Then consider that you may have a fire this very night. The cost of even a little blaze will be more than the premium of

Where school boards have not already granted their teachers the 30 days on regular pay, the superintendent of the town and city school, and the teacher of the county school, should place the matter before the board and give positive assurance that the time asked will be devoted to improving the work of the school.

If necessary dismiss school and make up the time later.

Big Family in Iceland.
The queen of Denmark once paid a visit to the Danish colony of Iceland, where the good old bishop exerted himself to the utmost to show her everything that was worth seeing. The queen paid many compliments to her host, and having learned that he was a family man, inquired how many children he had. It happened that the Danish word for "children" is almost identical in sound with the Icelandic word for "sheep," and the worthy bishop promptly answered: "Two hundred." "Two hundred children!" cried the queen. "How can you maintain such a number?" "Easily enough, please your majesty," replied the prelate, with a cheerful smile. "In the summer I turn them out upon the hill to grass, and when the winter comes I kill and eat them."

Two Smokers.
"I had a big surprise today," said a bellboy in a Denver hotel. "This morning I was called to a woman's room to bring her some writin' paper, when I handed it to her she slipped me a dime."

"It's for cigarettes," she says. "Much obliged, I says, droppin' the coin in my pocket. 'I'll spend it for cigars; I don't smoke cigarettes.'"

"Well, I don't care what you smoke," she says. "Those cigarettes are for me."

"An' I got 'em for her, too."

That Lame Back Means Kidney Disease

And to Relieve the Lame and Aching Back, You Must First Relieve the Kidneys

There is no question about that at all—the lame and aching back is caused by a diseased condition of the kidneys and bladder. It is only common sense, any way—that you must cure a condition by removing the cause of the condition. And lame and aching back are not by any means the only symptoms of derangement of the kidneys and bladder. There are a multitude of well-known and unmistakable indications of a more or less dangerous condition. Some of these are, for instance: Extreme and unnatural lassitude and weariness, nervous irritability, heart irregularity, "nerves on edge," sleeplessness and inability to secure rest, scalding sensation and sediment in the urine, inflammation of the bladder and passages, etc.

DeWitt's Kidney and Bladder Pills are an exceptionally meritorious remedy for any and all affections or diseased conditions of these organs. These Pills operate directly and promptly—and their beneficial results are at once felt.
