**GARFIELD**

Tuck Amack was on wind mill row Friday delivering cattle.

The Hansen corn shelter has been kept pretty busy the last week.

A slight flurry of snow Sunday morning but it soon blew over.

Ed. Wiggins and T. W. White are among the lucky ones that are shucking corn.

Gay Barnes finished shucking corn Wednesday and now he has nothing to do but feed the pigs and watch them grow.

Will Fisher had the misfortune to have a nice young horse cut in the wire fence so bad that he had to have her shot.

Bob, Dewitt is shucking corn for his brother Jim. It is the first corn Bob has shucked since he left good old Nebraska thirteen years ago.

Mr. Lingo hurt his back and has resigned his position at Will Fishers. He left for Oklahoma Wednesday where he will spend the winter.

Alfred Manley was on the sled the last of the week but is improving at this writing. It is more than we expected on Thanksgiving for the way he ate did surprise the natives.

Some one was little enough to steal a load of corn from Jay Pope's crib on Friday night. We are sorry to think that there is anyone in Nebraska that is little and low down enough to steal corn when there is so much call for men to work.

**GUIDE ROCK**

Mrs. W. J. Harris is still confined to her bed.

Ed. Parker took his small sons and several other boys for a hunt Thanksgiving afternoon.

Joe Hoskins and family moved to the country Monday.

Mrs. J. D. Andrews of Lincoln is the guest of her sister, Mrs. Wm. Sawyer. Mrs. Parsons and Miss Burwell, Guide Rock teachers visited at Red Cloud from Friday till Sunday.

Rev. E. L. Barch of the M. E. church preached the Thanksgiving sermon at the Baptist church Thursday morning. James Watt and wife have been visiting several days in the Maple Grove neighborhood south of the river. Mrs. Parsons of Wilsonville accompanied by two small children has been the guest of her daughter, Mrs. Harvey J. Milner.

Mrs. Floyd Simpson who fell at the risk breaking her left wrist is getting along very nicely considering the seriousness of a broken bone at any time.

The basket ball games here Thanksgiving day were interesting. The High school girls defeated the town girls by a score of 7 to 3 and the High school boys defeated the town boys by a score of 22 to 3.

Mrs. E. E. Cathart and two little daughters are here from Dakota the guests of Mrs. and Mrs. J. M. Roland, parents of Mrs. Cathart. Mrs. Roland has been quite poorly for some months but is thought to be improving.

The annual temperance Sunday school rally was held at the M. E. church Sunday afternoon. The W. C. T. U. the Young People's Branch and L. T. L. all taking part. There were addresses, talks, songs, readings and recitations. The various pastors were also on the program. It is said to have been most interesting.

**Widow's Pension.**

The recent act of April 19th, 1908 gives to all soldiers' widows a pension of \$12 per month. Fred Maurer, the attorney, has all necessary blanks.

The recent election has brought out many interesting facts. The most important of which is that an office seeker, no matter whether it be for a county, state or national office, must travel "the straight and narrow path." He must come out flat-footed and state publicly and personally on which side of the many important issues he stands. The old-time campaigners have seen their day. Not so many years ago a candidate for a public office could go thru the village making stump speeches and leading parades thru the village streets with brass bands and flaming torches. That sort of campaigning has also seen its day. Voters all over the country, especially farmers and laboring men, are waking up to the fact that in days of yore they were simply the dupes of political grafters. In those days a jug of "bug juice," a box of old Virginia Cheroots and a little political "salve" would give a candidate more votes than all the speeches he could make. Nowadays the farmers and laboring men study politics, they realize that it is for their own welfare that they should do so and the candidate who hoodwinked them must be up to snuff. Of course now and then a candidate may do it, but his life is short lived and he will usually go down into the grave of the one termers. The people want office holders who are clean, honorable, upright men, men who will come out and face their opponents on the battle field and fight for what they think is right. They want office holders who will come out, when making their campaign, and state exactly where they stand, they want them to take sides on all the important issues of the campaign and not straddle any of them. The day of tag has also seen its time, as has also the cross-fired, cross-tongued, straddling candidate. The farmers and laboring men are not the fools some people take them to be and the sooner the candidate for public office realizes this the sooner will we have good, clean politics. The bitter pill which some of the straddlers had to swallow at the last election is a lesson which should not be forgotten by candidates who enter politics at the next election and hope to win. "Come out flat-footed and take sides one way or the other and tell the people where you stand" will no doubt be the advice handed out by political managers to their office-seekers in the future.—Alma Record.

**Christian Hansen**

The world famous violinist will appear in the Congregational church Dec. 9th at 8:15 p. m.

The Altona Independent Journal speaking of him says: "It is not in our province to give him such praise as is due his ability, but we voice the sentiment of the entire community, when we say such marvelous playing as he did was never before heard in this city. In a word, he is a very, very great artist." Says the Seattle Daily Star "when he removed three strings from his fiddle and played the mocking bird with variations on one string the applause was deafening." Tickets for sale at Cotting's store. **A Word of Thanks.**

I wish in this manner to publicly express my appreciation of the splendid support given me by the people of the 29th Senatorial District at the recent election. Although defeated by a close vote I can not but feel grateful for the confidence and esteem of so large a proportion of the voters of the district as expressed at the polls. I thank you one and all most heartily.

While not successful I am still proud to say I am a citizen of Nebraska—the best state in the union. Friends and fellow countrymen, we are the citizens of no mean state. Politically speaking, Nebraska will appear to about half of us at its very worst today. It will seem to that half of us as if the demitition bow wows were growing at our very door. But they aren't. The ambitions and strifes of men are a passing dream, a tale soon told and sooner forgotten. The "issues" that today are "decided" one way may soon be "re-decided" another, and always the question will stare us in the face, "What is the Truth?"

But the corn and the wheat and the live stock and the hay and the chickens will keep right on coming! The millions of fertile acres will remain, and wax in their fertility. "The Great American Desert" of forty years ago will continue to burgeon and to blossom. In spite of republican heresies or democratic vagaries, in spite of brewers or prohibitionists, Nebraska, with its inexhaustible natural wealth, its energetic and healthy people, its schools and colleges, its culture and its conscience, will march onward to greatness and power and increasing plenty.

Let us be joyful—or as joyful as we can. And let us have peace.
