## UNITED DOCTORS ARE COMING TO RED CLOUD

Famous Specialists Will Make a Short Visit to the Royal Hotel on Tuesday Afternoon, Sept. 13th.

Word has been received that the Chief Consulting Physician of the United Doctors has decided to pay a short visit to Red Cloud and while here will stop at Royal Hotel where he will receive and examine patients. The United Doctors are the specialists whose wonderful cures have caused so much comment by the press, pulp and public, not only in Nebraska but all over the country. These specialists have founded a new school of medicine which embraces all of the good points of the old schools and leaves out the bad. They use Allopathic drugs where they are needed; they use Homeopathic drugs where they are needed, and in some cases they use a combination of Eclectic drugs with Homeopathic or Allopathic drugs in the same case. Hence the name, United Doctors—they have united the various schools and "isms" of medicine to form a perfect system of curing disease.

The United Doctors have many institutes established in the larger cities of the United States. Their Omaha Institute is located on the second floor of the Neville Block, corner of 16th and Harney st., Omaha, Nebraska.

The object of the United Doctors in making this short visit to Red Cloud is to secure a few cases in this community but they want these cases to be only the most difficult ones. They know that if they cure a few of the worst cases here that others will hear of it and go to their Omaha Institute for treatment. A cured patient is their best advertisement.

While the Doctor is at the Royal Hotel for this short visit on Tuesday afternoon September 13th he will examine all patients free of charge but will accept only curable cases for treatment, as it would not be a good advertisement to treat any cases unless they were sure of a cure. To the cases selected for treatment a special reduced price will be made.

The diseases treated by the United Doctors are diseases of the nerves, blood, skin, heart, stomach, kidney, and liver, including rheumatism, paralysis, and neuralgia, loss of nerve force, goitre, constipation, catarrh, epilepsy, indigestion, dyspepsia, weak back, bloating, dropsy, eczema, scrofula, diseases of women and diseases of men.

The dailies throughout the country are continually publishing reports of the wonderful cures that have been made by the United Doctors. Recently an account was given in an Omaha paper of the case of Mrs. B. Bradford who lives on K. R. No. 5 South Omaha, Nebraska, in which she says in part: "Ten years ago my heart began to gradually fail and I grew worse until I was confined to my bed, half of the time, with terrible pains in my stomach and bowels and violent vomiting. For years I did not know what a well day was. Could eat no food that other people ate. Could get neither sleep nor rest on account of the awful suffering. I tried all the physicians in reach, but only got worse until a council of my family physicians decided that I had gall stones and that nothing

would save my life but an operation and the surgeons could not promise even an operation would relieve me or save me.

"About one year ago I began to hear accounts of the wonderful work of the United Doctors in gall stones. With death and the surgeons' knife staring me in the face, it seemed that I ought to see them any day.

"After a careful examination they pronounced the case gall stones and said they could relieve me at once and cure me permanently. I thought that for such results their price would be very high and I would not be able to take their treatment but I found them kind and considerate. Their price was a reasonable one. One fee paid for everything including the medicine, until I should be entirely cured, regardless of how long it took.

"Now, for six months I have not had an attack of my old trouble. I can eat anything I want and my digestion seems as good as ever. No more vomiting spells. No more awful pains. No more morphine from the family physician. No more starvation. I owe my recovery to the United Doctors and to them only. They have cured me. Since I have been cured a neighbor of mine also has been cured of gall stones. I want to say to all the people who have gall stones, go to the United Doctors."

Mrs. J. H. Bowers, Route 2, Tekamah, Nebraska writes: "After being afflicted with that dread disease Epilepsy for ten years continuously, I have not had a single spell since taking my first dose of the United Doctor's medicines. And not only that, but my general health is now so much improved that instead of being a helpless invalid, I can now do nearly all my own work and can eat and sleep and enjoy life as I have not done in ten years before. Now, this may seem impossible to other Epilepsy sufferers but here I am at Tekamah, Nebraska, Route 2 ready to verify every statement, because I feel grateful and thankful to the United Doctors for their wonderful work."

These are only a few extracts of hundreds of testimonials on file in the offices of the United Doctors throughout the country.

While the United Doctors will not accept any incurable cases for treatment one should not give up hope simply because their Doctor has failed to help them. It must be remembered that this system of medicine has quickly cured many diseases which could not even be helped by other doctors of medicines.

The United Doctors treatment is all home treatment, so that frequent visits to our office are not necessary. This treatment may be used in any home anywhere, without inconvenience, publicity or annoyance and without detaining the patient from his or her usual occupation.

This wonderful new treatment is what the Doctor is bringing to Red Cloud. He will be here but one half day, and while here will receive patients at the Royal Hotel Parlors.
