The county commissioners have an eye for comfort. They have placed a handsome rug in the county superintendent's office and Miss Day is consequently well pleased. It transforms the room into a very attractive office. The commissioners have also placed comfortable chairs in the court room for the use of the jurors. Why this was not done years ago is not known but anyone who serves on the jury from now on will at least be in bodily comfort. In the name of all prospective jurors we extended to the commissioners a unanimous vote of thanks.

**We Are on Our Way**

Say, have you noticed how our boys are playing ball lately? They have at last strengthened the team and are now going some. Our people have been loyal to the team even tho the games have been disappointing but now that the march is upward renewed enthusiasm is in evidence all over the city. We have a good team and we are going to win that pennant. And while we are at it we will fix the haughty cement mixers and don't you forget it. Boost the team. Shout for the Red Cloud Indians. They are making good and playing as fast as any team in the league. And another thing, one cannot help but notice the excellent manner in which the games are conducted this year. No one is compelled to take abuse this year nor are the finest sensibilities offended on the grounds. The games are carried on with fairness and true sportman's feeling. All offensive attachments have been lopped off. Jump in the band wagon boys and give our team the reception which is due them. Watch us go up the line.
