Announcement.

Having been nominated by the Democratic and People's Independent parties for the office of County Attorney of Webster County, I take this method of announcing my candidacy and would most respectfully solicit your consideration at the coming election. If elected I shall to the best of my ability fairly and impartially perform the duties of County Attorney, laying aside all political considerations and having in mind only the best interests of all the people of Webster County, regardless of party affiliations. During my campaign I shall not allow myself to become entangled in any political entanglements and if elected shall enter upon the duties of the office free from restraint or influence of any person or set of persons and hampered by no anti-election strings or promises. If elected my sole aim shall be to protect and promote the best interests of all the people of Webster County.
FRED MAURER, RED CLOUD, NEB.

Don't say that you have no interest in politics—get out and vote.

The city records show that the coal bill for the power plant in July was \$707.10 and for Sept. \$412.30. Superintendent Rich is buying coal for \$3.35 per ton while the July coal cost \$7.00 per ton. This is stopping a pretty good sized leak.

The only men of worth to a town or community are those who forget their own selfish ends long enough and are liberal enough in their ideas to encourage every public and private enterprise, who are ready with brain and purse to push every project calculated to build up the town and enhance its importance. The enterprise and push of a town or community is the foundation of its permanent success. A town may as well prepare for its funeral as to become indifferent to the enterprise in its midst. Men who come to a town to make it their future home, who can see far enough before them to see that money placed judiciously in a public enterprise of their own town will be a hundred fold in the appreciation of their property, are to be pitied.

About election time is the best season for the sowing of malicious stories. T. R. would probably say Lies. These stories are to be expected at regular intervals but the pity of it is most of us believe the lies and never make any effort to verify them. If some one would tell us that the Moon block had been taken to Inavale we would undoubtedly go to see for ourselves but when some one tells us that one of our most respected citizens has been convicted of crime we never take the trouble of looking up the records to satisfy ourselves but we swallow the whole story—and vote for the other fellow. Stories will be told some true and some false but it is the duty of any intelligent voter to investigate and satisfy himself as to the truth or falsehood. While we are at it why not treat the reports of meanness in our neighbors in the same manner.

Some way or another the report has been circulated that Mr. Fred Maurer candidate for county attorney has little if any practice before the courts of this county. For the benefit of our readers who wish to know the truth we have taken the pains to obtain copies of the sworn statement of our courts in regard to the matter. These statements are not guesses or off hand statements but are the actual findings of our courts. Here they are:
 IN THE COUNTY COURT OF WEBSTER COUNTY, NEBRASKA, BEFORE I, W. EDSON, COUNTY JUDGE.
 I hereby certify that Fred Maurer, of Red Cloud, Nebraska, during the twelve months last past has been attorney in thirteen (13) estate cases pending in my court during said period and I further certify that the said Fred Maurer has also been attorney in nineteen (19) civil cases pending in my court during said period of time.
 Given under my hand and seal this 20th. day of Sept. 1910.

I, W. EDSON,
 County Judge.
 IN DISTRICT COURT OF WEBSTER COUNTY, NEBRASKA.

I, hereby certify that Fred Maurer, attorney of Red Cloud, Nebraska, has been attorney of record in fourteen (14) cases pending in the District Court of Webster County, Nebraska during a period of twelve months last past, as shown by the records of my office.

Witness my hand and official seal this 20th. day of Sept. 1910.

Geo. W. HURCHISON,
 Clerk of the Dist. Court,
 IN JUSTICE COURT, BEFORE JAS. A. BURDEN, JUDGE OF THE PEACE IN AND FOR RED CLOUD CITY, WEBSTER COUNTY, NEBRASKA.

I hereby certify that a search of my docket shows that Fred Maurer, attorney of Red Cloud, Nebraska, appeared of record in forty-one (41) cases pending in Justice Court within the twelve months last past.

Witness my hand and seal this 20th. day of Sept. 1910.

JAS. A. BURDEN,
 Justice of the Peace.
 Mr. Maurer is perfectly able to conduct the cases entrusted to his care but if a case is of such magnitude that it demands the assistance of an older and more experienced lawyer he does not hesitate to employ him. The records of the courts shown above are sufficient to show that Mr. Maurer enjoys a lucrative practice and has the confidence of his clients.

When one finds he is out of sympathy with his town, and can only say a good word for it coupled with an apology, he ought to get out. Many people fall into a sort of unconscious habit of growling. But it's a miser-

able habit. Such people make of themselves a dead weight, while, of course, they imagine themselves particularly independent. The individual has about all he can do to get along under his own loads, and he wants help and encouragement from those going his way, and who are identified with him in interest. So with the town. It has its interests to care for, and it needs all the pluck, all the energy, all the co-operation and helpfulness its citizens can provide, and bring to bear. Every man is a part of his town. The town embraces the fortunes, and in some measures at least takes on the character of the man. So loyalty to one's town is no more than loyalty to one's self; and this loyalty is in the line of all well shaped human nature. Therefore it is right to say that the man who does not stand up for his town is in some way dwarfed. There is something wrong about him. His fellows will pass this judgement upon him, and the chances are that while he may add to the discomfort of others he will not escape making himself unhappy.

The Columbus Telegram, one of the leading democratic weekly newspapers of this state, has asked Congressman Hitchcock to withdraw from the senatorial race because the Telegram has just discovered something awful about Bro. Hitchcock but which cannot be revealed on account of its being a whisper secret. For shame! If the Telegram has any facts as to the misconduct of Mr. Hitchcock let it be published if these facts are of such a nature that "no self respecting citizen of Nebraska would vote for the afore said Hitchcock if he knew those facts." The Telegram says that it cannot tell those terrible secrets because it promised not to reveal them. Stage whispers, campaign thunder, social tea gossip. Does Bro. Howard expect us to credit his statements upon his assurance that he has suddenly found out that Mr. Hitchcock is a terribly bad man but he won't tell why? "If you knew what I know" is a pretty weak defense for a politician as old at the game as Bro. Howard.

These sighs and inaudible which are apparently for the purpose of intimidation are unworthy of the conduct of any respectable newspaper and we are surprised that Bro. Howard should so far forget himself as to stoop to such methods. If the Telegram has such facts the people will be pleased to have them but simply saying that he has something up his sleeve but can not let it be known is too much like a lady intimating that she has some letters that would not look well in print. In the opinion of this editor it would be far better to either keep still or else produce the proof.

Married

On Tuesday October 11th Fred Clatte and Miss Louisa A. Chatterton of Oak Creek precinct drove down to the County Seat and were married by Judge Edson. Mr. Clatte is well acquainted over the county, and knowing that a large number of his friends were going to Hastings, he concluded to drive this way and have a quiet wedding at the County Seat, but on arrival found District Court in session and twenty men clashing for cigars the instant he emerged from the Judge's office. He is an all around good fellow, sober as a judge, a number one farmer possessed of a good farm, and worthy of the excellent young woman who has joined him for life. The Chief offers congratulations both to the happy twain and the Township where they will reside.

No matter what your beliefs, you do not want your news tampered with. News colored for selfish ends should be unbearable. The paper will be stopped when your time is up. Geo. W. Lindsey, Democratic Candidate for Representative of Webster County, Nebr.

The object of this card is two-fold: First of all to thank you sincerely, for your royal support in nominating me—a compliment which any man may well be proud of.

Second, it is my way of introducing myself into the political arena "Let's shake"—now that we are acquainted let's get to biz. I am a Candidate for Representative for Webster County—the best County in the State. It is YOUR HOME, it is MY HOME. Our first and great object should be to make laws that shall BUILD UP and PROTECT all of the HOMES of Webster County! To this "Common Cause" let me ask the support of every voter!

Thanking you for whatever you may be able to do for me, and pledging you, if elected, my very best efforts for all of Webster County.

In this age of political Chicanery every voter has a right to know what his Representative stands for. He should declare himself openly, and "on the square," and when elected, should thus conduct himself.

Government first, party second; principles first, party second; men first and party second. This is MY political creed.

Business principles should be inculcated into politics to the end that all needless expense may be saved.

Biennial elections is what the tax payers want, it would save thousands of dollars.

The present Primary Law is a needless double-tax upon the tax payers, and should be repealed.

The Agriculture Interest of our County demands better roads. A law should be enacted providing for smaller road districts in the counties, with local self-government. All moneys for roads and bridges should be equitably apportioned and distributed among the several counties.

I stand for County Option, and firmly believe that Good Government and Public Morals will be best served in that way.

Respectfully submitted,
 GEO. W. LINDSEY.
