For Catarrh

Medicine Free in Every Case Where It Fails to Relieve

Neglect or pessimism, we believe, is the greatest enemy the public has to contend with when applied to the loss or recovery of health. Practically every case of consumption might have been cured if hope had been maintained and proper treatment had been resorted to at the first symptom of the disease. Until the advanced stage is reached consumption is curable. Catarrh is responsible, we believe, for many cases of consumption. It is about catarrh we want to talk to you today, incidentally consumption, since the two are so closely allied.

We have a medicine made from a prescription of one of the most successful catarrh specialists known. We believe it is positively without an equal. We are so satisfied that we are right, that we will supply the medicine free in every instance when it is used according to directions for a reasonable length of time, should it fail to give satisfaction in every particular. We want every one to try this medicine at our risk. There are no conditions attached to our offer. We put the user under no obligation to us whatever.

The medicine we want you to try is Rexall Mucu-Tone. It is a catarrh remedy that goes direct to the seat of trouble. It is carried by the blood to every part of the system. It purifies and enriches the blood, tones up the mucous cells, and brings about a condition of health and strength that tends to prevent the germs of consumption from getting a start. Besides this, Rexall Mucu-Tone is a wonderful appetizer, digestive aid and flesh builder. Its good effects are often felt from the very first dose. It is one of the largest and most satisfactory selling medicines that we have ever had anything to do with.
We know so much of the great good that it has done that we personally back it up with our reputation and money, which fact should be ample guarantee to satisfy anybody. Rexall Mucu-Tone comes in two sizes, 50 cents and \$1. We urge you to try it. Remember you can obtain Rexall Remedies in Red Cloud only at our store, The Rexall Store. The H. E. Grice Drug Co.
