

**STUNG BY BASE INGRATITUDE**

Downy Denizen Seemingly Had Right to Be Indignant at Old Friend's Attitude.

"You remember that guy, Jim Burke?" asked an irate Downy denizen. "He's that stiff dat's doin' time up der river—Sing Sing—bojglary—ten years. Well, you know all I done fer dat stiff. When he was pinched didn't I put up der coin for der lawyers? Didn't I pay der witness? Sure I did. De oder day I t'inks I'll just go an' see dat mutt just t' leave him know his friend's ain't tied de can on 'im. So I drives out to d' jail and goes into d' warden's office and he says I gotter send me card in. Me card! D'ye get dat? Well, anyway, I writes my name on a piece o' paper an' a guy takes it into Jim Burke, an' what d' you t'ink dat stiff tells dat guy to tell me?"

"I've no idea," said the listener.

"He tells him," concluded the angry one, "t' tell me dat he ain't in!"

From Success Magazine.

**THEN THEY FIRED HIM.**

Customer (in book store)—Have you a Chaucer?  
New Clerk—Never chewed in my life, sir.

**Pipe Gives Cadet Typhoid.**

Midshipman Smith, who was stricken with typhoid fever on the Indiana at Plymouth, England, contracted the disease, it is said, from smoking a briar used nearly a year ago by his roommate at Annapolis who had a bad case of typhoid. This theory is taken as proof that concentrated nicotine cannot destroy a typhoid germ. The medical department of the navy will examine into the theory with the result that midshipmen of the future may confine themselves to their own pipes.

**The Stylish Fisherman.**

One of the guests at a fashionable summer resort in West Virginia got himself up in his best "fishing togs" and started along a certain mountain stream. Meeting a native, he asked: "Here, my good man! Kindly tell me whether it would be worth my while to try fishing in this vicinity?"

"The native regarded him scornfully. 'The fishin' ain't good,' he finally said, 'but I ain't informed as to how you values your time.'—Lippincott's.

**Deafness Cannot Be Cured**

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running or itchy ear, or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hail's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, O.  
Sold by Druggists.  
Take Hail's Family Pills for Constipation.

**Get a Move On.**

The Loafer—Alas! my ship doesn't come in.

The Real Man—Then get a move on and help some other fellow unload his.

Constipation causes and seriously aggravates many diseases. It is thoroughly cured by Dr. Pierce's Peppermint. Try sugar-coated granules.

A man knows but little if he tells them a chance.

Lewis' Single Binder, the famous straight 50 cigar—annual sale 5,000,000.

It's always a case of the survival of the fittest. Are you it?

**THE KEYSTONE TO HEALTH IS HOSTETTER'S STOMACH BITTERS**

When the digestion is bad you need something that will not only relieve but will strengthen the digestive organs and assist them back to their normal condition. This calls for the Bitters first of all. Try it.

**PARKER'S HAIR BALSAM**

Cures itching scalp, restores color and growth. Promotes a luxuriant growth. Clears the scalp of dandruff. Gives the hair its natural color. Cuts and conditions the hair. Sells for 25c and 50c at Druggists.

**HAPPENINGS IN THE CITIES**

**Work of the Policewomen of Chicago**

CHICAGO.—Much interest has been shown in Chicago's "policewomen," but when they gather on a Friday noon for luncheon at Hull House weekly entering upon their regular week-ly round, there is nothing to distinguish them from any other earnest working women.

Each of these women officers has her own precinct which she patrols—though the quiet manner in which she makes her daily rounds of inspection and investigation hardly warrants the use of the technical term. Each has her office and office hours where she may be found and her assistance obtained.

Why policewomen instead of policemen, the visitor starts to ask, but in the very beginning of the reports the question is answered, for the cases reported and discussed are nearly all considered in the light not of how criminals may be punished but how budding criminals may be reached and saved and how those contributing to their delinquency may be punished and prevented from continuing their destructive ways.

This regular-salaried, badge provided group of officers, now a year old, is an outgrowth of the juvenile court committee and the Illinois Industrial association before that, when the Illinois juvenile court law went into effect in July, 1899. On June 4, 1909, the committee adopted the name of Juvenile Protective association, which through a series of local protective leagues directed by these salaried officers puts forth its whole efforts to secure the utmost protection for the youth of the city.

Each of the thirteen districts into which the city is divided has its league of citizens, who watch neighborhood conditions and assist in investigating and friendly visiting, but it is the salaried officer in each district who is potent in bringing results. She spends her time trying to prevent "can rushing" and cocaine selling, to keep the children out of disreputable dance halls and photograph galleries and to try in every way to protect and safeguard the child. She may be found at her district office receiving complaints, out on patrol investigating, or visiting or in court seeing whether provisions made there are being to drag down or lift up the little culprits.

Why policewomen instead of policemen, the visitor starts to ask, but in the very beginning of the reports the question is answered, for the cases reported and discussed are nearly all considered in the light not of how criminals may be punished but how budding criminals may be reached and saved and how those contributing to their delinquency may be punished and prevented from continuing their destructive ways.

**GOOD WORK IS PROGRESSING**

Women in Every State Join Earnestly in Campaign Against Tuberculosis.

Four years ago the only active women workers in the anti-tubercular movement were a little group of about 20 women's clubs. Today 800,000 women, under the United States, are banded together against this disease, and more than 2,000 clubs are taking a special interest in the crusade. Not less than \$500,000 is raised annually by them for tubercular work, besides millions that are secured through their efforts in state and municipal appropriations. Mrs. Rufus P. Williams is the chairman of the department that directs this work. In addition to the work of the General Federation of Women's Clubs, the Public Health Education committee of the American Medical association, composed largely of women physicians, has carried on an educational campaign of lectures during the past year in which thousands have been reached. The Mothers' congress, the Young Women's Christian association, and many unaffiliated clubs bring the number of women united in the tubercular war to well over a million. There is not a state in the union where some work has not been done.

**ALMOST WORN OUT.**

Elia Fontine—Is your knee tired, dear?  
Slenderly—It must be put, it's gone to sleep.

**IN AGONY WITH ECZEMA**

"No tongue can tell how I suffered for five years with itching and bleeding eczema, until I was cured by the Cuticura Remedies, and I am so grateful I want the world to know, for what helped me will help others. My body and face were covered with sores. One day it would seem to be better, and then break out again with the most terrible pain and itching. I have been sick several times, but never in my life did I experience such awful suffering as with this eczema. I had made up my mind that death was near at hand, and I longed for that time when I would be at rest. I had tried many different doctors and medicines without success, and my mother brought me the Cuticura Remedies, insisting that I try them. I began to feel better after the first bath with Cuticura Soap, and one application of Cuticura Ointment.

**Boston Babies Are Born the Luckiest**

IT IS BECAUSE OF THE AESTHETIC SURROUNDINGS OF BOSTON.

BOSTON.—The baby that is born in Buenos Ayres has a better chance of living than if it had been born in any other of the world's large cities. In Amsterdam it would find figures more in its favor; but Amsterdam is not so big a town.

In the United States Boston has been the best place to be born if you want to stand a good chance of living to be at least a year old. In 30 years Boston has not averaged one death out of five babies born during the year.

Back in 1882 it came close to that average when 194 infants less than a year old died in every 1,000. But in 1887 there were less than 190, in 1891 the number went below 180, in 1893 it passed the 170 mark, in 1896 the 160 mark, in 1898 the 150 mark, and in 1909 it sank abruptly to 115 per 1,000.

**Loaded Cigar Costs Broker \$200,000**

CHICAGO.—A joke cigar the other day cost a La Salle street broker \$200,000. Here is the reason: Two prominent young brokers and men about town have the habit of helping themselves to cigars in each other's vest on every possible occasion. On this particular day No. 1 decided to play a trick on his friend and got a loaded cigar, one of those nice ones that goes off like a roman candle and releases a spring, which breaks the cigar to pieces without injury to the smoker, but much to his surprise and discomfort. He decorated this miniature bomb with a band from a 50-cent cigar of a well-known brand and placed it conspicuously in his vest pocket.

They seated themselves at one of the tables in the lobby and No. 2 offered the New Yorker his recently acquired cigar. A match was applied in the usual way and the fireworks started. The cigar blew up as per schedule and, incidentally, the \$200,000 deal blew up with it.

Now No. 2 is looking for No. 1 with fire in his eye, because No. 1 allowed him not only to "swipe" a cigar, but because he allowed him to present it to his New York associate, whereby he is minus the profits on a big transaction.

**City to Have a Municipal Laundry**

KANSAS CITY.—If the plans of the park board are carried out, Kansas City will have a municipal laundry, which probably will be the first institution of its kind in the United States. The board plans to build a laundry to be run by the city, where the women of the congested districts can do their washing and ironing under sanitary conditions, and with improved machinery. The park board has been discussing this idea for about three years along with the public bath proposition.

They seated themselves at one of the tables in the lobby and No. 2 offered the New Yorker his recently acquired cigar. A match was applied in the usual way and the fireworks started. The cigar blew up as per schedule and, incidentally, the \$200,000 deal blew up with it.

Now No. 2 is looking for No. 1 with fire in his eye, because No. 1 allowed him not only to "swipe" a cigar, but because he allowed him to present it to his New York associate, whereby he is minus the profits on a big transaction.

**CASTORIA**  
For Infants and Children.  
The Kind You Have Always Bought Bears the Signature of Dr. J. C. Hathorn.  
ALCOHOL-3 PER CENT  
Vegetable Preparation for Assimilating the Food and Regulating the Stomachs and Bowels of INFANTS & CHILDREN.

Guaranteed under the Food and Drug Act.  
Exact Copy of Wrapper.

**WESTERN CANADA'S 1910 CROPS**

Wheat Yield in Many Districts Will Be From 25 to 35 Bushels Per Acre  
Land sales and homestead entries increasing. No cessation in numbers going from United States. Wonderful opportunities remain for those who intend making Canada their home. New districts being opened up for settlement. Many farmers will net, this year, \$10 to \$15 per acre from their wheat crop. All the advantages of old settled countries are there. Good schools, churches, splendid markets, excellent railway facilities. See the grain exhibit at the different State and some of the County fairs.  
Letters similar to the following are received every day, testifying to satisfactory conditions; other districts are as favorably spoken of:  
**WANTS SETTLEMENT RATE FOR HIS STOCK.**  
I am going to Canada a week from now and intend to make my home there. My husband has been there a week and is well pleased with the country. He would like to come with me to the states on account of my health. Please let me know at once if I can get the cheap rates to Ponoka, Alberta.  
Geo. Paskewitz, Fort St. John, Minn.

**FREE** Free Package of Paxtine. Better and more economical than liquid antiseptics for all toilet uses.  
**PAXTINE**  
TOILET ANTISEPTIC  
Gives an sweet breath; clean, white, germ-free teeth—antiseptically clean mouth and throat—purifies the breath after smoking—dispels all disagreeable perspiration and body odors—much appreciated by dainty women. A quick remedy for sore eyes and catarrh.

**Stomach Blood and Liver Troubles**  
Much sickness starts with weak stomach, and consequent poor, impoverished blood. Nervous and pale-people lack good, rich, red blood. Their stomachs need invigorating for, after all, a man can be no stronger than his stomach. A remedy that makes the stomach strong and the liver active, makes rich red blood and overcomes and drives out disease-producing bacteria and cures a whole multitude of diseases.  
Get rid of your Stomach Weakness and Liver Laziness by taking a course of Dr. Pierce's Golden Medical Discovery—the Great Stomach Restorative, Liver Invigorator and Blood Cleanser.  
You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, having a complete list of ingredients in plain English on its bottle-wrapper, same being attested as correct under oath.

**Rayo Lamp**  
The Rayo Lamp is a high grade lamp, sold at a low price. These lamps that cost more, but there is a better lamp made at any price. Constructed of solid brass, nickel-plated—very bright and brilliant in any room in any house. There is nothing known to the art of lamp-making that can add to the value of the Rayo Lamp as a lighting device. Every day everywhere. If not at yours, write for descriptive circular to the nearest agent of the STANDARD OIL COMPANY (Incorporated).

**PUTNAM FADELESS DYES**  
Color more goods brighter and faster colors than any other dye. One 10c package colors all fibers. They dye in cold water better than any other dye. You can dye any garment without ripping apart. Write for free booklet—How to Dye, Bleach and Mix Colors. MONROE DRUG CO., Quincy, Illinois.
