Mabel Day Albright, County Supt.

To the Voters and Tax Payers of Webster County

Now that election is over I take this method of branding as false the report circulated through the different precincts of the county just a few days before the last Primary for the purpose of defeating me. Said report was to the effect that at the last session of the legislature "Lindsey voted to double the pay of the Senators and Representatives making a big tax on the people and thus putting money in his own pocket."

Twenty five years ago such a report would have been branded as a POLITICAL LIE. While the English language has not changed much yet I would dislike to speak in such terms of these gentlemen perverters "who so belittle themselves in spreading broad cast such untruths." The naked facts as they appear upon the House Records are that from all the Representatives from the entire state only TEN votes were cast against that Bill and that Lindsey cast ONE of them.

Let just credit be given when due.

The following list is a copy of the Record for and against the bill:

ARTHUR E. HOWARD,

The position I took in the interest of the tax payers and especially the recorded vote upon the Telephone Merger bill, The Bucket Shop bill, The Sunday Base Ball bill and many other bills besides my personal work upon the different committees should be a credit to any manly citizen and should not belittle him in the eyes of any respectable citizen regardless of his creed or political achievements.

In conclusion I desire to thank my friends who have been loyal to me and to announce at this time that I will be a candidate for re-election as Representative of Webster County at the April Primary subject to the will of the Democratic and Peoples Independent Parties.

Yours for a Square Deal,
G. W. LINDSEY.
