**That Lame Back Means Kidney Disease**

And to Relieve the Lame and Aching Back, You Must First Relieve the Kidneys

There is no question about that at all—for the lame and aching back is caused by a diseased condition of the kidneys and bladder. It is only common sense, any way—that you must cure a condition by removing the cause of the condition. And lame and aching back are not by any means the only symptoms of derangement of the kidneys and bladder. There are a multitude of well-known and unmistakable indications of a more or less dangerous condition. Some of these are, for instance, Extreme and unaccountable lassitude and weariness, nervous irritability, heart irregularity, "nerves on edge," sleeplessness and inability to secure rest, burning sensation and sediment in the urine, inflammation of the bladder and passages, etc.

DeWitt's Kidney and Bladder Pills are an essentially meritorious remedy for any and all affections or diseased conditions of these organs. These Pills operate directly and promptly—and their beneficial results are at once felt. They regulate, purify, and effectually heal and restore the kidneys, bladder and liver, to perfect and healthy condition—even in some of the most advanced cases.

DeWitt & Co., Chicago, Ill. want every man and woman who have the least suspicion that they are afflicted with kidney and bladder diseases to at once write them, and a trial box of these Pills will be sent free by return mail postpaid.

**AFTER TWO YEARS A TRUE STORY**

Chapter I Scene Southern California; Time 1907.

Taken from Musical Courier Extra, Aug. 17, 1907

**Chickering Vs. Chickering**

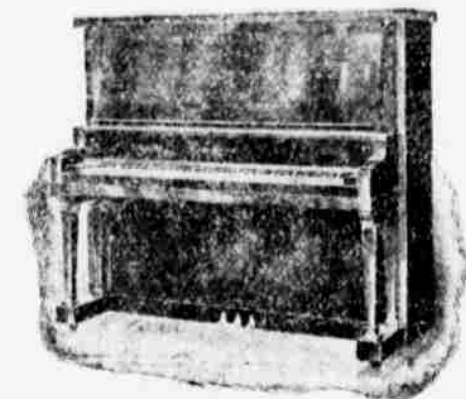

The advertisement complained of is that of the representatives of Chickering Bros., Thearle & Co., and in text is as follows:

BABY GRAND

... We find you have with you the Boston product of August 2, wherein appears on the first page advertisement of a San Diego house offering Chickering Bros. pianos. If you think it is well to reply in your paper to such remarks as this, we certainly will be obliged to you, because there probably are others in the trade who have not seen such competition. We would appreciate your comments on same. Yours very truly,

SOUTHERN CALIFORNIA MUSIC COMPANY, P.O. Box 100, Los Angeles, Cal.

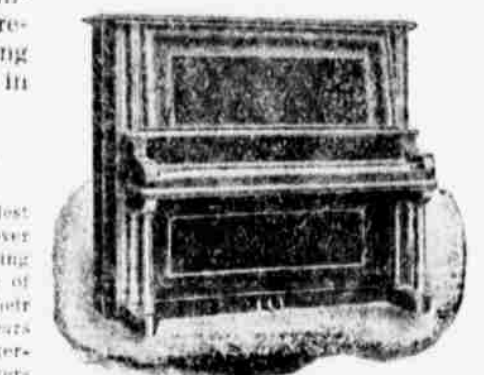

STYLE 10

The advertisement complained of is that of the representatives of Chickering Bros., Thearle & Co., and in text is as follows:

**CHICKERING BROS. PIANOS.**

Piano buyers should beware lest they buy simply a name, and discover when too late that they have nothing else. The Chickering Brothers of today have made piano making their life work, having spent many years in training under C. Frank Chickering, one of the greatest piano makers of his time, and the wonderful tone qualities of Chickering Brothers pianos show the master hand. This art product of the Chickering Brothers must not be confused with the present-day product of the old Chickering factory of Boston, which, as is commonly known, passed out of the hands of the Chickering family many years ago, although still operating under the old name secured by purchase.

STYLE 20

The pianos themselves tell the story. Ask them. We are sole agents for the piano made by the Chickering Brothers. THEARLE & COMPANY, One Price House, 1025-1030 5th St.

STYLE 30

The second paragraph is somewhat misleading, and it infers that both the Chickering Brothers were under the direct tutelage of C. Frank Chickering, which is not correct. Yet it is a fact that Clifford Chickering did receive his training as a scale drawer from C. Frank Chickering, while P. W. Chickering remained in the factory at Boston, Clifford Chickering being with C. Frank Chickering during the scale drawing instructions in New York. So there is not much in the way of misstatements in that paragraph.

As to the request that there should be no confusion as to the products of the Chicago and Boston factories, that but carries out the instructions of the court, and the Chickering Bros. state this in no uncertain terms on their pianos.

As to the old Chickering business in Boston, passing out of the Chickering family, there can be no dispute as to that, and there is where the complaint of the Southern California Music Company falls flat—in so far as the telling of the truth is concerned.

There is a difference in the pianos of the two Chickering—a big difference. All that is necessary is for one to try the two makes, and that is soon apparent.

THE MUSICAL COURIER EXTRA would like to help the Southern California Music House out of its dilemma as to which is the better piano, but probably the two houses can be induced to make a public demonstration as to the relative merits of the two makes.

**Chapter II Scene, Southern California; Time 1909. (Taken from "The Presto" of October 14, 1909. "Coast Agencies of Chickering Bros.")**

Chickering Bros., of Chicago, have just made an important connection with the Van Zandt Piano Company of Los Angeles, Calif., to sell the Chickering Bros. instruments in that city and vicinity. Mr. Van Zandt and his partner, Mr. George, have just opened a fine piano store at 720 Broadway, Los Angeles, and here the goods will be handled. Mr. Van Zandt was formerly of the firm of Van Zandt and Chamberlain at Salt Lake City, Utah, and later Vice President of THE SOUTHERN CALIFORNIA MUSIC COMPANY AT LOS ANGELES. His present firm intends to make the Chickering Bros. piano exclusively its high class leader.

Mr. George of the firm accompanied the Chickering Bros' traveller, Mr. Eoleus, 200 miles south from Los Angeles to San Diego to see the Chickering Bros' pianos on the floor of Thearle's Store. He examined them thoroughly and was so impressed with their merits that he immediately gave a large order for an immediate shipment of the pianos and other shipments to follow.

Chickering Bros now have good command of the coast trade. Benj. Carraz has the San Francisco agency, the Graves Music Co. has Portland and vicinity, and the Chie Music has Seattle and vicinity.

**MORAL:**

Do not confuse the artistic piano made by Chickering Bros., with the present day Boston "Chickering." Do like Mr. Van Zandt. INVESTIGATE and decide upon the piano that is now being manufactured BY LIVING CHICKERINGS. The Chickering Bros. new "Capacoustic" upright baby grand is creating a sensation in the piano world, and is truly a marvel of artistic piano quality.

You can see a sample of this Piano at the store of G. V. ARGABRIGHT, Factory Agent, Red Cloud, Nebraska
