## U.S. MARINES KILLED

### ARE SHOT DOWN IN NICARAGUAN BATTLE.

## FOR EQUAL SUFFRAGE IN 1914

### Nebraska in Fight Against White Plague—Missouri Women Will Send Delegation to Legislature.

Washington.—In a gallant assault, American marines and bluejackets drove the Nicaraguan revolutionary leader, General Zeledon, and his forces from Coyotepe and Barrancas hills, near Masaya, after a spirited fight, but in the action four privates of the United States marines were killed and a number were wounded. The victory of the Americans opened the way for the Nicaraguan government troops to assault the town of Masaya, which they took from the revolutionists, and the starving inhabitants were relieved. The insurrectionists' losses were heavy, while the government forces lost 100 killed and 200 wounded.

**Prepared to Fight White Plague.**  
Kearney, Neb.—In a modest but substantial way the state of Nebraska is now prepared to do something in the fight against tuberculosis. An "open air hospital" has been completed at the state institution for tubercular patients, situated near this place, and eighteen patients are now receiving treatment and there is room for many more. The institution is intended for indigent patients, but the present board has consented to accept a few patients who may care to pay for their care. In some states only incipient cases are received, but in Nebraska the law makes no provision and the most advanced cases are received.

## EQUAL SUFFRAGE IN 1914.

### Slogan of Missouri Women at a Called Meeting.

Sedalia, Mo.—"Equal suffrage for Missouri in 1914." This was the slogan adopted here at a called meeting of the Missouri State Equal Suffrage association. It was decided to send a delegation to Jefferson City in January and February to urge the legislature to submit a suffrage amendment to the people.

**Will Have Cork Legs to Spare.**  
Gary, Ind.—William Rugh, the newsboy who gave his leg to save the life of Ethel Smith, will have all the artificial legs a crippled centipede would require. Since his story became known he has been offered fifteen artificial limbs and only part of the country has been heard from. In addition, nearly \$1,000 has already been raised for him, contributions coming from Ohio, Texas, New York and the coast states.

**College Men to Save the Crop.**  
Fargo, N. D.—To aid in the saving of the thousands of bushels of grain yet unharmed because of the recent wet weather, nearly 1,000 men in the various colleges and high schools of Fargo have been given two weeks' leave of absence to work in the harvest fields. Members of the Fargo Commercial club will go into the fields hoping that by their example they may be able to inspire general cooperation in the state.

**Cashier Lost Neat Sum.**  
Lincoln.—Paper money amounting to \$280 was lost Saturday while Richard Mawe, cashier of the Armstrong Clothing company, was taking it to the First National bank. Mr. Mawe started to the bank with two bodyguards. When he arrived at the bank window to deposit it the money was gone.

**Nine Killed at Auto Race.**  
Philadelphia.—Nine men were killed as the result of an automobile race, in which a big car, owned by Edward Shaw, was hurled over the side of a bridge, falling seventy feet into a coal yard along the line of the Reading railroad in this place.

**Long Fall, but Little Hurt.**  
Washington.—Falling in an aeroplane from more than 2,200 feet in the air, and escaping with only a few scratches was the remarkable experience of William Kabitske, a professional aviator, at an army aviation school at College Park. Kabitske was attempting to complete a two-hour engine test and had flown thirty-four minutes when the engine suddenly stopped and the aeroplane started a rapid descent. The aeroplane was demolished.

**Becoming a City of Refugees.**  
Mexico City.—Mexico's capital is slowly becoming a city of refugees. Foreigners, especially Americans, have been leaving for months and hundreds of Mexicans of the well-to-do class have deserted the city on account of the deplorable conditions created by civil war.

**Kansas City, Mo.—A score of persons were injured in a rear end collision of street cars on the elevated tracks in the west bottom here. Physicians say several may die.**

## WAR IN THE BALKANS IS IMMINENT

## ARE IN GOOD SHAPE

### BANKS OF NEBRASKA SHOW INCREASED DEPOSITS.

## ON VERGE OF STARVATION

### Much Suffering Among Nicaraguans—Oklahoma Train Held Up by Bandits—Chinese Threaten Europeans.

Lincoln.—The report of state banks in Nebraska at the close of business September 2, just completed by Secretary Royse of the state banking board, is considered one of the most flattering ever issued. In three months the deposits increased nearly \$3,000,000 and now total \$85,696,151.48, the highest mark ever reached. This is an increase of \$10,000,000 in one year. When Secretary Royse became secretary of the Nebraska state banking board the total deposits aggregated \$24,000,000. In the dark financial days of 1896 they were only \$11,000,000. Mr. Royse believes deposits in state banks

## HELEN KELLER

Miss Helen Keller, the noted blind and deaf woman, will make her home in Schenectady, N. Y., and the mayor will appoint her a member of the board of public welfare.

will reach \$100,000,000 in two years. There has been no real failure of a state bank in Nebraska during the past eight years. While the deposits have increased \$10,000,000 in one year the resources of state banks have increased \$11,580,215.

## Pitiful Stories of Privation and Suffering in Nicaragua.

Washington.—Stories of privation and suffering without precedent in the history of Central American warfare are coming to the state department from its agents in Nicaragua. The pitiful features are the terrible affliction of women and small children, and the utter inability of all relief agencies to meet the demand for immediate food supplies for the starving people. Usually in tropical countries some kind of food may be obtained from the jungles and from the native crops, but the fact that a disastrous drought completely blighted the Nicaraguan crops and dried up the native fruits has added to the horrors of warfare.

## Threaten European Lives.

Amyo, China.—Threats to sacrifice human lives at Foo Chow have been uttered by General Pung unless his demands for 450,000 taels (about \$315,000) from the authorities are acceded to. The mutinous troops with General Pung number from 10,000 to 20,000 men. A force of 5,000 government troops is marching from Nanking to meet the rebels. The missionaries have been recalled from the Hingwa district to the north of this city, where serious disorder has existed for some time.

## "Vote for Women" Cigarettes.

Chicago, Ill.—The anger of Mrs. Lucy Page Gaston, ardent suffragist and foe to cigarettes, was aroused when she learned that an eastern firm is making cigarettes with "votes for women" labels.

## Many Drowned in Submarine.

Dover, England.—Struck by the Hamburg-American liner Amerika, bound for New York, British submarine B-21 went to the bottom at 6 a. m. Friday, with fourteen of its crew of fifteen men.

## FAVOR TAX FOR GOOD ROADS

### WAR FEVER BREAKS OUT AT CONSTANTINOPLE.

### King George Calls for Return of Greek Reserve Militia—Steamer Goes Back for Cargo of Ammunition.

Constantinople.—The war minister, Nazim Pasha, has been appointed supreme commander of the Turkish forces. In view of the gravity of the crisis the government contemplates adding to the cabinet two or three members with portfolios. Persistent rumors are current that hostilities have commenced on the Bulgarian frontier north of Kirk-Kilisheh, but the porte declares it is without news on the subject. Bulgarian excesses against the Turks are reported from Varna, Aidoo, Burghas and other places. Thirty Turks have been killed and many injured, according to this report, and several villages looted, bombs being employed in some cases.

## FAVORS TAX FOR GOOD ROADS.

### Automobiles and Other Vehicles Should Bear the Burden.

Atlantic City, N. J.—Harry Wanderer of Richmond, Va., speaking before the American good roads congress, advocated a tax on automobiles according to horse power, other vehicles as to their weight and width of tire; use of convicts in building roads and federal control of interstate highways, state control of state roads and county control of local thoroughfares.

## Thought It Was a Bomb.

Hammond, Ind.—The board of directors of the Indiana Harbor National bank was in session in the bank office when 225-pound Mary Dopa fell through the skylight and landed in a sitting position on the long table among them. The directors scattered in a panic, thinking a bomb had been exploded. Miss Dopa was not hurt. She had been hanging out clothes on the roof of an adjoining building and had tripped and fallen through the bank skylight.

## Miss Gould's Car in Wreck.

Buffalo, N. Y.—Miss Helen Gould's private car, with Miss Gould and a party of friends aboard, bound for Chicago, was in a West Shore train that collided with a freight at Wenda station, twenty miles east of here, Thursday morning. The occupants of the car were badly shaken up, though no one in the car was injured.

## Oklahoma Train Held Up.

Westville, Okla.—Four masked men held up Kansas City Southern passenger train No. 4, north-bound, three and a half miles north of Poteau, Friday night, ransacked the mail, blew open the safe in the express car and escaped into the wood-covered hills that skirt the railroad at that point. The passengers were not molested.

## Capture Nicaraguan Rebels.

Washington.—The entire army at Jinatepe, Nicaragua, about twenty miles south of Managua, was captured with all its ammunition, arms and artillery after a four hours battle with government troops Thursday morning. The troops were trying to effect a junction with the rebel force under General Zeledon on the railway between Managua and Granada.

New York.—The steamer Macedonia, scheduled to sail for Pleraeus with 2,000 passengers aboard, was commanded just before sailing by the Greek consul general at this port. All the passengers with their baggage were hurriedly sent ashore and the vessel prepared to sail at once for Philadelphia to take on a cargo of ammunition. The Macedonia will return to New York, the consul general said, for the reservists of Greece and the Balkan states, who plan to sail on her to take part in the threatened war with Turkey.

## Call for Greek Reserve Militia.

Omaha.—The world-wide call of King George of Greece for the return to that country of the reservists, or reserve militia, to be mobilized immediately for threatened hostilities with Turkey, has been relayed to Omaha by the king's emissary at Washington. The call, in the form of a cipher message, was received by John Latenser, local Grecian representative, and translated by George Stamos, his aide. How many of the so-called reservists there are in Nebraska is not fully ascertained.

## PATENT MEDICINES MORE DANGEROUS THAN DYNAMITE.

### Discoverer Wants Eskimos Protected—Minden Gets New Railroad—Football Claims Two Victims.

Indianapolis, Ind.—"At present we are in the patent medicine stage of ignorance," Dr. J. N. Hurley of Indiana, president of the American Health association, told the delegates to the fourth conservation congress Wednesday afternoon. "Patent medicines are more dangerous than dynamite, and the sale of them should be more restricted. They are composed chiefly of alcohol, and if alcohol could cure, this earth would have been rid of disease years ago."

## Wants Eskimos Protected.

New York.—In order to protect the blond-haired Eskimos whom he discovered in the Arctic from missionaries and other emissaries of civilization, Dr. Stefansson, the explorer and scientist, declares he will appeal to the Canadian government at Ottawa. "It makes no difference," he said, "whether the visitor is a whaler, a fur trader or a missionary, he is equally bad for the Eskimo. I should try to bar out everybody, including myself, were it practicable. When a new people is discovered merchants want to know about the trading possibilities and missionaries want to know about their souls, but nobody seems to care if they are exterminated. Nobody seems to care about their bodies."

## URGING VOTES FOR WOMEN.

### Advocates Waging Vigorous Campaign in Kansas.

Kansas City, Mo.—Women mounted dry goods boxes, chairs and other available things to stand upon, in Kansas City, Kas., and talked for "votes for women." All along the main thoroughfares, crowds assembled to hear the speakers. Twelve of them were in action. It was the opening of the campaign in Kansas on behalf of an adoption of an amendment to the state constitution giving women the right to vote at all elections—state, city and county. At present they can exercise suffrage only in city elections. The amendment will be voted upon at the November elections.

## New Railroad Survey.

Minden, Neb.—A meeting was held Monday night in the assembly room of the court house for the purpose of raising money towards the survey that has just been completed from Franklin to Kearney on the proposed road to run from Kearney to Beloit, Kas., known as the Canada & Gulf railroad. The new survey will be \$25,000 cheaper and leaves out 25 per cent more cuts and fills than the old survey.

## Mexican Rebels Kill American.

Washington.—Confirmation of the report that Hubert L. Russell, an American, was killed by a band of Mexican rebels near Durango, in the state of that name, has been received at the state department. The murder was committed by a band under the leadership of Luis Caso. Acting under orders from Mexico City, federal troops are now in pursuit of the perpetrators. Russell was manager of the San Juan De Michis plantation, near the Zacatecas line, in southeastern Durango.

The second salary advance for rural letter carriers made in the last four years went into effect Monday.

## Stood Side by Side.

Boston.—Governor Thomas R. Marshall of Indiana, the democratic candidate for vice-president, shook hands with President Taft just before the banquet of the supreme council Scottish Rite Masons, at which both were guests. The meeting occurred at the hotel at which Governor Wilson greeted the president a week ago. President Taft joked with Governor Marshall for a few minutes on the wear and tear of campaigning, and then both passed into the banquet hall, where they stood side by side.

Salt Lake City.—Vivaldo Coaracy, representing the Brazilian government, at the international irrigation congress, Wednesday presented a resolution looking to better co-operation between the countries represented at the congress on all matters relating to irrigation and land reclamation.

Davenport, Ia.—The Chicago, Milwaukee & St. Paul Railway company was fined \$200 and costs in the United States district court here for keeping two employes working longer than six

## BRIEF NEWS OF NEBRASKA

The fall apple crop is being harvested in the vicinity of Weeping Water.

Doniphan is to have water, and has just closed a contract for a new lighting plant.

Cortland will soon vote on issuing \$13,250 bonds for a new high school building.

Pastor Snow of the Baptist church at Albion has commenced a revival in his church.

Despite the bad weather, North Loup's annual popcorn festival was a big success.

The corn show at Deshler, October 17 and 18, promises to be an event for that thriving town.

Mayor Van Winkle of York will appoint extra policemen to enforce the automobile speed ordinance.

Fremont took kindly to the Sunday closing of the postoffice, and the practice will remain in force.

Claus Mumm of Bloomfield, 60 years of age, died in a Chicago hospital following an operation for cancer.

Elsie Sovereign, a four-year-old girl, was run over by an auto at Ruby and received probably fatal injuries.

The Degree of Honor grand lodge, at its session just closed at Lincoln, located headquarters at that place.

The choral union of Wayne gave a 'cello recital by Otto Van Vleet, of the royal opera of Vienna, to a crowded house.

The horse disease appears to be subsiding rapidly all over the infected districts of the state, but few cases being reported.

Sid Cox, near York, was killed by the accidental discharge of a gun as he and a companion were starting on a hunting trip.

The state normal school at Peru enters upon its forty-sixth year under very favorable conditions, with an enrollment of over 600 students.

Over 100 car loads of apples have been shipped out of Shubert so far this season. It is expected that the grand total will reach 400 cars.

Fremont tendered the audience at the Marine Band concert a treat in the way of a watermelon feast in addition to the musical program.

Jesse Gandy, member of the legislature, was badly hurt at Omaha by falling from a street car. He was leaning out to take a hand grip from a boy when he fell.

Lincoln has no ordinance for the inspection of milk and cream, although it is estimated that from 7,000 to 8,000 quarts of milk are sold in the city each day.

The Seward county fair closed Friday after a three days' session. Unfavorable weather prevailed throughout the week and the attendance was greatly cut down.

During the month of September 117 marriage licenses were issued in Lancaster county and forty-seven marriage ceremonies were performed by County Judge Risser.

C. E. Hulbut shipped a car of baled hay into Greenwood last week which he sold out at \$12 per ton. There promises to be as great a scarcity of hay this year as last.

Fire destroyed farm implements to the value of \$1,200 in the storehouse of Belcher & Belcher, implement dealers in York. The flames started from an ash pile at the rear of the building.

Wheat sowing in many parts of the state was resumed again this week after several days' lay-off on account of rainy weather. Nearly as large an acreage is being put out this year as last.

A number of the friends and neighbors of Mr. and Mrs. Charles Ojers of Beatrice gathered at their home Sunday and helped them celebrate the fortieth anniversary of their coming to Nebraska.

Everett, the 10-year-old son of Jacob Jenkins of Howe, who had been suffering from a severe attack of blood poisoning, is rapidly improving. The little fellow stepped on a nail and for a time it was thought amputation would be necessary to save his life.

Over 200 delegates attended the annual convention of the State W. C. T. U. at Central City last week.

Those interested in the apple crop in the vicinity of Peru say that over 200 carloads will be shipped from that locality this year. The large crop has brought into the field a large number of shippers.

The Rev. F. R. Wedge of Lincoln has rejected a flattering offer to re-enter the prize ring or to star on the Orpheum circuit, to accept a salary of \$800 a year in the home mission field of the Presbyterian church in Nebraska.

The grand lodge, I. O. O. F., will be held at Lincoln October 15, 16 and 17.

A killing frost occurred Monday night and finished what of the small vegetables remained unharmed from the cold spell of last week around Greenwood. This is the heaviest early frost that has occurred in several years.

One of the most largely attended funerals ever held in Oxford was that of Fred Hellner, Sunday afternoon, from the Presbyterian church. Mr. Hellner had resided in that neighborhood for more than a quarter of a century, and was held in high esteem.

Frost Monday morning damaged fruit and vegetation to a serious extent in the vicinity of Fairbury.

Potato digging is in full blast around Ainsworth. About seventy-five cars have been shipped to date and the potatoes to be shipped will double that amount.

Frank Hammond of Fairbury expects to leave for Africa soon with a shipment of 1,200 horses consigned to the British government. These horses were purchased by W. P. Hall of Missouri. Mr. Hammond has been with Campbell Brothers' circus for some time.

## Richest in Healing Qualities FOR BACKACHE, RHEUMATISM, KIDNEYS AND BLADDER

### FOLEY KIDNEY PILLS

### LEWIS' SINGLE BINDER

### THOMPSON'S EYE WATER

### The Reason.

### Very Much So.

"James tells me he has a very light work with that hairdresser."  
"So it is. He bleaches blonde heads."

### Important to Mothers

Examine carefully every bottle of CASTORIA, a safe and sure remedy for infants and children, and see that it bears the Signature of *Dr. J. C. Fletcher*

In Use For Over 30 Years. Children Cry for Fletcher's Castoria

### Youthful Woman Pastor.

Rev. Miss Ina L. Morgan of the Methodist church of Georgetown and Arrowaic, Me., is the youngest woman pastor in New England. She is in her early twenties and has been engaged in church work for nearly four years, having received a license in 1908 from Bishop John W. Hamilton of Worcester.

### Joke on His Clerical Brother.

Two brothers named Chalmers, one a minister and the other a physician, lived together in a western town. One day a man called at the house and asked for Mr. Chalmers. The physician, who answered the door, replied:

"I am he."  
"You've changed considerably since I last heard you preach," said the man, who appeared greatly astonished.

"Oh, it's my brother you want to see; he preaches and I practice."

### Getting Along Fine at School.

Now that school has been "going" several weeks parents are beginning to inquire of their young hopefuls as to their progress. The other day a mother out on Harrison boulevard, while eating luncheon with her 6-year-old, asked:

"And how are you getting along in school, Dorothy?"

"Oh," replied Dorothy between mouthfuls of bread and milk, "just fine! I and Frances Smith are the smartest and best dressed girls in the school."—Kansas City Star.

### New Stage in Inebriety.

Mr. Bordon has been telling an anecdote concerning two "brither Scots" who used to foregather in a "dry" district, each bringing with him a portable spring of comfort in the shape of a bottle of whisky.

One of them was asked one day by a "third party" whether the other, Jock Anderson, did not get a little drunk sometimes.

"Drunk," was the reply. "Man, the last time I was w' him Jock was that drunk I couldna see him."—London Mail.

### Vegetable Fiber for Shoes.

A Haverhill (Mass.) shoeman has obtained patents giving him the right to make vamps and tops of vegetable fiber which he has invented and perfected to be used in the manufacture of shoes. A few cases of shoes have been made of this material, which appears to be a good substitute for leather. The fiber is said to be particularly adaptable for warm weather wear because, being of a woven material, air can penetrate the vamp and top. The inventor also claims that a shoe made of this material is waterproof.

## The Food Tells Its Own Story

It's one dish that a good many thousand people relish greatly for breakfast, lunch or supper.

## Post Toasties

Crisped wafers of toasted Indian Corn—a dainty and most delightful dish.

Try with cream and sugar.
