they are.

This company is here every day in  
the year ready for business and not  
here this week and gone next. They  
loan on any farm having the value in  
it improved or unimproved. You don't  
wait from two to four months for your  
money but surely get it on the day  
called for. They give the best option  
in the market.

In the early days of railroading in  
this country no restraint was laid on  
any employe from drinking and many  
of them were intemperate. Now rail-  
roads are virtually temperance socie-  
ties. Many companies will not per-  
mit any employe to be seen entering  
a saloon, nor under any circumstances  
to drink intoxicating liquors.

Thoroughly up-to-date, "Peck's Bad  
Boy" will be the attraction at the Red  
Cloud Opera House, Saturday, March  
16th. This popular comedy, which  
has amused hundreds of thousands in  
the past, is more attractive this season  
than it has ever been before and, from  
our exchanges, is giving the best of  
satisfaction wherever it is produced.

When you pull down the town in  
which is your home, you are pulling  
down yourself and your neighbor. Try  
and banish from your mind the mistaken  
idea that all good things are away off  
in some other locality. Give your  
town all the praise it can legitimately  
bear. It certainly will do you no  
harm and will cost you nothing; and  
above all patronize your home institu-  
tions—including the printing office.

Our exchanges have nothing but  
praise for "Peck's Bad Boy" which  
will be seen at the Red Cloud Opera  
House Saturday, March 16th. This  
popular comedy is improved in every  
way and thoroughly up-to-date.  
There's the same mischievous Bad  
Boy, Henry Peck; his chum, Jimmy  
Duffy, and his girl, Minnie, and the old  
German greaser, Schultz, furnished up  
and as bright as a new dollar. Clever  
specialties are introduced and a most  
pleasant evening's entertainment is a  
foregone conclusion.

The "New Belgians and Forward  
Movement" was inaugurated in this  
city last Monday evening at a meeting  
of the pastors and laymen of all the  
churches in the city at the Congrega-  
tional church. The meeting was ad-  
dressed by two earnest workers from  
London, Rev. D. H. Ireland, University  
Pastor of the Presbyterian church and  
E. S. Turner, state student secretary  
of the city Y. M. C. A. After listening  
to these earnest and enthusiastic speak-  
ers an executive committee was elect-  
ed as follows: V. B. Fulton, Chairman;  
L. L. Boren, Vice Chairman; C. H.  
Rust, Secretary; C. L. Cotting, Treas-  
urer.

A dollar bill may carry to its recep-  
tor the vilest infection. It is a sponge  
that takes up filth and disease germs  
from every hand through which it  
passes and from everybody with whom  
it comes in contact. We hope our delin-  
quent subscribers are not holding  
back their dollar bills for fear they  
may carry some contagious disease  
to us. If they are, we assure them  
we are safe having had the mumps,  
whooping-cough, measles, scarlet fever,  
small pox and a variety of other  
diseases, so bring along your dollar  
bills and we will give you a nice clean  
receipt for them.

Red Cloud appears to be threatened  
with a serious epidemic of building  
fever as soon as spring opens up. No  
less than six new residences have al-  
ready been arranged for, three new  
store buildings are being seriously con-  
sidered, and a large auditorium is also  
a strong possibility.

The Real Estate and Farm Loan  
Department in the Chief office has for  
sale a large list of Webster and Frank-  
lin county farms, the best and cheap-  
est all-purpose farms to be found.  
This part of the Republican Valley  
country is the heart of the Corn and  
Alfalfa belt, and is unexcelled for  
easy, thrifty farming. The soil is fer-  
tile and produces bountiful crops of  
corn, wheat and alfalfa, and this is  
one of the best districts in which to  
raise grain, hay and hogs, and feed  
cattle. Among their list are a number  
of farms that will pay good interest  
on the investment; several that can be  
purchased on easy payments and spe-  
cial deals, and many that will pay  
their way and grow in value. The  
prices vary according to quality, loca-  
tion and improvement. This country  
has good schools, rural mails, tele-  
phones, road roads, convenient mar-  
kets and shipping facilities, and every  
qualification necessary for profitable  
grain and stock farms, dairy farms and  
feeding stations. Land values, prices  
and terms that should interest any  
land-lunger or homeseeker. Also a  
number of desirable City Properties  
listed and several good local farm  
trades. Correspondence solicited.

Keep Plants Free From Dust.  
Dust is an enemy to plant life.  
Plants breathe through their leaves;  
therefore it is necessary to keep them  
free from dust. At least once a week,  
and often if the room is very warm  
or dusty, the plants should be put in  
the bath tub, on their side and gently  
sprinkled with a bath spray.

Watch About "Midnight Oil."  
People talk about the midnight oil  
as if it had some virtue attached to  
it. In truth, four times out of five,  
the midnight oil is mere over work,  
or means that you have neglected some  
duty to which you should have at-  
tended before the sun went below the  
horizon.—Edward Everett Hale.

**RED CLOUD ENCAMPMENT  
I. O. O. F., ENTERTAINS**

**Franklin and Guide Rock  
Lodges Present**

On last Thursday evening Red Cloud  
Encampment Branch I. O. O. F. had  
off a most successful entertainment in  
the Masonic hall, large delegations  
from both Guide Rock and Franklin  
Lodges being present. Five candidates  
for the Royal Purple Degree were in-  
dicated, two from this city and three  
from Franklin. By a special dispensa-  
tion from Grand Patriarch E. H. New-  
house, all three degrees were put on  
the candidates at this meeting. At  
the close of the lodge work, the meet-  
ing adjourned to the dining room  
where a sumptuous feast was served by  
H. Nuerberg, winding up with a smok-  
er and short speeches. Dan Garber  
informally presided as Toast Master  
and all joined in the hilarity of the  
occasion until the lateness of the hour  
compelled an adjournment in order  
that the Guide Rock boys could catch  
14 for home. Among the speakers of  
prominence present were George E.  
Hall, Hiram Techer, Judge Kelson and  
Mayor Chitwood of Franklin, John  
Hamilton and George McCall of Guide  
Rock, and George W. Hutchison, O. C.  
Teel, E. H. Newhouse and Harry T.  
Gilham of Red Cloud.

At parting all expressed themselves  
as more than pleased with the pleas-  
ures of the evening, and many expressed  
the desire for an early repetition of  
the occasion. There has always been  
only the friendliest of relations be-  
tween Red Cloud and each of the other  
two lodges, and this entertainment  
brought all three lodges in closest  
communion, established many new ac-  
quaintances and lasting friendships.  
Under the administration of Grand  
Patriarch Newhouse, the Encampment  
branch of Odd Fellowship in Nebraska  
promises to grow and develop with  
new impetus.
