OVERING BROTHERS and CO.,
THE MONUMENT MEN,

Are durable, attractive and mechanically correct.

Red Cloud, Nebraska.

Eat What

You want of the food you need
Kodol will digest it.

You need a sufficient amount of good wholesome food and more than this you need to fully digest it.

Else you can't gain strength, nor can you strengthen your stomach if it is weak.

You must eat in order to live and maintain strength.

You must not diet, because the body requires that you eat a sufficient amount of food regularly.

But this food must be digested, and it must be digested thoroughly.

When the stomach can't do it, you must take something that will help the stomach.

The proper way to do is to eat what you want, and let Kodol digest the food.

Nothing else can do this. When the stomach is weak it needs help; you must help it by giving it rest, and Kodol will do that.

Our Guarantee

Go to your druggist today, and purchase a dollar bottle, and if you can honestly say, that you did not receive any benefits from it, after using the entire bottle, the druggist will refund your money to you without question or delay.

We will pay the druggist the price of the bottle purchased by you.

This offer applies to the large bottle only and to but one in a family.

We could not afford to make such an offer, unless we positively knew what Kodol will do for you.

It would bankrupt us.

The dollar bottle contains 2 1/2 times as much as the fifty cent bottle.

Kodol is made at the laboratories of E. C. DeWitt & Co., Chicago.

GUIDE ROCK.

Miss Bertha Bean was quite ill last week.

Mrs. E. M. Parker has been suffering with a severe sore throat.

Mrs. E. Peters serves "coffee" for the Methodist aid Thursday of this week.

At last the new cards are out for the Guide Rock Telephone Co. We are all glad.

Mrs. Colvin enjoyed a visit last week from her sister Mrs. Ed. Gauche from Western Kansas.

Quite a heavy hail storm occurred here at noon Saturday. Not much damage was done.

The W. C. T. U. gave a social Wednesday evening of last week to welcome new members.

Mrs. Richard Lambert came up from Diller Friday to visit her father Fred Watt and her sister Mrs. John Oglevie. She returned home Tuesday.

Mrs. C. Evans and Mrs. S. R. McBride of Red Cloud, sister and aunt of Mrs. J. H. Robinson, who is so very ill, were here the forepart of the week.

Mrs. C. L. Boies was taken to the Methodist Hospital at Omaha Saturday. Dr. Reed accompanied her. She underwent a successful operation.

Monday morning Mrs. Dwight Jones received a message announcing the death of her father. He was eighty-two years old and resided in Pennsylvania.

Miss Malissa Lambert who was ill three weeks went to Diller Friday to close up her year's school work. A young lady taught the last three weeks for her. Miss Lambert returned home Monday evening.

The funeral of T. C. Bean, who died in Denver where he had gone for treatment, was held at the Methodist church at eleven o'clock Sunday morning. The members of the A. O. U. W. and I. O. O. F. assembled at the depot and accompanied the remains to the church. Rev. G. W. Pool delivered the sermon. The pall bearers were Messrs. J. H. Crary, W. S. Lambert, Lew Watt, H. Britton, Geo. Watt, Alva Miner all of whom are Workmen and all but one are Odd Fellows. Mr. Bean belonged to both orders and was the Junior Past Master of Guide Rock Lodge No. 49 A. O. U. W. He leaves his wife and a grown son and daughter. He was forty-nine years old. Burial was in the Martin cemetery.

INFLAMMATORY RHEUMATISM CURED IN 3 DAYS.

Morton L. Hill, of Lebanon, Ind., says: "My wife had Inflammatory Rheumatism in every muscle and joint; her suffering was terrible and her body and face were swollen almost beyond recognition; had been in bed for six weeks and had eight physicians, but received no benefit until she tried Dr. Detchon's Relief for Rheumatism. It gave her immediate relief and she was able to walk about in three days. I am sure it saved her life." Sold by The H. E. Grice Drug Co., Red Cloud, Nebr.

Commissioner's Proceedings.

RED CLOUD, NEBR., May 25th '09. Board met pursuant to adjournment. Members present W. R. Anderson, Chairman, T. J. Chaplin, J. G. Overman, G. W. Hummel and G. Ohmstede.

Now comes C. R. Besse and complains that valuation on block 12, Kaley and Jackson's addition to Red Cloud for the year 1907, is excessive and asks that same be reduced to correspond with schedule as it was plainly an error.

Now comes E. S. Fitz complains that he should be assessed in school district No. 14. He was assessed in Dist. No. 2, and asks that he be reimbursed for the difference between the levy of 14 and No. 2.

Now comes J. E. Jarboe and complains that he should be assessed in Dist. No. 11, instead of Dist. No. 2, and asks that he be reimbursed for the difference between amount of tax on same valuation in No. 11, and that of tax levied in No. 2.

Now comes J. H. Ellinger and asks the Board of County Commissioners in and for Webster County, to change the public Highway between sections 29 and 28 in Township 2, Range 10 (same being a 66 ft road) to a 40 foot road, also the same between 29 and 30 in same section. Signed J. H. Ellinger.

Now comes Wm. Renkel and complains that Village of Inavale was erroneously assessed and asks the matter be adjusted at the next meeting of the Board of Equalization.

On motion Bond of Adolph Hartman Road Overseer of Dist. No. 7, and Bond of E. E. Burr Justice of the peace of Guide Rock precinct was approved.

On motion duly seconded and carried. It was ordered that in the matter of the taxes paid under protest, it should be taken up at the next meeting of the Board of Equalization.

In the matter of the application of J. H. Ellinger to alter the public highway by making it a 40 foot road instead of 66 foot between sections 28 and 29 and 29 and 30 Township 2, Range 10, find that by examination of the road laws that to alter a road requires a petition, and to proceed in the same manner as opening up a new road. Not being a legal procedure the same is rejected on motion duly seconded and carried.

Road case John Sutton et al., Walnut Creek precinct, came on for hearing, Bernard McNeny appearing for H. A. Aultman, after discussion the matter to some length, the chairman decided it was best to have a committee to investigate the matter, and appointed as such committee T. J. Chaplin, G. W. Hummel and G. Ohmstede, who are to report at the next regular meeting.

I, D. E. Crom of Bladen, Nebraska, hereby certify that on the first day of April 1908, I was assessed under article No. 4, all notes owned by me \$1200 on personal schedule, and I further certify that on the 1st day of March 1908, I had no notes on hand. The building which I bought in Bladen, Nebraska, I was assessed April 1st 1908, and I further certify that I had no money on hand in banks or elsewhere on April 1st 1908. Signed D. E. Crom. Subscribed and sworn to before me this 21st day of May A. D. 1909. E. W. Ross County Clerk.

On motion County Treasurer was ordered to refund tax of D. E. Crom on actual valuation of \$1200 same being notes which he did not own, and which was erroneously assessed to him for the year 1908.

In the matter of application of E. S. Fitz for refund of taxes paid in school Dist. No. 2, it was moved and seconded and duly carried that matter be postponed and referred to county attorney.

In the matter of the application of J. E. Jarboe for the refund of taxes paid in No. 2, it was moved and seconded that application be rejected as there was no grounds for complaint carried. On motion valuation of block 12, Kaley & Jackson's addition to Red Cloud for year 1907 on which taxes were levied, was reduced to \$5 to correspond with schedule for the year as same was in error.

Board adjourned sine die.
E. W. Ross County Clerk.

Corn Cultivation.

The use of a harrow permits a large amount of surface to be covered in a short time, young sprouting weeds are killed and other weed seed cultivated so it will sprout, and the more sprouting of weed seeds early, the cleaner the ground after corn is laid by. Harrowing also prevents the formation of a crust and is one of the greatest factors in retaining moisture for future growth of the plant. The amount of rainfall must be considered in the use of the harrow. During wet, cloudy periods the harrow cultivates grass and weeds in the field rather than kills them; sunshine is a great factor for good results in harrowing. The very first thing before the corn comes up, some good farmers advocate the cultivation of each row with a double shovel plow, followed with harrowing crosswise, which serves the double purpose of leveling the field and killing the weeds.

Opinions differ as to the advisability of harrowing corn after the plant shows through the ground. Some claim that it is just the proper thing to harrow until the corn is six inches tall, while others claim that a large percentage of the plants—in some cases as high as 25 per cent—is covered up or broken off by harrowing, and that it is the better way to wait until it can be cultivated. Always give the field three cultivations and if possible give it four or better still, five. Always cultivate as soon after a rain as possible so as to conserve moisture. A field well cared for usually gives double the yield gathered from one that receives but one or two cultivations.

If the field is level we would advise the use of a riding cultivator, but if hilly, it is almost necessary to use a walking cultivator. After cultivating corn all day a man is much more ambitious to do the chores when having had the benefit of riding. Never keep your team in the field more than five hours at a stretch, and not to total more than ten hours in any one day. A team working ten hours per day will walk further during the season than the team that works longer. Regularity in work is what counts in animals as well as men. When you take the horses to the barn at night, give them a good currying and rubbing down; never speak to them above an ordinary tone of voice, do not strike or abuse them, and do not keep a hired man who does. In a very short time horses will learn to treat you as you treat them. As you would have men and animals treat you, so treat them. Some have asked us to recommend some certain cultivator. We do not care to do that, but advise each and every reader to attend the next State Fair at Lincoln, Sept. 6th to 10th; where can be seen all the various kinds of farming implements shown by experts, and when you have determined the particular kind best adapted to your needs, have your home dealer order it for you.

New Restaurant.

I have opened a new restaurant and lunch room in the old Nation office. Everything new, neat and clean. Meals at all hours. We are here to please. Call on us—Will Lindley.

Free to our Subscribers.

We will be glad to have every reader of our paper take advantage of the following offer: If you will send your name and address to the Pineule Medicine Co., 389 La Salle Ave., Chicago, Ill., they will promptly mail you post paid a full week's trial of their most excellent preparation.

"Pineules." The preparation is put up in little gelatin globules, easy and pleasant to take and are truly remarkable in their quick effects on all back ache, lame back, rheumatism and all kidney and bladder affections. In writing them it will be necessary to mention this paper. Please do so. We hope any of our readers, who are suffering from any such complaints will take advantage of this offer at once, as we know the preparation is most highly recommended.
