RED CLOUD, NEBRASKA, OCTOBER 13, 1910.

NUMBER 4

ABSOLUTE SAFETY

in a Bank is the first essential. This is why a National Bank is much safer than any other Banking Institution, as it is under the Supervision of the Government. Its accounts and cash are examined by a government official several times a year, and statements of its financial condition must be submitted to the government when requested. Be wise in selecting the safest.

Interest Paid on Time Deposits

Webster County Bank,
RED CLOUD, NEB.
CAPITAL \$25,000

B. F. Mizer, President, S. R. Florance, Cashier.
DIRECTORS:
B. F. Mizer, C. J. Pope, Wm. M. Crabill, Wm. H. Thomas, S. R. Florance.

SUNNY SIDE.

W. S. Bense and family dined at Jos. Hewitts.
A. B. Pierce from town is making hay out this way.
Some of our married men are courting this week. They are serving as jurors in the district court.
C. H. Rust has a sale on the farm Thursday, Oct. 20th. A cleaning up sale of stock and machinery.
Mrs. C. H. Rust was out on the farm a couple of days last week. She still has a longing for the fresh air and pure water.
The "Widow Perkins" drew a good many to Red Cloud last Saturday night. They report a good laugh and—that's all.

LESTER

We have fine weather and no heavy frosts.

Vern Emick sold his eighty to Alf Saladen.
Mrs. Filnik and sons Sundayed at Mat Dean's.
Mrs. Lue Bergfield and daughter Sundayed at her parents.
Mr. and Mrs. Jake Fry spent Sunday at her parents, Gotlieb Bassers.
Mr. and Mrs. Miles Doyle spent Sunday with their son, Jim Doyle and family.
Mr. and Mrs. Fred Hurd and Mr. and Mrs. Connie Rasser spent Sunday at Al. Deckers.
Mr. and Mrs. John Saladen and family and Mr. and Mrs. Homer Baker and family spent Sunday at Alf. Saladens.
Vern Emick and Porter Hale bought the old Beal place. Mr. Hale and family will take possession of it the first of March.

Everybody thought Widow Perkins was fine Saturday night. They said they never laughed so in their life.
Mr. and Mrs. Kellom and family of Burr Oak, Kas., an uncle of Andrew King spent Saturday and Sunday with him.

GARFIELD

Warm weather for this time of the year.
George Coon was on wind mill row Sunday.
Hansen Bros. bailed hay for Manley Bros. Saturday.
Will Fisher was digging his potatoes the first of the week.
Col. Wiggins has been on the sick list for a week but is some better now.
Clyde Simpson and Frank Amaack were swapping yarns with Guy Barnes Sunday.
T. W. White and family and Will Fisher and children were callers at Manley Bros. Sunday.
Pete Manley is a hard fellow to beat for he hauls two loads of beets every day and three on Sunday and he says it beats all.
We understand Clyde Simpson has rented a farm and that surely means he will get a cook. Yes Clyde we will take a cigar.
John Campbells had some old acquaintances drop in on them on Monday and stay a few days. They are from Rice County, Kansas.

GUIDE ROCK.

Mr. and Mrs. Dana Burr are in Colorado.
A fine son was born to Mr. and Mrs. H. B. Miner Saturday, Oct. 8th.
Hastings Milner and wife expect to take a trip soon to Excelsior Springs.
All sympathize with John Chrisman who is suffering from a broken wrist.

Two rooms of the M. E. parsonage were papered last week by J. T. Mason.
Mrs. Vina McCallum of Lincoln is here this week visiting her son, R. W. McCallum and family.

Miss Ella Van Woert went to Omaha Tuesday to attend a session of the Grand Lodge of the Degree of Honor.
Albert and Leo Pace are the ushers at the M. E. church having been appointed by the official board Monday evening.

Rev. Pool and family departed last week for Bladen. The family will be greatly missed and we bespeak for them a welcome from the Bladen people.

The young people of the Baptist church are taking a renewed interest in the Young Peoples Society. The pastor Rev. Robbins is an enthusiastic worker in the cause.

Harvey Milner and bride arrived Thursday. They were married at Wilsonville Wednesday, Oct. 5th. They will reside on a farm owned by Dr. J. W. Robinson near Guide Rock.

Mrs. Irvine Woodward is at the Nebraska Sanitarium and has been there about three weeks. Mrs. J. M. Roland went there Monday and Mrs. Robt. Garrison is home from the same sanitarium and much improved.

The new pastor of the M. E. church Rev. E. L. Barch and family are now located here. He preached his first sermons Sunday morning and evening to large audiences. All are greatly pleased with him and cordially welcome the family to Guide Rock.

INAVALE

Mrs. Hummel is in Inavale visiting relatives.
James Wonderly was home over Sunday.
A big show in the Inavale opera house Friday evening.
Miss Dolly Holdrede is in Talmage, Nebr., visiting this week.
Mrs. Wm. Saunders of Boulder, Colo., visited relatives here last week.
Quite a number of Inavale people are attending the Campbell Fair this week.
Mr. Barrett, the new M. E. minister preached his first sermon Sunday morning.
Tom Nesbitt who has been in southern Texas the past year is visiting relatives.
Mr. and Mrs. Chas. Joyce are the proud parents of a baby girl born Wednesday Oct. 5.
The first number of the Lecture Course will be given in the Christian church Oct. 31. Emerson Winters monologue entertainers will be with us that evening.

Why Hesitate?

An Offer That Involves No Risk For Those Who Accept It

We are so positive our remedy will completely relieve constipation, no matter how chronic it may be, that we offer to furnish it free of all cost if it fails.
Constipation is caused by weakness of the nerves and muscles of the large intestines or descending colon. To expect a cure you must therefore tone up and strengthen those organs and restore them to healthier activity.
We want you to try Rexall Orderlies on our guarantee. They are eaten like candy, and are particularly ideal for children. They act directly on the nerves and muscles of the bowels. They have a natural action on the other organs or glands. They do not purge or cause any inconvenience whatever. They will positively overcome chronic or habitual constipation and the myriads of associate or dependent chronic ailments. Try Rexall Orderlies at our risk. Two sizes, 10c. and 25c. Sold only at our store—The Rexall Store. The H. E. Grice Drug Co.

Wagon Boxes

See Wallin for that new wagon box that you need. Also complete wagons.

Water Once More

As one of the committee appointed to circulate the petition asking the council to submit a bond proposition to the tax payers of this city we started out to obtain signatures. We had not gone very far before we were confronted with great discouragement. Our citizens expressed themselves that they had been fooled so often by sure-thing proposals which had resulted in failure that they were loath to venture again unless they KNEW what they were doing. We acknowledged that this was good argument so at our own expense we fitted out a testing apparatus and took a party out to the Maurer springs to see what could be learned.

Superintendent Rich used what is known as the Wiersystem of measurement and Prof. Moritz made his computations by using Pascal's law. Both made their own computations separately. The results of the findings of both methods agreed so that we are able to give accurate figures as to the flow of water coming from the springs. The first test made showed that the spring near the tree poured forth 97,856 gallons of water every twenty four hours. After digging a dozen spade fulls of dirt the flow was perceptibly increased and a new measurement taken this showed 106,150 gallons per twenty four hours. All agreed that by cleaning out this spring thoroughly the flow could be made to double that amount.

Further investigation of one of the other springs showed a few hundred more gallons of water per day without any opening up. All agreed that there was enough water at the springs to supply the city of Red Cloud for all time. No tests were made of the other springs but they could be used in the future if found necessary.

There is no question but what those two springs will furnish from 250,000 to 450,000 gallons of water per day and as our greatest consumption has never exceeded 190,000 per day it is easy enough to see that the water is there. But we as a city want to know just exactly what we are doing and we favor the making of more tests say in another week to see if there is any change in the flow or any chance of buying a gold brick. We have the utmost confidence in those springs but many citizens in time past have had unlimited confidence in exploring the bottoms only to find that their fondest hopes had not been realized.

Now in order that there may be the fullest confidence in this undertaking we propose that the council employ the services of a foreign competent engineer to go over the ground and give us exact figures as to the cost of piping the springs to the power house. We have every confidence in the ability of our present superintendent Rich and the survey as made by city engineer Orering but we believe that it is for the best public interest to secure the services of an outside engineer and let him verify the findings. In this manner we will avoid taking any leaps in the dark. Let us be sure we are right this time.

Another thing should be thoroughly understood and that is that should we decide to bring the springs down ALL the work must be done by contract and according to law. We believe that the present council will act in no other manner but following out the same plan of acting with our eyes open it would not be unbecoming for that body to go on record as to the policy they would pursue.

Since so large a majority of our people are in favor of the springs let us act in harmony, gather all the data, get the facts and carry out this plan to a successful conclusion. We all want to know first if the water is there, second what the cost will be, and third will the work be done according to law. For ourselves we have no hesitancy in saying that the water is there, that if the cost will reach eight or ten thousand dollars we want to know it before and not after and lastly we are confident that our council may be trusted to absolutely satisfy the most skeptical.

**Hog Cholera Serum
Government Demonstrates Its Value In Test at South Omaha**

A successful demonstration of the value of the new government serum for preventing hog cholera has just been concluded at South Omaha, Nebr., by the Bureau of Animal Industry of the United States Department of Agriculture. The efficiency of the serum has been proved many times in the past, but in order that its value might be brought more strikingly before the people of Nebraska a demonstration was arranged for at the Union Stock Yards at South Omaha in co-operation with the Union Stock Yards Company of Omaha.

The stock yards company purchased thirty pigs, weighing from 40 to 60 pounds each, from a farm which had been free from hog cholera for several years. These pigs were brought to the stock yards, and on July 23, 1910, four of them were injected with blood from hogs sick of hog cholera. These inoculated pigs were placed in a pen by themselves, and within five days they had become sick, at which time eighteen of the remaining pigs were each given one dose of the serum, while the other eight pigs were not treated in any way. The eighteen serum-treated pigs and the eight untreated pigs were then placed in the same pen with the four pigs which had been made sick by inoculation.

The four pigs which were first given hog cholera all died, and the eight untreated pigs all contracted the disease from them. The eighteen pigs which were given serum, and which were confined in the same pen with the four original sick pigs and with the sick untreated pigs, remained perfectly well, and were finally turned over to the officials of the stock yards company upon the completion of the experiment, September 17, 1910.

The experiment was witnessed by representatives of the Nebraska Agricultural Experiment Station and of the Nebraska Swine Breeder's Association, as well as by representatives of agricultural papers published in Nebraska.

The Department of Agriculture does not distribute this serum to farmers, but is endeavoring to bring the value of this method to the attention of the stock raising interests in order that they may arrange to secure state funds for the manufacture and distribution of the serum. The government authorities consider that this new serum treatment, if properly applied, will result in the saving of millions of dollars.

Public Sale

Thursday, October 20th, 1910
The undersigned will offer for sale on his farm, 2 miles east and 3 1/2 miles north of Red Cloud, and 2 miles west and 2 miles south of Cowles, the following described property to-wit: at 10 a. m., sharp.
100 HEAD OF STOCK 100
Consisting of 11 head of horses, 40 head of cattle, 49 head of hogs, farm machinery, etc. C. H. RUST, J. H. Ellinger, Auctioneer.

To Whom It May Concern.

We, the undersigned citizens of Scotia, Neb., have no hesitancy in saying that the St. Elmo show gave their play here last night in Daudt's opera house and it was far above our expectations, each actor performing his or her part well. It is a clean, moral show and no one need hesitate to attend it, taking their wives and children. We recommend them wherever they may go.
Signed: Frank Daudt, manager of opera house; R. F. Wichman, cashier State bank; F. A. Skow, assistant cashier; B. T. Griffith, attorney.

Keep Cool.

We have taken over the Ice business and are now giving the same our personal attention. Put out your Ice Card and we will do our best to please you.—A. E. TURNER, THE ICE MAN.
