THE ONLY DEMOCRATIC PAPER IN WEBSTER COUNTY

FOR REPRESENTATIVE

I hereby announce myself as a candidate for the nomination for representative from the 40th district of Nebraska, subject to the will of the Democratic and Peoples Independent voters at the primaries to be held April 19, 1912. GEORGE W. LINDSEY.

They've all got to take their hats off to Nebraska!

The road to success is paved with good advertisements.

In advertising always say what you believe, if you wish people to believe what you say.

Washington was opposed to third terms on principle, but George wouldn't amount to shucks by the side of Teddy were George alive today.

More moisture has fallen this winter than for many years and the ground is in most excellent condition. Winter wheat is in prime condition and the outlook is very bright for another bumper crop. Farmers tell us that if this moisture is properly conserved it will be sufficient to mature the wheat crop without another drop of rain. Surely the soil was never in better condition and there are great possibilities for 1912.

Pull together, brethren. We are all here for the same purpose. Then live and let live. The best way to build up a town is for each and every man to pull together and not strive to rend and tear down. All the residents of a town are partners' not opponents. In all likelihood the more business done by your rival the more you will do. Every merchant who treats his customers honestly and fairly will get his share and the more business that can be secured by united effort, the better it will be for all.

We owe it to the community in which we live to do everything we can in every way possible that will be to its advantage. Our neighbor's prosperity means a great deal more to us than someone's who lives elsewhere. We should bear this in mind in buying our goods. We can afford to pay our home man a firm price for his wares rather than send our money away, knowing as we do that every dollar our own citizen makes will help in sustaining our schools, churches and public institutions. It pays richly to patronize home industry.

Now that the business men of the city have selected a set of business men for city officials we trust that the republicans and the citizens can see their way clear to endorse these candidates. We have heard harmony preached on the street, in the stores and at

all gatherings for the past six months and the opportunity to put this harm into practice. It makes no difference whether you admire these men personally or not the fact cannot be denied that they are all successful business men and would make excellent officers. If these men cannot solve our problems who can? We have persistently advocated having but one ticket this year and this way seems to open for the carrying out of this idea. We all want better conditions, these men are willing to accept the responsibility let us give them our hearty support.

Nebraska produced more agricultural wealth per capita in 1911 than any other state, and performed the feat upon fewer acres per thousand dollars of wealth produced. Statistics are not at hand to verify the claim, but Will Maupin's Weekly is willing to wager a doughnut against the hole that Nebraska has fewer convicted criminals per 100,000 of population than any other state, fewer convictions for misdemeanor per 100,000 of population than any other state, fewer dependents upon public charity per 100,000 of population than any other state, more churches per 100,000 of population than any other state, more school houses per 100,000 of population than any other state, and fewer illiterates per 1,000 of population than any other state. —Will Maupin's weekly.

The officials of the Anti-Saloon League may be very good and wholly conscientious gentlemen, but when it comes to a knowledge of law they are wholly deficient. They protest against the constitutional amendment allowing cities of 5,000 or more to make their own charters, based on the fear that such cities would thus be able to contravene the constitution and statutes, is nothing more nor less than an exhibition of ignorance of the proposed amendment, which specifically provides that "any city having 5,000 or more inhabitants may form a charter of its own government consistent with and subject to the constitution and the laws of this state." The trouble with people obsessed of one idea is that they see in every proposition a menace to their own particular hobby. But the officials of the Anti-Saloon League must always be doing something, else the collection baskets might miss their regular trips. —Will Maupin's weekly.

Will Maupin has announced himself as a candidate for the nomination on the democratic ticket for railway commissioner and true to his character he states in plain terms that his object in making the race is to secure the three thousand dollar salary that goes with the job. He makes it clear that there was no large popular demand for him to come out but on the contrary he is acting on his own motion and his own advice. And why not? Why should not all candidates be frank? It is true that there are occasions which bring men out for certain offices regardless of their own will but under our present primary system it takes a terrible jolt to get the great public to demand a man to "sacrifice" himself.

But Brother Will is in the race and we cannot see why a newspaper man of twenty-five years experience in the state should not be a first class man to have on this commission. If there is any man who is in touch with public matters it is the newspaper man who has been in the thick of the fray like Will Maupin. Of one thing we would all be certain and that is the public would know every minute just what was going on and you can rest assured that Will knows nothing but honesty and fair dealing. The people do not want more than is coming to them and the railroads may always be depended upon to act fairly if a matter is presented to them fully.

Notice of Convention

The Republican city convention will be held on Monday, March 4th, in the court house at 7:30 o'clock in the evening. A Warning Against Wet Feet

Wet and chilled feet usually affect the mucous membrane of the nose, throat and lungs, and in grippe, bronchitis or pneumonia may result. Watch carefully, particularly the children, and for the racking stubborn coughs give Foley's Honey and Tar Compound. It soothes the inflamed membranes and heals the cough quickly. Take no substitute. Sold at Dr. Cook's drug store.

A Great Discovery

Certain Ingredients That Really Promote Hair Growth when Properly Combined

Resoren is one of the most effective germ destroyers ever discovered by science, in connection with Beta Naphthol, which is both germicidal and antiseptic, a combination is formed which destroys the germs which rob the hair of its natural nourishment, and also creates a clean, healthy condition of the scalp, which prevents the development of new germs. Pilocarpin, although not a coloring matter of dye, is a well-known ingredient for restoring the hair to its natural color, when the loss of hair has been caused by a disease of the scalp. These ingredients in proper combination, with alcohol added as a stimulant and for its well-defined nourishing properties, perfect perhaps the most effective remedy that is known for scalp and hair troubles.

We have a remedy which is chiefly composed of these ingredients, in combination with other extremely invaluable medicinal agents. We guarantee it to positively cure dandruff and to grow hair, even though the scalp in spots is bare of hair. If there is any vitality left in the roots, it will positively cure baldness, or we will refund your money. If the scalp has a glazed, shiny appearance, it's an indication that baldness is permanent, but in other instances we believe baldness is curable.

We want every one troubled with scalp disease or loss of hair to try Rexall "93" Hair Tonic. If it does not cure dandruff and grow hair to the satisfaction of the user, we will without question or quibble return every cent paid us for it. We print this guarantee on every bottle. It has effected a positive cure in 93 percent of cases where put to a practical test.

Rexall "93" Hair Tonic is entirely unlike, and we think, in every particular, better than anything else we know of for the purpose for which it is prescribed. We urge you to try this preparation at our entire risk. Certainly we know of no better guarantee to give you. Remember, you can obtain Rexall Remedies in Red Cloud only at our store—The Rexall Store. Practice Will Make Perfect.

Practice thyself even in the things which thou deemest of accomplishing. For even the left hand, which is ineffectual for all other things for want of practice, holds the bridle more vigorously than the right hand; for it has been practiced in this.—Marcus Aurelius
