Far East and Far West Under one Canvas

Buffalo Bill's Wild West and Pawnee Bill's Far East Show under the same Tent in Hastings, Aug. 17, 1911.

In making the above announcement Buffalo Bill the famous old scout is taking his farewell to public life and making a last bow to each city. Arrangements have been made with the railroad officials to give excursion rates on that date thus affording the people of this vicinity an opportunity to visit the exhibition at a minimum expense. The general style of the combined entertainment remains the same and the Far East contingent will represent an Oriental spectacle of great splendor. This show will exhibit many new features in trained animals and all the old features of the wild west will be better than ever.
