

**When You go for an Outing
Away from Mental and Physical Cares
Your Eyes Work On**

The New Health-Ray glasses are especially recommended for outdoor sport and recreation.

No trying light annoyance for the wearers of the HEALTH-RAY, because they give the eye Quality Light—light in right proportions as Nature intended.

But ten per cent. of natural health light reaches the eye through the present eye-glass lenses you wear.

All the health-giving part is absorbed by the glass and few of any but the heat rays reach the delicate retina of the eye.

HEALTH-RAY LENSES rest and protect, give health and vigor, transmit the filtered health rays, and through this avenue create rich red blood for the entire system.

Health-Rays Give Easy, Comfortable Vision

No straining or striving to see as others see—no dread of the bright sun—no eye "break-downs".

If you want the genuine, look for the above trade mark on each Lens.

Taxis Graime

an ideal hair tonic—Taxis Sapogen, a perfect shampoo and Taxis Bay Rum a combination, which if faithfully used, will produce a clean, healthy condition of the hair and scalp.

Thin, dry, brittle or falling hair means there is some cause for such an unhealthy condition and that it should be attended to at once. The reason for scanty hair is because all the root shaft are not doing their duty and the reason for falling hair is because the scalp is in an unhealthy condition.

To correct these evils is a very simple matter. To make all the root shafts do their duty use Graime. To get the scalp in a healthy condition, shampoo the head with Sapogen, a perfumed green oil soap. Bay Rum is an ideal hair dressing after the shampoo.

IT IS NOT A SAVING POLICY to go without insurance. The risk assumed is too great for the small premium you keep in your pocket. Figure out how many years you would have to be free from any fire in order to save the value of your house and contents. Then consider that you may have a fire this very night. The cost of even a little blaze will be more than the premium of
