing Up of Character of Man of Learning.

Sir Archibald Geikie, the distinguished geologist, who will probably succeed Lord Rayleigh as president of the Royal Society, tells a good story in his capital book of "Scottish Reminiscences."

"I was quite sure you had been in our neighborhood," a friend said to Sir Archibald. "I met the old farmer of G—, who had a strange tale to tell me.

"'Dod, Mr. Calthart,' he began, 'I ran across the queerest body the other day. As I was coming by the head of the clough I thoct I heard a wheen tinkers quarrellin', but when I lookit down there was ae wee stoot man. Whiles he was chappin the rocks wi' a hammer, whiles he was writin' in a book, whiles fetchin' with the thorns and miscan' them for a' that was bad. When he cam up frae the burn, him and me had a large confab. Dod! he tellt me a' about the stanes, and hoo they showed that Scotland was ance like Greenland, smooed in ice. A very entertainin' body, Mr. Calthart, but—an awfu', awfu' leear.'—Tilt-Bits.

Why She Shut Down.

"A charming gentleman, about four years old, used to pass my house every day on his way to kindergarten," said a lady, "and in course of time I made his acquaintance and gave a penny to him each morning when we parted.

"Eventually his mother requested me not to give any more money to him. The next morning I did not present the usual penny. He did not seem to notice the omission. The succeeding day, when the penny was not given to him he said nothing. But on the morning of the third day, when the penny was not forthcoming, he sidled up to me and whispered: 'What's the matter. Ain't your husband working?'

She Had Tested the Oyster.

Dora, the pet of the household, was very fond of oysters, and after eating her lunch of oysters and crackers she thought of her dear mother busy at her sewing machine. She selected a nice large oyster, put it in a plate and carried it to her mother, who, pleased with her little daughter's thoughtfulness, ate the oyster and said:

"It is most as good as my little girlie."

"Yes," answered Dora. "I know it is good 'cause I licked it all the way from the kitchen."—The Delineator.

She Earned It.

Mabel liked candy. However, she was not allowed nearly as much as she would like. One day her father told her that she could have three pieces if she would kiss a visitor who was coming to dinner. As soon as the front door was opened she rushed up and implanted the kiss with much gusto, and then turned to her father.

"Now, papa, give me the candy for kissing her."

LESS MEAT Advice of Family Physician.

Formerly people thought meat necessary for strength and muscular vigor.

The man who worked hard was supposed to require meat two or three times a day. Science has found out differently.

It is now a common thing for a family physician to order less meat, as in the following letter from a N. Y. man.

"I had suffered for years with dyspepsia and nervousness. My physician advised me to eat less meat and greasy foods generally. I tried several things to take the place of my usual breakfast of chops, fried potatoes, etc., but got no relief until I tried Grape-Nuts food.

"After using Grape-Nuts for the cereal part of my meals for two years, I am now a well man. Grape-Nuts benefited my health far more than the \$500.00 worth of medicine I had taken before.

"My wife and children are healthier than they had been for years, and we are a very happy family, largely due to Grape-Nuts.

"We have been so much benefited by Grape-Nuts that it would be ungrateful not to acknowledge it."

Name given by Postum Co., Battle Creek, Mich. Read "The Road to Wellville," in pkgs. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

ROUTE OF THE ROOSEVELT PARTY IN AFRICA.

the ex-president's second son, Kermit, who will be the official photographer of the expedition and, next to his father, the chief hunter.

To Mombasa Via Naples.

Mr. Roosevelt will go via Gibraltar to Naples, where he will board a steamer of the German East African line for Kilindini harbor, the port of Mombasa. At the latter place the party will be joined by R. J. Cunningham, an Englishman of long experience in Africa, who has been engaged as general manager and guide.

The party will spend a short time in Mombasa and then proceed by train on the Uganda railway to Nairobi, headquarters of the administration of British East Africa Protectorate, a city of 13,514 inhabitants, of whom 579 are Europeans.

On MacMillan's Ranch.

William Northrup MacMillan, formerly of St. Louis, owns a large estate near Nairobi and his big, luxurious farmhouse will be headquarters for about six months while the hunters and scientists make trips of varying length in all directions. It is in this section that Mr. Roosevelt hopes to obtain most of his specimens, for it abounds with animals of all kinds. The smaller mammals will be trapped.

The supplies of the party are packed in tin-lined boxes. These boxes when they have been emptied will be used as packing cases for the various specimens. Many valuable natural history specimens have been spoiled by ants and other insects, it has been found from experience on other expeditions, and it is to guard against this that the tin-lined boxes are being taken along.

Caring for Specimens.

When the specimens have been prepared they will be carefully packed in the boxes and shipped to Nairobi, where they will be forwarded to the United States. One of the taxidermists will always be with Mr. Roosevelt, and as soon as any big game is shot by him it will be skinned and prepared on the spot.

Mr. Roosevelt will be greatly disappointed if he fails to kill several specimens of the white rhinoceros. This animal is the same as the square-mouthed-rhinoceros and is the nearest

to him. He has accepted an invitation to deliver the Romanes lecture at Oxford university and in all probability the honorary degree of D. C. L., which Oxford has bestowed on Emperor William, will be conferred on Mr. Roosevelt.

The versatility of Mr. Roosevelt will be shown by the fact that he will speak German in his address before the students of the University of Berlin, French in his lecture at the Sorbonne, and English in delivering the Romanes lecture at Oxford.

Pays His Own Expenses.

Mr. Roosevelt will defray the expenses of himself and his son on the African trip; but those of the scientists and the cost of preparing the specimens and shipping them to America will be paid out of a fund secured for the purpose by the Smithsonian institution.

One of the objects of Mr. Roosevelt in taking this trip is for the purpose of collecting material for writing several books regarding his experiences. During last summer he contracted with Charles Scribner's Sons, of New York, giving that firm all the rights for the serial and book-form publication of whatever he might write on his visit to Africa. It is said that the contract price agreed upon is \$1 per word, but this never has been verified.

No Slaughter of Animals.

Even if the British colonial government should offer to throw open to Mr. Roosevelt and his companions the African game preserves under its control, the ex-president will refuse to take advantage of this opportunity. Like other true sportsmen, he believes that the utmost protection should be given to wild animals on reservations and that permission to kill them should not be given or accepted under any circumstances unless, possibly, when predatory animals are becoming too numerous.

Moreover, the killing of animals for sport is not the main object of his trip. Mr. Roosevelt hopes to send back to the Smithsonian institution two adult specimens, one of each sex, and a specimen of their young, of animals he meets with on the Dark Continent. Beyond this the killing will be limited to the demands of the commissary.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product, has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the approval of physicians and the world-wide acceptance of the Well-Informed, because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States, in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

CALIFORNIA FIG SYRUP CO.

ADDRESSES: Louisville, Ky. San Francisco, Cal. U. S. A. London, England. New York, N. Y.

PLEASANT FOR DAUBER.

Sign Painter (to Dauber, A. N. A.)—Hello, bo! It's great to meet up wid one of de perfesh out here in de wilds!

Other Men's Wives.

"What a pretty party this is," she said, as she looked around the beautiful room at the pretty women sitting on the long divans against the wall. "And these are your wives? Aren't they sweet? Isn't it lovely?"

"Yes," he admitted, "but you ought to have been at our party last month when we had a lot of other fellows' wives. It was a whole lot lovelier."

Thousands of country people know that in time of sudden mishap or accident Hamlin Wizard Oil is the best substitute for the family doctor. That is why it is so often found upon the shelf.

Naturally So.

"That new play ought to have panned out well."

"Why?"

"Because it had all fresh roles."

"Brown's Bronchial Troches" give relief in Bronchial and Lung Troubles. A simple remedy. 25 cents a box. Samples sent free by John I. Brown & Son, Boston, Mass.

Adversity is a searching test of friendship, dividing the sheep from the goats with unerring accuracy; and this is a good service.—John Watson, D. D.

Lewis' Single Binder Cigar has a rich taste. Your dealer or Lewis' Factory, Peoria, Ill.

No man will become a drunkard if he knows how to make a home run.

SICK HEADACHE

Positively cured by these Little Pills.

They also relieve Distress from Dyspepsia, Indigestion and Too Hearty Eating. A perfect remedy for Dizziness, Nausea, Headaches, Bad Taste in the Mouth, Coated Tongue, Pain in the Side, TORPID LIVER. They regulate the Bowels. Purely Vegetable.

SMALL PILL. SMALL DOSE. SMALL PRICE.

Genuine Must Bear Fac-Simile Signature

REFUSE SUBSTITUTES.

This Trade-mark Eliminates All Uncertainty

in the purchase of paint materials. It is an absolute guarantee of purity and quality. For your own protection, see that it is on the side of every keg of white lead you buy.

NATIONAL LEAD COMPANY 1902 Trinity Building, New York

ONION SEED 60 cts. a lb.

Largest growers of onion and vegetable seeds in the world. Big catalog free or send 10c in stamps and receive catalog and 1000 kernels each of onions, carrots, celery, radishes, 1500 each lettuce, rutabaga, turnips, 100 parsley, 100 tomatoes, 100 melons, 1000 charming flower seeds, in all 10,000 kernels, easily worth \$1.00 of any man's money. Or, send 20c and we will add one pkg. of Earliest Peep O'Day Sweet Corn.

SALZER SEED CO., Box W, La Crosse, Wis.

DEFIANCE STARCH

for starching finest linens.

W. N. U., LINCOLN, NO. 13, 1909.

320 Acres of Wheat Land

IN WESTERN CANADA

WILL MAKE YOU RICH

Fifty bushels per acre have been grown. General average greater than in any other part of the continent. Under new regulations it is possible to secure a home stead of 160 acres free, and additional 160 acres at \$3 per acre.

The development of the country has made marvelous strides. It is a revelation, a record of conquest by settlement that is remarkable.—Extract from correspondence of a National Editor, who visited Canada in August last.

The grain crop of 1908 will net many farmers \$20.00 to \$25.00 per acre. Grain-raising, mixed farming and dairying are the principal industries. Climate is excellent; social conditions the best; railway advantages unequalled; schools, churches and markets close at hand. Land may also be purchased from railway and land companies.

For "Last Best West" pamphlets, maps and information as to how to secure lowest railway rates, apply to Superintendent of Immigration, Ottawa, Canada, or the authorized Canadian Government Agent:

W. V. BENNETT, 891 New York Life Building, Omaha, Nebraska.

PILES

"I have suffered with piles for thirty-six years. One year ago last April I began taking Cascarets for constipation. In the course of a week I noticed the piles began to disappear and at the end of six weeks they did not trouble me at all. Cascarets have done wonders for me. I am entirely cured and feel like a new man."—George Kryder, Napoleon, O.

Pleasant, Palatable, Potent, Taste Good. Do Good. Never Sicken, Weaken or Grip. 10c, 25c, 50c. Never sold in bulk. The genuine tablet stamped C. C. Guaranteed to cure or your money back.

DEFIANCE Cold Water Starch makes laundry work a pleasure. 16 oz. pkg. 10c.

DISSATISFIED? If you own OIL or MINING SHARES that you will sell for cash, write at once to MINING INVESTIGATION CO., 305 Hibernia Bldg., San Francisco, Cal.

Ask for the Baker's Cocoa bearing this trademark. Don't be misled by imitations

The genuine sold everywhere

PUTNAM FADELESS DYES

Color more goods brighter and faster colors than any other dye. One 10c package colors all fabrics. They dye in cold water better than any other dye. You can dye any garment without ripping apart. Write for free booklet—How to Dye, Bleach and Wax Colors. MONROE DYE CO., Quincy, Illinois.
