THE WAY NOWADAYS.

Hoax—My daughter has reached the age when a girl begins to think of marriage. Joax—Just seven years old, eh?

Coming Financier.
In a certain country village, where co-operation has a firm hold on the inhabitants and where the "trading check" habit also flourishes, one little girl proudly called to another: "We've got a new baby at our house!" "Where did you get it?" was the reply. "Oh, the doctor brought it." "Now, why?" queried the thrifty little sympathizer, gravely. "didn't you buy it at the store and get either a dividend or a trading stamp? The doctor doesn't give either, does he?"

Not Militant.
"The social function at Mrs. Come-up's the other afternoon ended in a drawn battle."
"What? Not a quarrel?"
"No, just a tea-fight."

Ever notice how much easier it is to go from bad to worse than from good to better?

SURPRISED DOCTOR.
Illustrating the Effect of Food.

The remarkable adaptability of Grape-Nuts food to stomachs so disordered that they will reject everything else, is illustrated by the case of a woman in Racine, Wis.
"Two years ago," she says, "I was attacked by a stomach trouble so serious that for a long time I could not take much of any sort of food. Even the various kinds prescribed by the doctor produced most acute pain."
"We then got some Grape-Nuts food, and you can imagine my surprise and delight when I found that I could eat it with a relish and without the slightest distress."
"When the doctor heard of it he told me to take several small portions each day, because he feared I would grow tired of it as I had of all other food."
"But to my surprise, (and that of everybody else), I did not tire of Grape-Nuts, and became better day by day, till, after some weeks, my stomach entirely recovered and I was able to eat anything my appetite craved."
"My nerves, which had become so weakened that I feared I would become insane, were also restored by the Grape-Nuts food in connection with Postum which has become our table beverage. I appreciate most gratefully and thankfully the good that your food preparations have done me, and shall be glad to answer any letters inquiring as to my experience." Name given by Postum Co., Battle Creek, Mich.

IS FATALLY BURNED

HUMBOLDT CHILD'S CLOTHING IGNITED BY KITCHEN FIRE.

NEWS FROM OVER THE STATE

What is Going on Here and There That is of Interest to the Readers Throughout Nebraska and Vicinity.

Humboldt—The 9-year-old daughter of Will Collins and wife received fatal burns at her home here. The little girl's clothing became ignited while putting coal in the kitchen stove. The mother attempted to extinguish the flame, but the child rushed from the room out into the open air, and before the blaze could be extinguished she had inhaled the flames and received burns which proved fatal, death occurring the following morning.

Many Pay Last Tribute.

Grand Island—The funeral of James M. Dunkel, sheriff of Hall county, who was accidentally killed by a Union Pacific train at Chapman last week, was held from the court house, the Rev. L. L. Lipe of St. Paul's English Lutheran church officiating. Fully 2,500 people are estimated to have called at the building during the afternoon. All of the halls, corridors and rooms were filled and only about one-tenth of the assembly could be seated in the court room, where the services were held.

His Mind a Blank.

Fremont—J. W. Allberry, a Sunday school missionary for the American Sunday school union, caused the police a two days' search and his family and friends much worry by mysteriously dropping out of sight for a period of two days. He returned with his feet frozen and only \$2 left of a \$20 bill. With regard to his conduct or his experiences, Allberry's mind seemed to be a blank.

Bible Reading Imperative.

Kearney—A resolution has been adopted by the board of education making it imperative that the Bible be read in the public schools. It was also resolved that copies of the ten commandments and the Lord's prayer be conspicuously posted on the walls of every school room.

Some Cold at Lynch.

Lynch—The thermometer report for this place last week is as follows: January 9, 10 below; January 10, 10 below; January 11, 20 below; January 12, 40 below. This is the record of the government thermometer.

NEWS FROM THE STATE HOUSE.

Congressman George W. Norris has filed application for nomination for United States senator. Governor Aldrich was the speaker at the meeting of the State Volunteer Firemen's association at Kearney. Henry Howard of Elk Creek, formerly commandant of the soldiers' home at Millard, has filed as a republican candidate for state land commissioner. Three hundred corporations doing business in the state have had their charters forfeited through failure to pay the corporation tax to the state, according to law.

A "blue sky" law similar to the one now in operation in Kansas was unanimously endorsed for passage in Nebraska at the recent meeting of the state board of agriculture. During the month of December the state used \$333 worth of sugar in state institutions, over \$3,000 worth of meat and over \$14,000 was spent for fuel and lights. Vouchers allowed for supplies for state institutions for the month of December aggregate \$86,251.47, according to a compilation by Land Commissioner Cowles.

Following an effort made to organize a state peace society in Nebraska, several of the out-in-the-state towns have responded and have indicated that they would start activity in that direction at once. Professors Howard and Fling of the state university and the Rev. A. L. Weatherly of Lincoln are prominently identified with the movement. State Treasurer George will call in \$150,000 of registered state warrants. This will wipe out about half of the list of outstanding state warrants. Judge James C. Quigley of Valentine has written the game warden that the snow and continued cold has killed a large number of quail in Cherry county, and if present conditions prevail much longer there will be no quail left. He laments this outlook, because quail had increased in numbers under the state protective laws.

Thomas L. Sloan of Pender, an attorney who lays claim to Indian ancestry, has filed nomination papers as a democratic candidate for representative in the legislature. State Fire Commissioner Randall estimates the total fire loss in Nebraska last year as something over one and three-quarters million dollars, as compared with more than \$2,100,000 the year previous. His figures indicate that while the loss was smaller, the number of fires in the state was about 10 per cent more in 1919 than in 1910.

BRIEF NEWS OF NEBRASKA

Resale is figuring on putting in a system of waterworks this spring. The Kearney Commercial club will hold its annual "spread" February 2. The Franklin County Tribune, at Bloomington, has suspended publication. The cider factory at Peru shipped eleven carloads of cider the past season. The fine new \$20,000 opera house at Palmer was totally destroyed by fire Sunday. Revival meetings at Sterling are being well attended and much interest is manifested. Capt. Cyrus N. Baird, pioneer of Lincoln, early postmaster and prominent citizen, is dead. The Cuming county farmers' institute will meet at West Point, January 31 and February 1, 1921. The annual meeting of the Nebraska State Press association will be held in Lincoln, June 3, 4 and 5. Dwight Mardis, of Peru, fourteen years of age, was a victim of coasting, having had one of his arms broken. The Dodge county board has decided to increase the dike work at the head of Fremont island in the Platte river. O. T. Little of Humboldt may lose the sight of an eye as the result of a mass of mortar striking that organ while plastering. Henry C. McMaken, one of the oldest pioneers of the state, is dead of Bright's disease and heart trouble at Plattsmouth, aged 72. The Rev. George B. Taft of Norman, Okla., who has accepted the pastorate of the Hastings Baptist church, has arrived with his family.

The Alliance postal savings depository has been made a general depository for all of the smaller depositories in northwestern Nebraska. Mrs. L. F. Roach, wife of Rev. I. F. Roach of St. Paul's Methodist church at Lincoln, is dead of blood poison contracted several weeks ago. The Farmers' Elevator company at Shickley totaled a business of nearly 300,000 bushels of grain last year and netted a profit of over \$4,000 as a result. There were twenty-four applicants for the position of janitor of the Gage county court house before the county board. H. E. Palmer of Beatrice has landed the job. M. M. Johnson, inventor and owner of the Old Trusty incubator, manufactured at Clay Center, is dead at Idaho Springs, Colo., where he went in August of his illness. A mass meeting is called at Pawnee for January 22 to take steps to replace the school building recently burned there, and to secure additional educational facilities. The biennial conference of the Seventh Day Adventist church, now in session at College View, is one of the largest in the history of the church and will last three weeks. Nebraska farmers are feeling extremely good over the snow lying on the ground for so extended a period. They say it insures a record-breaking growth in the spring for wheat.

The Rev. C. F. Stevens, pastor of the Central Christian church of Seattle, Wash., has accepted a call to the Christian church of Beatrice, to succeed the Rev. J. E. Davis, who is soon to leave. Milton R. Powell, for many years a resident of Nebraska City, has been elected president of the Young Men's Christian association at St. Joseph, and will use his best efforts to raise the \$25,000 that is needed by the association of that city.

Sixty horses have died during the past week in the vicinity of Firth and Hickman. Though an attempt has been made to find the cause, little headway has been gained. The symptoms are similar to those which follow the eating of loco-weed. A coroner's jury failed to clear all the mysteries surrounding the sudden accidental death of Postmaster Charles A. Brandt of Glenville, who was found in a dying condition beneath his automobile in his private garage near his residence at that place. A movement is on foot in north-eastern Nebraska to develop the power of the Niobrara river for the purpose of furnishing current for the operation of electrical trains between South Sioux City, through Jackson Ponce, Martinsburg, Hartington, Bloomfield and Center to Niobrara and a branch line from Center through Verdigris and Walnut to Mincola.

Four Hastings young people, Miss Maude Harter, Miss Cora Willey Charles Hammer, and Chris Roush escaped possible death or serious injury when an automobile turned turtle on the asylum road, near that place. Twenty-four years ago January 12 Nebraska was in the grip of the "big blizzard," in which nearly one hundred lives were lost. Nearly half that number occurred in this state, while Iowa and other surrounding states suffered severely. Students of that state attending the university will organize a Missouri club. James Stewart fell off an engine in the Fairbury yards with a torch in his hands which, exploding, burned him severely. During a fire in the Steinauer high school the pupils were marched out in perfect order by the principal in less than five minutes.

By the overturning of a stove in his mail cart, which destroyed a quantity of mail matter, M. H. Isabel, a rural carrier at Plattsmouth, was severely burned, cut and bruised.

LOST 61 POUNDS.

Another Terrible Case of Gravel Cured By Doan's Kidney Pills. Chas. Underston, 50 W. 41th St., Chicago, Ill., says: "Kidney trouble ran me down from 196 to 136 pounds and I was but a shadow of my former self. Oh! how I suffered. I became so bad the doctors said my left side was paralyzed. I could not walk without assistance. I grew worse and went to a hospital but was not helped. My friends all thought I would die. Three weeks after I began taking Doan's Kidney Pills, I passed a gravel stone as large as a pea. The stones continued to pass at intervals. I passed eleven in one day. Doan's Kidney Pills finally cured me and I have had no kidney trouble since."

An Every-Day Creed. I desire to radiate health, cheerfulness, sincerity, calm courage and good will. I wish to live without hate, whim, jealousy, envy or fear. I wish to be simple, honest, natural, frank, clean in mind and clean in body, unaffected, ready to say "I do not know" if so be, to meet all men on an absolute equality, to face any obstacle and meet every difficulty unafraid and unabashed. I wish others to live their lives, too, up to their highest, fullest and best. To that end I pray that I may never meddle, dictate, interfere, give advice that is not wanted, nor assist when my services are not needed. If I can help people I'll do it by giving them a chance to help themselves; and if I can uplift or inspire, let it be by example. That is to say, I desire to be radiant—to radiate life.—Elbert Hubbard.

The Thin Girl's Temper.
No thin woman can afford to lose her temper. "Nothing," says a good authority, "will make you so angular or give your face such an undesirable look as the free indulgence of your own will." A girl who was thin to a really painful degree gained 30 pounds in 60 days on the following regime: Twelve hours sleep a day; a well-ventilated and cold room to sleep in, with plenty of fresh air all night; light down covers for warmth and hot-water bags at the feet if they are cold; loose, light clothing at all times, with plenty of space about the chest, shoulders and waist; a diet of cereals, cocoa, fresh fruits or starchy vegetables, potatoes, beans, etc., milk and cream—everything of a warming, fat-producing nature in the way of food; warm baths, though not too frequently.

"Those Youthful Prodigies."
"Will wonders never cease?" said Jones to his wife. "Here is an account of a six-year-old boy who can work the most difficult problem in algebra." "Remarkable!" admitted Mrs. Jones, "but I know a four-year-old girl that knows Greek. Where does your little wonder live?" "In Boston. Where does your linguistic marvel live?" Mrs. Jones gazed out of the window with a far-away look in her eye as she answered: "In Greece."—National Food Magazine.

THE HOME LIFE OF THE SETTLER

WESTERN CANADA AFFORDS ALL THE COMFORTS AND MANY OF THE LUXURIES.

A young lady of Wisconsin secured a certificate at the Milwaukee office of the Canadian Government, and on presenting this to the ticket agent of the railway at the Canadian boundary line she secured a ticket at a reduced rate which carried her to Edmonton, Alberta, from which point, about forty miles, she had friends. This was a couple of years ago, and the young lady is now married to one of the promising young farmers of the district.

In writing of her trip to the Milwaukee representatives of the Canadian Government she says: "I enjoyed my trip up here very much, and expect to go out to our homestead in the Pembina district next spring." To the housewife the information that she has "put up twelve quarts of raspberries" is important, as they "picked them themselves," and they might have picked ten times the quantity if they had required them, for there is no country where wild fruit grows in such abundance. The letter goes on to say, and this is interesting from a woman's standpoint, "the country is very beautiful." Speaking of the friends with whom she went up to live, she says: "They certainly have a beautiful farm and house—they had been there about four years, also going from Wisconsin—they have about twenty acres of oats and barley, five acres alfalfa, three acres potatoes and I don't know how many of vegetables. I think they have about forty acres under cultivation altogether. They are now draining a stough which they will afterwards plow and put into fall wheat. They also have a large herd of cattle, and Mrs. C. has about 100 chickens. They make on an average of 30 pounds of butter every week. I never saw such grand cream."

Now these people are enjoying life in Alberta; they have a splendid climate, excellent prospects, and are happy that they are part and parcel in the working out of the upbuilding of a new country, that will take its place amongst the progressive countries of the century. Numbers of letters that express satisfaction as extreme as the one quoted appear in literature sent out by the Canadian Government and which may be had on application to any of its agents.

The Fountain Head of Life Is The Stomach

A man who has a weak and impaired stomach and who does not properly digest his food will soon find that his blood has become weak and impoverished, and that his whole body is improperly and insufficiently nourished.

DR. PIERCE'S GOLDEN MEDICAL DISCOVERY makes the stomach strong, promotes the flow of digestive juices, restores the lost appetite, makes assimilation perfect, invigorates the liver and purifies and enriches the blood. It is the great blood-maker, flesh-builder and restorative nerve tonic. It makes men strong in body, active in mind and cool in judgment.

This "Discovery" is a pure, glyceric extract of American medical roots, absolutely free from alcohol and all injurious, habit-forming drugs. All its ingredients are printed on its wrapper. It has no relationship with secret nostrums. Its every ingredient is endorsed by the leaders in all the schools of medicine. Don't accept a secret nostrum as a substitute for this time-proven remedy of known composition. Ask your neighbors. They must know of many cures made by it during past 40 years, right in your own neighborhood. World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

IOWA WOMAN WELL AGAIN

Freed From Shooting Pains, Spinal Weakness, Dizziness, by Lydia E. Pinkham's Vegetable Compound.

Ottumwa, Iowa.—"For years I was almost a constant sufferer from female trouble in all its dreadful forms; shooting pains all over my body, sick headache, spinal weakness, dizziness, depression, and everything that was horrid. I tried many doctors in different parts of the United States, but Lydia E. Pinkham's Vegetable Compound has done more for me than all the doctors. I feel it my duty to tell you these facts. My heart is full of gratitude to Lydia E. Pinkham's Vegetable Compound for my health."—Mrs. HARRIET E. WAMPLER, 524 S. Ransom Street, Ottumwa, Iowa.

Consider Well This Advice.
No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial. This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for nearly forty years proved to be a most valuable tonic and invigorator of the female organism. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
