

TRUTHFUL ADVERTISING THE BASIS OF SUCCESS.

COLUMBUS, OHIO.—The active ingredients entering the most popular household remedy in the world have been made known to the public. This means a new era in the advertising of popular family medicines—Peruna leads.

Peruna contains among other things, golden seal, powerful in its effect upon the mucous membranes. Cedron seed, a rare medicine and unsurpassed tonic. THE CITY ELECTIONS

HOW THE BALLOTS WERE CAST IN THE VARIOUS MUNICIPALITIES VOTED.

TAMMANY WON IN NEW YORK

Gaynor Elected Mayor by 75,000 Plurality Over Barnard—Hearst Was a Poor Third—The Result in Other Cities.

New York, Nov. 3.—William J. Gaynor has been elected mayor of New York by a plurality approximately 75,000. The indications at midnight were that he will be alone in his political glory in the board of estimate and apportionment, which spends the city's money.

Hearst ran a poor third. Estimates from 300 election districts put him 32,000 behind Barnard, who in turn was 39,365 behind Gaynor.

In the next four years New York city will spend approximately \$1,000,000,000. That money will be spent under the direction and by the votes of a board made up of the Tammany mayor, a Republican and fusion president of the board of aldermen, a Republican and fusion comptroller, possibly a Republican and fusion president of the borough of Manhattan, possibly the Republican and fusion presidents of the boroughs of Brooklyn, the Bronx and Queens and possibly a Republican and fusion president of the borough of Richmond.

There are 16 votes in the board of estimates and apportionment. Of these the mayor has three, the president of the board of aldermen three, the comptroller three, and the presidents of the boroughs of Manhattan and Brooklyn two each. The presidents of the boroughs of the Bronx, Queens and Richmond have one each. It will be seen, therefore, that the vast sum of money to be spent by the city in the next four years will not be under the control of Tammany Hall.

William J. Gaynor, who now becomes mayor of Greater New York, was elected on the strength of his personal record as a jurist and his stand for personal liberty and a liberal Sunday. Although the Tammany candidate, he said throughout the campaign that no boss shall dictate to him. One of his favorite remarks was that if there was to be any swallowing between him and the tiger, he would ultimately be found on the outside.

Cleveland, O., Nov. 3.—Tom L. Johnson, four times mayor of Cleveland, was defeated for a fifth term by Herman C. Baehr, Republican county recorder. Unofficial returns from approximately half the city indicated that Baehr's plurality over Johnson is at least 4,000 and may run to 6,000.

With him probably went the bulk of the Democratic ticket, those councilmen who have been conscious in their support of his street railway programs suffering most. The Republicans, however, during the last campaign have taken over a number of Johnson's policies, especially regarding the street railway question.

Mayor Johnson opened his campaign with a declaration that the street railway question is settled. He said taxation was the issue. The Republican orators attacked the pending street railway settlement as a fraud and the mayor as insincere. Republicans hoisted at Democratic taxation talk until Mayor Johnson made his charge of a Baehr deal to defeat real estate appraisers, recommended by the real estate board. Republican defense against the charge of a deal was a "shorter and uglier word."

Herman Baehr, the first Republican to be elected mayor of Cleveland in ten years, said that his election was due to dissatisfaction of the people with the methods of handling city business.

The mayor, in conceding his defeat, announced that he will be a candidate for mayor two years hence. Rumors that he would remove to New York were denied by his friends, but Johnson did not comment on them.

Topeka, Nov. 3.—Topeka adopted the commission form of city government by a majority of 476. The actual and 2,146 against it. Less than one and 2,146 against it. Less than one-half the normal vote of the city was cast. Even in the off years of city elections a larger vote was polled than in the election yesterday. The normal vote strength of Topeka is a little more than 11,000. The highest registration known was a little in excess of 13,000. Nearly 8,000 people were registered for this election and only two-thirds of these voted.

The sections of the city where the laboring men and the negroes lived hit the new plan of municipal government pretty hard. All of these precincts show a majority against the plan. In the better residence wards the vote was 5 to 1 in favor of the new rule. Practically all of the women who take an interest in city affairs were

opposed to the adoption of the commission government. Some of them worked actively against it. They were afraid that the new plan might mean the making of Topeka into a wide open town again, with saloons and gambling running under the protection of city officials.

The new order of things will not become effective until the city elections next April.

Philadelphia, Nov. 3.—Philadelphia re-elected Samuel P. Rotan, Republican candidate for district attorney by a large majority. His opponent was D. Clarence Glibhoney, long a leader of the reform element and widely known by his connection with the Law and Order society. Rotan's majority was more than 45,000. The vote was the largest in the city's history.

On the state ticket the Republicans elected J. A. Stober, state treasurer; A. F. Sisson, auditor general, and Robert von Moschlesker, judge of the supreme court. Two years ago John O. Sheatz, Republican, was elected state treasurer by 146,224 plurality.

Omaha, Nov. 3.—Incomplete returns were in from the outgoing precincts to form an estimate of the result of the election, so far as it concerned the state ticket, but almost total returns in Douglas and Lancaster counties, Omaha and Lincoln respectively indicated that the Republicans had elected their entire county tickets in these counties.

In Douglas county several Democratic county officials who stood for reelection were defeated and the Republicans of Lancaster county increased their majorities of two years ago.

Toledo, O., Nov. 3.—Brand Whitlock, author and political successor of the late "Golden Rule" Mayor, Samuel M. Jones, was elected mayor for a third time. Practically the entire independent ticket was elected with him, including the council. Fairly complete returns show that Whitlock's plurality over David T. Davis, Republican, is approximately 4,000, compared with 6,500 two years ago. Mayor Whitlock's platform was a three-cent street car fare.

Trenton, N. J., Nov. 3.—The returns thus far indicate that the Republicans will retain control of both branches of the legislature. In Jersey City Mayor Wittmann, Democrat, has been re-elected by a large majority. The Democrats have elected a mayor in Bayonne for the first time in 13 years. The Democrats carried Trenton by a large majority, re-electing Mayor Walter Madden.

San Francisco, Nov. 2.—The San Francisco Call, which has supported Crocker and Heney, estimates on the basis of scattered returns that McCarthy, Union Labor candidate for mayor, will be elected by about 10,000 plurality and that either Republican and Union Labor, will defeat Francis J. Heney for district attorney by about 15,000.

Boston, Nov. 3.—The Republicans carried Massachusetts in a state election by the narrowest margin in nearly a quarter of a century. The party ticket was re-elected, but Gov. Draper's plurality of 60,000 last year was cut 8,000, while that of Lieut. Gov. Louis A. Frothingham, which was 96,000 in 1908, was reduced to 7,000 votes.

Providence, R. I., Nov. 3.—Vote for governor in 90 out of 162 election precincts gave Gov. Pothier, Republican, 19,912; Arnold Democrat, 11,835. Last year these districts gave Pothier 21,116 and Arnold 14,302. It was estimated that Pothier's plurality would be over 7,000.

Louisville, Nov. 3.—Reports from the legislative elections held in Kentucky show that the Democrats with party harmony will be able to pass any measure they desire over the veto of A. E. Wilson, the Republican governor.

Salt Lake City, Nov. 3.—On the issues of Mormon church domination in municipal politics, the American, or anti-church party, was returned to power here by a clear majority over the Republican and fusion candidates.

A WOMAN WANTS A RAILROAD

If No One Else Will Build It Miss Frances Storrs Will Do So Herself.

Chicago, Nov. 3.—Miss Frances Storrs of Dimmitt, Tex., is going to build a railroad if she cannot find anyone else to do it. She called on President Ripley to see if the Atchison, Topeka & Santa Fe would operate a line 65 miles long and connecting with its line in Lovett county, provided she would build it. Eventually, she means to have the road extended to the Gulf if the Atchison, Topeka & Santa Fe does not extend its lines from the Panhandle to the Gulf. Years ago, Miss Storrs bought a dozen or two sections of Panhandle land at 50 cents an acre, and now she desires to get her farm products to market.

Look For That

Made Sure Pair Was There.

A through train stopped a few moments at a small station the other day. A passenger got off to walk around a little. As the train began to move again the passenger jumped aboard, but just then he discovered that he had but one overshoe. Thinking that he had dropped the other somewhere on the platform, and as the train was going too fast for him to jump off and recover it, he pulled off the remaining shoe and threw it on the platform, exclaiming: "There, that makes a good pair of overshoes for somebody." Entering the car, he proceeded to his seat. There, to his great astonishment, was his overshoe. A look of intense disgust came over his face, but he did not hesitate. Quickly picking up the lone article, he hurried to the platform, threw the shoe as far as he could back toward the other one, and shouted: "By jimminy, there is a pair of overshoes for somebody!"

A broad-minded dominie, whose parish was near the headwaters of the Susquehanna, had among his parishioners a character who was more punctual at the fishing-hole down the river than he was at the church on Sundays. Bright and early one Monday morning this Sabbath fisherman called the preacher to the door and presented him with a very fine and tempting string of pickerel. The dominie was very profuse with his thanks for a gift that was indeed welcome.

SOME HARD KNOCKS

Woman Gets Rid of "Coffee Heart."

The injurious action of coffee on the heart of many persons is well known by physicians to be caused by caffeine. This is the drug found by chemists in coffee and tea.

A woman suffered a long time with severe heart trouble and finally her doctor told her she must give up coffee, as that was the principal cause of the trouble. She writes:

"My heart was so weak it could not do its work properly. My husband would sometimes have to carry me from the table, and it would seem that I would never breathe again.

"The doctor told me that coffee was causing the weakness of my heart. He said I must stop it, but it seemed I could not give it up until I was down in bed with nervous prostration.

"For eleven weeks I lay there and suffered. Finally Husband brought home some Postum and I quit coffee and started new and right. Slowly I got well. Now I do not have any headaches, nor those spells with weak heart. We know it is Postum that helped me. The Dr. said the other day, 'I never thought you would be what you are.' I used to weigh 92 pounds and now I weigh 158.

"Postum has done much for me and I would not go back to coffee again for any money, for I believe it would kill me if I kept at it. Postum must be well boiled according to directions on pkg., then it has a rich flavour and with cream is fine."

Itching Torture Was Beyond Words—Slept Only from Sheer Exhaustion—Relieved in 24 Hours and Cured by Cuticura in a Month.

"I am seventy-seven years old, and some years ago I was taken with eczema from head to foot. I was sick for six months and what I suffered tongue could not tell. I could not sleep day or night because of that dreadful itching; when I did sleep it was from sheer exhaustion. I was one mass of irritation; it was even in my scalp. The doctor's medicine seemed to make me worse and I was almost out of my mind. I got a set of the Cuticura Soap, Ointment and Regolvent. I used them persistently for twenty-four hours. That night I slept like an infant, the first solid night's sleep I had had for six months. In a month I was cured. W. Harrison Smith, Mt. Kisco, N. Y., Feb. 3, 1908." Potter Drug & Chem. Sne Could Not.

"With one wave of my wand," says the fairy, "I can make you grow young again."

"Excuse me," replied the woman, "if I decline your kind offer. If you can bring youth to me at my present age, all right; but I positively refuse to travel back through pyrography, the first stages of bridge, the habit back, the straight front, balloon sleeves, and all the rest of the fads I can remember."

Refuted.

"Just think of it! One person in every 37 in England is a pauper!"

"Why, John," she returned, "it isn't so. I met more than 37 people in London last summer, and there wasn't a pauper in the lot!"
