

# AFTER FOUR YEARS OF MISERY

Cured by Lydia E. Pinkham's Vegetable Compound

Baltimore, Md.—"For four years my life was a misery to me. I suffered from irregularity, terrible dragging, nervousness, extreme nervousness, and that all gone feeling in my stomach. I had given up hope of ever being well when I began to take Lydia E. Pinkham's Vegetable Compound. Then I felt as though new life had been given me, and I am recommending it to all my friends."—Mrs. W. S. Ford, 2207 W. Franklin St., Baltimore, Md.

The most successful remedy in this country for the cure of all forms of female complaints is Lydia E. Pinkham's Vegetable Compound. It has stood the test of years and to-day is more widely and successfully used than any other female remedy. It has cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, and nervous prostration, after all other means had failed.

If you are suffering from any of these ailments, don't give up hope until you have given Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice write to Mrs. Pinkham, Lynn, Mass., for it. She has guided thousands to health, free of charge.

## THE JOYS OF OTHER DAYS

Wright's Memory Goes Back to Delights of Which the Present Generation Know Little.

We cheerfully admit that the furnace and the hard coal base burner add a whole lot to modern comfort, but after all they have their drawbacks. For instance, you can't very well pop corn in either a furnace or a base burner. It took those old-fashioned stoves, in which we used to burn a two-foot length of hickory wood, for that sort of thing. When the wood had burned down to glowing coals, we'd open the front door, rake the coals down in front and proceed to pop corn. When we get rich we are going to have one of those old-fashioned stoves put up in our room, with a lot of two-foot seasoned hickory in the basement, and every now and then we are going to start a fire in that stove, get a good bed of coals, and then pop a dishpan full of corn, just as a reminder of old days. Of course, we'll eat the popcorn, not as a reminder of old days, but because we are awfully fond of popcorn.—Will M.

**Meaning of Cemetery.**  
It is not correct to say that "cemetery" means the "city of the dead." The word is from the Greek "Koimeterion," meaning sleeping place, not the place of the dead. There is nothing in the thinking that it was originally intended to convey the idea that the departed were really dead any more than there is in the old Hebrew term for living—"Bethaim"—the house of the living.

**Taking No Risk.**  
Boy—Gimme that cigar, doctor?  
Doctor—No, sonny, it would make you ill and your father owes me a bill now.

**SHE QUIT**  
But it Was a Hard Pull.

It is hard to believe that coffee will put a person in such a condition as it did an Ohio woman. She tells her own story:

"I did not believe coffee caused my trouble, and frequently said I liked it so well I would not, and a miser not quit drinking it, but I was a considerable sufferer from heart trouble and nervous prostration for four years.

"I was scarcely able to be around, had no energy and did not care for anything. Was emaciated and had a constant pain around my heart until I thought I could not endure it. For months I never went to bed excepting to get up in the morning. I felt as though I was liable to die any time.

"Frequently I had nervous chills and the least excitement would drive sleep away, and any little noise would upset me terribly. I was gradually getting worse until finally one time it came over me and I asked myself what's the use of being sick all the time and buying medicine so that I could indulge myself in coffee?

"So I thought I would see if I could quit drinking coffee and get some Postum to help me quit. I made it strictly according to directions and I want to tell you, that change was the greatest step in my life. It was easy to quit coffee because I had the Postum, which I now like better than the old coffee.

"One by one the old troubles left, until now I am in splendid health, nerves steady, heart all right and the pain all gone. Never have any more nervous chills, don't take any medicine, can do all my housework, and have done a great deal besides."

Read "The Road to Wellville," in pkgs. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

## NEBRASKA NEWS AND NOTES.

**Items of Interest Taken From Here and There Over the State.**  
A paving campaign is to be inaugurated in Kearney.  
Mrs. Cleveland, who died at Lyons last week was 99 years old.  
Mrs. Elizabeth Jackson of Beatrice last week celebrated her 93rd birthday.

Odd Fellows of Nebraska City are arranging a rally and class initiation March 1.

February 12 was observed by the Bartlett state bank by a big reception and "feed" in observance of the fourth anniversary of the institution.

Floyd Saxon, a young farmer east of Union, Cass county, had his left and badly mutilated by the bursting of a wood saw.

Some disease much resembling pinkeye is affecting the whole herd of horses belonging to Mr. McCartney, a farmer near Lyons and there is apprehension that it may spread.

A great many farmers in Johnson county are holding public sales and will move to South Dakota, Scotts Bluff county and other sections. Land is too high priced in that section of the state to make it profitable to rent and farm.

Hides valued at \$1,000 were stolen from the fur house of W. R. Adams in Fremont by thieves who broke into the building, by taking out a window pane. Most of the hides stolen were in packages. It is believed the goods were taken out of town.

The remains of Miss Maria Hoover, who died in New York City, were taken to the old home at Brownsville for burial. Miss Hoover was one of the leading members of a choir in one of the leading churches in New York City at the time of her death.

Engineer George Humberger of the Burlington, was severely scalded by steam near Lawrence, Kas. The engine had jumped the track, and it was while working under his engine that an exhaust was turned on accidentally striking him on the head and neck.

Clarence Edwards, aged about 26 years, was arrested at Benkelman for alleged assault on two little children, one his niece, aged 7 years, and the other a step-niece, aged 6 years. He will be tried at the next term of court. Meantime he is admitted to bail on a \$6,000 bond.

Many farmers in Buffalo county are now busy picking the last year's crop of corn, which they were unable to do earlier on account of the heavy snows. Some fields will scarcely be husked before the stalk-cutting is put at work clearing the ground for the crop expected in 1910.

The matter of arranging for the Northeast Nebraska G. A. R. reunion was taken up by a mass meeting of the business men of Lynch. It was decided to leave nothing undone that will insure a great success of the day as far as Lynch is concerned. The reunion will take place in August.

The Woman's Institute association is the name of the new woman's organization in Laurel, which starts out with fifty members. It is an offshoot of the Farmer's institutes for men and at its monthly meetings papers will be read and discussion had upon topics of interest to the home-maker.

Evansville (Ind.) dispatch: Rev. H. D. Helwig of Fremont, Neb., who, under the name of H. J. Smith is charged with uttering a forged check for \$50, has made confession of his guilt and will be sentenced before the close of the week. Strong influences are being brought to secure a suspended sentence.

Joseph Jensen of Kearney suffered a severe injury in Lawrence when his horse became frightened at an automobile and made a sudden bolt which threw Jensen and two lady occupants out of the carriage. The ladies were not hurt, but Jensen suffered bad scalp wounds. He was unconscious for several hours.

That the corn which has remained in the fields all winter was damaged more than was thought is proved by some of the lately gathered grain that is being brought to the grain buyers in Beatrice. Recently a load was brought in that was saturated with water, the ears containing so much moisture, that they could be bent easily.

John Head, a farm hand who was almost dismembered a few months ago when he fell through a county bridge, along with a threshing machine, has filed a claim for damages with the county board of Dodge county. Head did not state the amount he wanted, but indicated he would be satisfied to leave it for the supervisors to determine.

The experiment station of the state university has designated the eighty-acre tract owned by David D. Reavis of Falls City and situated on the Nemaha bottom, subject to overflow in the past, through which the new lateral drainage ditch has been constructed for a tile experiment, to test the value of that class of drainage on low bottom lands in that part of the state.

Prominent citizens in Bennet, Dunbar, Talmage and Brock have received communications from T. P. Kennard, a promoter, asking what they think about the establishment of an interurban line from Lincoln to Auburn via Cheney.

J. W. Knowles & Son, living one mile north of Craig, held a farm and thoroughbred hog sale, everything bringing good price. Twenty-two head of Poland China sows averaged \$75.43, the top price being \$130, paid by Lute McDonald of near this place. Forty-four head of pigs averaged \$14.95.

# We Will Pay You \$500 in Gold To Name Our New Corn

Shakespeare says there is nothing in a name, but John A. Salzer says A GOOD NAME IS WORTH A FORTUNE. He backs up his statement by offering you \$500.00 in gold to name his wonderful, long-kerneled corn, pictured in life size at the left on this page.

A prominent Agricultural Expert, on seeing this new corn, exclaimed:  
"Salzer, you have started the Agricultural World in discovering this most remarkable breed of corn!"

Indeed, it is the most remarkable corn ever seen by mortal eye.  
But not a bushel of it is for sale. For there is not one-tenth enough in existence to fill the tremendous orders that will pour in when this new corn goes on the market.  
Next year we may have enough to sell. Right now the best anybody can do is to obtain a sample package—enough to grow 1/2 bushel of seed for 1911. You are mighty welcome to a sample. Please send 8c in stamps to pay mailing charges.

The thing that puzzles us is, WHAT ARE WE GOING TO NAME OUR NAMELESS CORN?  
Mr. Salzer will not be content with anything but a smashing, smashing good name. So he offers \$500 in gold to the seed-buyer who hits upon the most suitable name.

We want you, reader, to help us out. Name this corn, won't you? It does not cost a penny to use the corn-naming coupon below. Fill it out, send it to-night and be a candidate for the \$500 cash prize!

## THE JUDGES

We are fortunate in securing three of the most capable and prominent men in Wisconsin to sit as Judges in our big corn-naming contest. They are Prof. R. A. Moore, Wisconsin State Agricultural College; Hon. J. J. Eseh, Congressman from Wisconsin; Hon. Robt. Calvert, U. S. Customs, La Crosse.

These eminent men will weigh carefully the name you suggest, and if it is most suitable, you will get the \$500 prize. No matter who you are or where you live, you will be given a fair, square opportunity to land the money.

Fill out the free corn-naming coupon with pencil or pen as you please, but be sure to give your complete home address.

## Salzer's Catalogue

It's the most original seed book published, and is gladly mailed to intending purchasers free, or remit 10c and get lots of remarkable farm seed samples, including Billion \$ Grass, Alfalfa, Speltz, etc., worth a little farm to get a start with, or send 18c and we add a package of Nameless Corn.

## BILLION \$ GRASS

Positively the greatest grass of the century. Sown when the ground is thoroughly warm, it will produce from two to four crops of hay the first season, yielding all the way from 10 to 15 tons per acre. It is prodigiously prolific.

It requires 20 lbs. seed per acre.

Price: Salzer's Superior, 20 lbs., \$1.75; 50 lbs., \$3.00; 100 lbs., \$5.50.  
Salzer's 20th Century, 20 lbs., \$2.25; 50 lbs., \$3.50; 100 lbs., \$6.50.

We commend our 20th Century strain as the purest, we believe, on earth.

## ALFALFA

Pronounced Absolutely Pure, No Weeds.

Largest growers of Clover, Timothy and Grasses, Oats, Barley and Potatoes in Wisconsin.

EX-GOV. BOARD OF WISCONSIN, from 30 acres sown to Salzer's 20th Century Alfalfa, harvested within 24 weeks after seeding \$2500 worth of magnificent hay, or at the rate of \$83.33 per acre.

Salzer's Alfalfa Clover will produce a crop on any farm in America where timothy will grow. It is famed for its stubborn hardiness and prodigious vigor.

Price, 20th Century (Pure Seed)—sow 20 lbs. per A.—20 lbs., \$4.90; 100 lbs., \$22.00.

## POTATOES

100,000 Bus. Pedigree Seed Potatoes.

Largest Growers Seed Potatoes in America, yielding from 150 to 600 bushels per acre for each and every acre you plant. Price range from \$2.00 to \$4.00 per barrel.

No other Seed House has kept in such close touch with State Agricultural Colleges as the John A. Salzer Seed Co. This great Seed House specializes in the pedigreed varieties of seed that are brought forth by State Colleges of Wisconsin, Iowa, Minnesota, the Dakotas and all other Agricultural Colleges in the Middle West.

THE BEST MEDICINE FOR COUGHS AND COLDS

It will instantly relieve that racking cough. Taken promptly it will often prevent Asthma, Bronchitis and serious throat and lung troubles. Guaranteed safe and very palatable.

All Druggists, 25 cents.

**WESTERN CANADA**

Senator Dolliver, of Iowa, says: "The stream of emigrants from the United States to Canada will continue."

Senator Dolliver recently paid a visit to Western Canada, and says: "There is a land hunger in the hearts of English-speaking people; this will account for the removal of so many Iowa farmers to Canada. Our people are pleased with its Government and the excellent administration of law, and they are coming to you in tens of thousands, and they are all coming here."

Low cost (abouted) large lots to the 70,000 American farmers who made Canada their home during 1909. Field crop returns alone during year added to the wealth of the country upwards of \$170,000,000.00

Grain growing, mixed farming, cattle raising and dairying are all profitable. Free Homesteads of 160 acres are to be had in the very best districts. 160 acre pre-emption at \$3.00 per acre within certain areas. Schools and churches in every settlement, climate unexcelled, soil the richest, wood, water and building material plentiful. For particulars as to location, settlers' routes and descriptive illustrated pamphlet, last best West, and other information, write to Dept. of Immigration, Ottawa, Canada, to Canadian Government Agent.

W. V. BENNETT  
Room 4 Bee Bldg. Omaha, Neb.  
(Use address nearest you.) (9)
