On June 15th a mass meeting of farmers will be held at Hastings, Neb. The purpose will be to discuss the American Society of Equity's plan of controlled marketing of winter wheat and the establishment of co-operative packing plants as a means of controlling the marketing of live stock and live stock products. It is expected that farmers from all parts of Nebraska and Kansas will be present. Hon. C. O. Drayton, President of the National Union of the American Society of Equity, Mr. Thos G. Nelson, President of the National Grain Growers' Association and Mr. J. C. Davis, National Lecturer of the Society of Equity will be present and take part in the program. It is also likely that Governor Shallenberger and Ex-Congressman Pollard will be present and deliver addresses.

On June 19th delegates representing the membership of the Society who have already pledged their grain this year will meet in executive session for the purpose of determining how, when, where, for what price, etc., the grain in the pool shall be sold. Only those who have pledged grain will have a voice in or be admitted to this meeting.

This is one of a series of one hundred mass meetings called under the auspices of the American Society of Equity in the agricultural states of the union for the same purpose, and will no doubt be of considerable importance to the farmers of Nebraska and Kansas.

DOCTOR SHOTS A LAWYER.
Intoxication Believed to be Responsible for an Oklahoma Tragedy.
HUGO, OKLA., June 5th.—Attorney H. B. Kinsel of Antlers was shot and fatally wounded at that place this afternoon by Dr. H. C. Johnson. Two shots were fired from the doctor's revolver, both taking effect in the stomach, near the heart. Doctor Johnson had been intoxicated for several days and the minister was trying to persuade him to quit drinking. They met in a stairway leading to the doctor's office, the minister coming down. The men had been good friends for years. Johnson was placed in jail.—Star.

Homer B. Kinsel was the son of John Kinsel and wife of this city. He spent the greater part of his boyhood here removing to Oklahoma City several years ago where he built up a very successful law practice.

The news of the fatality was quite a shock to his parents and sisters here. The deceased was 33 years old at the time of his untimely death and leaves a wife, a son 5 1/2 years old and a baby daughter. The Chief extends condolence in their sad hour of bereavement.

While The State Journal has been one of the leading papers of the state for nearly forty years, yet its most rapid growth has been recently, during which time it has come to be recognized by many as Nebraska's greatest paper, making most of those things that interest Nebraskans most, in this way creating a place for itself in the daily life of thousands of Nebraska homes. The country press generally could be quoted as saying that the editorial page of The Journal is exceptionally strong and fearlessly independent. It is also unusually bright, Bixby himself being a gem. No writer in Nebraska ever had the warm admiration of so many people as Bixby. His column in The Journal is alone worth the price of the paper. His wholesome philosophy will put sunshine and cheer into the most chronic grouch. The state university, the state house and all the other public institutions at Lincoln make The Journal peculiarly a paper for state people. It is clean, excluding all liquor and impure medical advertising. Its sporting department is clever and there with the goods. More money is spent for state telegraphic news than by other state dailies. If you want to know what is happening in Nebraska, as well as the whole world, The Lincoln Journal is the paper for you. Why not give it this trial subscription?
