Louis Manley's little daughter Emma was quite sick last week but is some better at this writing.

Mrs. Chris Hansen left for Oklahoma on Thursday night to visit with friends and relatives for a month.

The basket supper and spelling school was well attended in Dist. 85 on last Friday night. It put us in mind of the spelling schools we use to have a hundred years ago for it was fine as well as instructive. Paul White stood up the longest in Dist. 85 and Ina Drake was the last one on the floor from the south district but being against two school teachers she had to give way and then Mr. Waskom spelled his better half down and all was over.

We need some money QUICK. To get it we are making some extra special prices on every watch in our stock and untill February 18th we will sell any watch in our stock at wholesale cost. This is the greatest chance you have ever had to get a watch at such money prices. Our stock just now is full and complete but the prices we are making will soon clean it out.

From this date we do only a cash business, selling nothing on time and in order to make the change we must have money at once and this is the best way we know to get it, hence your chance to own a watch at what it cost us.

Don't delay as the watch you want may be gone and these prices apply only to stock on hand.

THEY BUY SHORTFED STEERS

Illinois Feeders Take What Nebraska Doesn't Want to Finish.

E. H. Hunter of Red Cloud, Neb., brought in yesterday two carloads of choice long yearling Colorado steers that he had fed about two months that brought \$5.90. They weighed a little better than 900 pounds. The purchaser of this bunch of shortfed steers was W. E. Epperly of Joy, Ill. Such transactions as this occur daily on this market. The Illinois feeders are here buying the shortfed steers from Kansas and Nebraska.
"I will put these steers in the dry lot and feed them on a ration of corn and clover hay until late next summer, or perhaps until September," said Mr. Epperly. "I am a long feeder. There is nothing in short feeding, or at least I have seen very few cases where it paid out. By the time I get through with these steers they will top any market the map."—Kansas City Drover's Journal.
