The great and good work of these Doctors in the west during the past three years has gained for them a standing that places them in the high rank of specialism and merits for them the most implicit confidence in every vicinity they have visited in the state.

The DOCTORS that constitute this organization of specialists were selected from different parts of the country and are Medical Specialists of ability and success. The sole object in view, when organizing, that each one might be benefited and enlightened by the experience of the others which naturally of course is true, and has led them to success, which is shown by their many cures of diseases of the stomach, intestines, liver, blood, skin, granulated eyelids, nerves, heart, spleen, kidneys or bladder, rheumatism, dropsy, ulcers, weak lungs, and those afflicted with long standing, deep-seated, chronic diseases, that have baffled the skill of the family physician, should not fail to call.

According to their system no more operations for appendicitis, gallstones, tumors, goiter or certain forms of cancer. They are among the first in America to earn the name of the "Bloodless Surgeons," by doing away with the knife, with blood and with all pain in the successful treatment of these dangerous diseases.

If you have kidney or bladder troubles, bring a two-ounce bottle of your urine for examination.

Their Hypodermic Injection treatments for Cancer, Tumor, Tubercular Glands, Piles, Old Sores, is the best Curative treatment in the world.

Why Mrs. Cole is a Success

Mrs. Cole's Lectures are Life Pictures on Ivory. They are the result of years of study, and she delivers them with a force that leaves no doubt of her meaning. Her knowledge of her subjects is profound. Her interpretations of men and their motives and her dramatic portrayal of Events, arouses in her listeners a desire for a deeper knowledge of the lives of men who made history. She is not an IMITATOR. Her style is uniquely her own. The stilted method of the average platform speaker is absent in all she says and does. She combines grace of expression and depth of thought with a personal magnetism and platform presence which compels the admiration of all. Her talks linger in the memory and stimulate one to higher ideals and better living. They should be included in every Chautauqua program and Lecture Course as a stimulant to student and teacher. For highly intelligent audiences she will be in demand.
