DIRECTORS:  
B. F. Mizer, C. J. Pope, Wm. M. Crabill, Wm. H. Thomas, S. R. Florance.

**SUNNY SIDE.**

Chas. Gurney has a gasoline engine to pump water on his north farm. Wm. Engels is now located on the farm. May his crops be bounteous. Ed. Sherer is listing corn for Mr. Engels as he moved out too late to put all his crops in. Mrs. A. Goth and children are visiting at her parents, Mr and Mrs. Engels. Mr. Goth is in Idaho. Mr. and Mrs. Martin, Mr. and Mrs. Cummings, Mr. and Mrs. Rust and Mr. and Mrs. Howe visited at W. S. Bense's Sunday. Mr. Parker who lived on Bense's farm reports he is well pleased with eastern Kansas. Crops promises good and fruit is immense. Saunders Bros. are putting a cement bridge in on the Red Cloud and Cowles road which will be a big improvement and convenience to travel.

**LESTER**

Vern and Charlie Emick went to St. Joe Monday. The society met with Mrs. Mat Dean Wednesday. Miss Mary Holcomb visited Miss Dollie Rasser Monday. Miss Mae and Horace Frisbie returned from Beaver City Tuesday. Mr. and Mrs. Andrew King and Ed King called on John Holcomb's Sunday evening. Mr. Kent of Red Cloud was around writing up life insurance for the Woodmen Accident Association. Ed Rasser and son Henry left for Milwaukee Tuesday morning to visit relatives and friends. We all wish them a pleasant journey.

Claude Pierce has been visiting at the home of Bert Blair and family. Mrs. Bernard Hulsebush and Miss Lacy Decker were on the streets of Guide Rock Saturday. Mr. Peterson took them down in his auto. Every body is about through planting corn so of course the rain came just about right. But we will have to hurry and get our cultivators ready. For the corn will be coming and also the weeds. Edward McDonald and wife of Hastings visited her mother Mrs. Ed Himes this week. A large crowd of neighbors and friends gathered in and serenaded them. After the treats the evening was spent in amusements. We all wish them much joy and happiness.

**GARFIELD**

A fine rain Saturday afternoon and evening. The prospects of an oats crop in Garfield look fine. N. P. Campbell took a load of hogs to Red Cloud Tuesday. Guy Barnes and wife called on Frank Amack's Sunday. Will Fisher and daughters took dinner at Frank Ailes' Sunday. Most of the farmers are done planting corn for the first time and are starting over. Mr. Jackson drove two car loads of cattle to Guide Rock Saturday night and shipped them to market Sunday. Mrs. L. Ailes of Red Cloud is visiting with her sons, Frank and Charley Ailes and old neighbors in Garfield this week. Guy Barnes, Frank Amack, Alfred and Pete Manley and Will Fisher attended the Odd Fellow lodge on Monday night.

Clyde Simpson went to Armour, Nebr., to visit his intended and staid a week. The next time we expect he will move down. Guy Barnes has quit the goat business. He sold the last one at a bargain for 50 cents and gave a man a dollar to deliver it. All those in need of a summer house will do well to call on Louis Manley and get his pattern for he just uses a ball of binding twine and a lath. The party at Mr. Whites' last Friday night was quite a success. Every body had a good time and supper was served at twelve o'clock and all went home feeling better.

**Revisit the White Plague.**

The state of Iowa has hired a preacher for the past four years to do nothing but travel around and tell the people to stay at home, work little, eat plenty of raw eggs and not worry. It has organized the most extensive "Cheer Up" system ever perfected. It urges every citizen to wear the smile "that won't come off" and to take no heed of a possible tomorrow of suffering, misery and death. Now and then this preacher takes a flying trip to other parts of the country: Colorado, New Mexico, Texas and similarly famous health resorts. Every time he returns more firmly convinced of the merit of the work he is carrying on and more eloquent in his exhortations to do little, breathe plenty of fresh air and eat plenty of wholesome food. Last summer he visited Colorado Springs and El Paso and came face to face with the hectic-cheeked exiles from home, who wearily asked him for the latest word from loved ones and dolorously coughed their way down the street, shunned of all the native-born. "Don't, don't let them continue to come out here for treatment and to die of homesickness," urged town after town. "It's the separation from home and loved ones that is killing them, rather than the consumption. It's the breaking up of established habits, the tearing of life out by the very roots that is making the cheek redder and the cough more racking. Three-fifths of those who come here as "lungers" go back home as corpses. While they keep soul and body together their life is miserable. We can't take them into our homes, they are "unclean." They are strangers in a strange land, exiles if there ever were any. They live apart until finally the homesickness and the change do the work and the fight is over. If you have any of the milk of human kindness left in your body keep your white plague victims at home where they can either be cured or can die in comfort. We don't want them and can do nothing for them." From "To Get Well at Home," in June Technical World Magazine.

**Economy Stock Powder.**

The name "Economy" stands for quality in the stock powder world. Even our competitors acknowledge that the Economy Stock Powders are the standard. With us, the quality goes in before the name goes on. We are not making a cheap powder but are making the best that money can buy, using only the best and purest drugs that the market affords. This is the reason of our large business and the popularity of the Economy Stock Powder. Men who feed Economy Stock Powder do not lose their hogs. We give protection against all diseases common to the hog family. If you are now feeding them your neighbor will tell you of their superior value. Tens of thousands of satisfied customers will tell you how they saved their hogs and made money by feeding Economy Stock Powder. We have a positive worm expeller, blood purifier and general conditioner. We will give \$1000.00 if we cannot expel worms from any herd of wormy hogs. Call at our office and we will give you any information. If this is impossible write or phone us and we will call at your place and do all in our power for you. You make no mistake in trying them. You will find

them for sale at the Red Cloud Hardware & Implement Company, Red Cloud, Nebraska. ECONOMY HOG & CATTLE POWDER CO. H. F. COOPER, Guide Rock, Agent.
