 THE ONLY DEMOCRATIC PAPER IN WEBSTER COUNTY  
 FOR REPRESENTATIVE  
 I hereby announce myself as a candidate for the nomination for representative from the 6th district of Nebraska, subject to the will of the Democratic and Peoples Independent voters at the primaries to be held April 19, 1912. GEORGE W. LINDSEY.

Referring to the matter of the city election we wish to again call the attention of our citizens that we have the opportunity this year of electing a full board composed of business men and we ought not to neglect the chance. Every since we gained control of the Chief we have held to the doctrine that our business men owed to the city service. We all make our living here and in return for the privilege every man should be willing to take his turn and give a part of his time to the city. If it is once understood that every man must share the responsibility of government there will be such a small amount of opposition that it will not be worth considering. There is no use in lamenting any condition of the city so long as our business men hold aloof and refuse to serve on the council or in the mayor's office. We are pleased to note that there is a well defined sentiment in favor of letting byegones be byegones. This sentiment is strongly in favor of our best men holding the city offices regardless to party affiliation or previous condition of servitude. Let no man say no.

**A Splendid Record.**

There was not a single bank failure in Nebraska during the year 1911. The state banks contain deposits amounting to \$73,886,047. There are 243,333 depositors in state banks. Seven new state banks have been chartered. That is a good record, and Nebraskans really ought to be proud of it.—Will Manjira's Weekly.

**Rigors of the Law.**

A recent press dispatch under a New York date-line says: "As punishment for carrying on a stock swindle by mail, alleged to have extended over a period of two years and to have netted millions, four promoters of the firm of Burr Brothers were each sentenced today to serve a year's imprisonment on Blackwell's Island." The headlines say: "Jail for Swindlers—Perpetrated Long Series of Frauds—Promoted Oil, Mining and Railroad Projects Over a Series of Years—Sold Aggregate of Fifty Million Dollars of Stock—Their Profits Fifteen Millions!" The sentence imposed was about the same that is commonly inflicted for slapping a policeman. We do not say it was inadequate; but we seem to recall a case that occurred about a year ago, where a youth who was entrusted with a special-delivery letter

and stole five dollars from it was sentenced to something like five years! We do not think any one can say exactly what the punishment for a given crime should be; but it seems clear that if this punishment was adequate then the ordinary snatched thief or pick-pocket, instead of being sentenced at all, should be apologized to and presented with a new suit of clothes. Perhaps, to speak by the card, there is not in this country one law for the rich and another for the poor; but, generally speaking, there is a vast difference in the rigors of the law as between the crimes of the poor and the crimes of the rich. Under this head see recent convictions in smuggling cases in New York.—The Saturday Evening Post.

**The McNamaras**

The Herald has not commented on the trial of McNamara brothers because it makes it a rule to discuss the merits of a case that is before a court of justice, and now it would deal in the broadest sense with what this confession of astounding and terrible guilt means to the country. No tomb these men ever exploded in their campaign of terrorism to enforce their dictum as to terms of employment ever did one millionth part of the damage to property that was done to the honorable cause of labor by the explosion of a bomb in the court room at Los Angeles. Fraternalized workingmen everywhere who have been contributing from their wages to the defense fund will now realize what they have not realized before. They have been led badly. Leadership that ends in such a situation for some millions of respectable men is not the leadership that will bring permanent improvement to the condition of wage earners. It was under such leadership that organized labor leaped forward as one man to the defense of the prisoners. The type must change; the methods must change; the persistent widening of the breach must cease if the position of labor is to be benefited by organization.

Out of it all we believe good, great and lasting, will come. But it will surely not come through social revolution nor through the constant preaching against the courts and men who have money. It is time for a revolution in labor thinking.—New York Herald.

**BATIN**

Will Kudrna went to Cowles Monday.  
 Frank Strobl and Vencl Zajic went to Cowles Monday.  
 Joe Havel and Bert Tennant traded some cattle last week.  
 Charley Novak and wife spent Sunday with Mike Strobl Sr.  
 Its been thirty below zero in this locality. That's going some.  
 Louis Zajic has gone to Grand Island where he is attending college.  
 Adolph Sidlo's youngest boy is very sick with pneumonia and blood poison.  
 Frank Vavricka and wife visited Sunday with Charley Harris and wife.  
 Vencl Kudrna who has been sick for the past two weeks is improving slowly.

Vencl Zajic has a horse that's been sick for the last week and it don't seem to get any better.

Frank Watkins had trouble with his well, but by calling on John Wittwer and Mr. Denny for help they soon had it in working order.

There is some rumor about having a wolf hunt in this locality. That would be the right thing as the wolves can be seen from five to eight in a bunch. Let's get together boys and kill them.

**COWLES**

We are having moderate weather again.

F. A. Good is taking treatment in an Omaha hospital.

Chas. Brubaker was in Red Cloud between trains Wednesday.

L. P. Albright of Red Cloud was testing the stability of the bank Wednesday.

Henry Brubaker has commenced plastering his new store building, the work being done by Harry Dalbick of Red Cloud.

Remember the Farmers' Institute to be held February 2 and 3d. Every farmer should be on hand and attend both day sessions or he will miss something that he should know.

The state superintendent will speak in Cowles on the combination of the rural school districts on February 1st. Remember this date and all be there who are interested in having an up-to-date school in this community. It is surely a step in the right direction.

We understand that our corporation papers which we have before the county commissioners were gotten up rather hurriedly and are not what any of us would want. They were gotten up by home talent and were not specific enough in the language used nor did not cover enough territory, the right-of-way of the railroad being left out altogether.

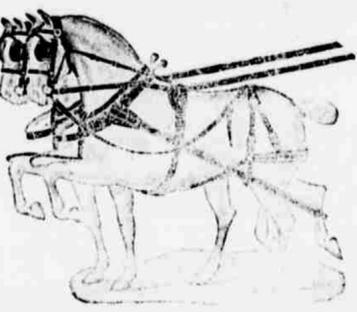

C. C. Goldsberry and Earl Paul came down from Hastings last week to visit relatives. Mr. Goldsberry was raised from childhood by Uncle Dave Paul. His mother, who was a sister to Mr. Paul, died when he was seven years of age. Mr. Goldsberry now lives in Central City.

The A. O. U. W. lodge installed their officers Saturday evening, the following were installed: P. M. W. Toss, Deakin; M. W. Moe, Assistant; Captain, Geo. Bell; Guide, J. L. Fuller; Receiver, T. J. Chapin; Recorder, Thos. Deakin; Financier, Chas. C. Bennett. After the installation the lodge members proceeded to Ray Scott's restaurant and helped themselves to a large dish of oysters.

**Bald Heads Not Wanted**  
 Baldness is too Generally Considered a Sign of Advanced Age

A bald-headed person does not have an equal chance with one blessed with a healthy head of hair, because baldness is too generally accepted as an indication of age. Many large corporations have eschewed an age limit, and refuse to take men over 35 years of age as new employees. Probably 65 percent of bald-headed people may regain a good head of healthy hair if they will follow our advice and accept our offer. We have a remedy that we positively guarantee to grow hair on any head, unless the roots of the hair are entirely dead, their follicles closed, and the scalp has become glazed and shiny. We want people to try this remedy at our risk, with the distinct understanding that unless it does exactly what we claim it will, and gives satisfaction in every respect, we shall make no charge for the remedy used during the trial.

We know exactly what we are talking about, and with this offer back of our statements no one should scoff, doubt our word, or hesitate to put our remedy to an actual test. We want everyone in Red Cloud who

is suffering from any scalp or hair trouble, dandruff, falling hair, or baldness to try our Rexall "93" Hair Tonic. We want them to use it regularly—say until three bottles have been used and if it does not eradicate dandruff, cleans and refresh the scalp, tighten the hair in its roots, and grow new hair, we will return every cent paid us for the remedy for the mere asking. There is no formality expected, and we exact no obligation from the user whatever.

We are established right here in Red Cloud, and make this offer with a full understanding that our business success entirely depends upon the sort of treatment we accord our customers, and we would not dare make the above offer unless we were positively certain that we could substantiate it in every particular. Remember you can obtain Rexall Remedies in this community only at our store—the Rexall Store, The H. E. Grice Drug Co.

**Notice**

The Degree of Honor will have a Basket Supper Tuesday, Jan. 20. A special invitation is extended to all the A. O. U. W., and their families and the D. of H., members' husbands and sweethearts. Notice the program next week.
