"The Cheapest Coffee You Can Buy."

If you are in the habit of judging coffee by price; change your habit, for this occasion and let us send you a pound of our GRAND CANON Brand at 40c per pound. Watch carefully the number of cups of coffee you get from this can and note particularly the quality of each cup. Then divide the cost per pound by the number of cups and see how economical it really is. You will find this brand of coffee cheaper per cup than many of the cheapest per pound coffees you have used.

REMEMBER

67 cups to the pound doesn't sound reasonable, but it's a fact you can make that many cups of GOOD COFFEE from every pound of Grand Canon COFFEE sold by

Red Cloud has one of the best bands in southern Nebraska. Less than half the boys belonging to this aggregation were at the fair Friday but their playing was first class and added much to the pleasure of the day. Guide Rock also has a good band and made things merry the day they were at the fair. We are ready to forget most all our trouble when a good band is in action near by.—Bladen Enterprise.

The State Bank purchased the Bentley Block this week and has acquired title to that building. Red Cloud can now say that all business buildings in the city are owned by residents of the city. There is not one foreign dollar represented in this city. This not only indicates the prosperity of our municipality but it shows conclusively that our people have faith in the future of Red Cloud. We feel that we should congratulate ourselves on this condition and we should now make every effort to make a bigger, better, greater Red Cloud.

Mr. John Brush informed us that horses and mules are sold at Guide Rock, at prices cheaper than had been asked by the farmers of the county before the plague made its appearance. This was an agreeable surprise to John, who will be compelled to replace several teams lost by him. A horse dealer has been shipping in horses and mules by the car load to supply the losses occasioned by the disease. He expected to sell them largely on time, but he tells us that the farmers have very generally paid him the cash when they made their purchases. Their bank accounts are still good. This is an agreeable surprise to him and good news for us all. The farmers were in condition to endure a severe stroke of misfortune.

At the annual business meeting of the Baptist church this week Rev. W. F. Cole was engaged for another year. The church showed its appreciation for what Rev. Cole has accomplished during his pastorate here not only by renewing his contract but also by voting him a substantial increase in salary. That Rev. Cole is to remain with us for a longer period will be appreciated not only by those who attend church but also by the city in general for we have been very much pleased with his conduct and this community cannot afford to lose a real, efficient man. He has proven by his actions that he is interested in the city as a whole and he has found many opportunities for rendering service to all of them he has cheerfully responded.

THE WOMAN WHO WALKS

For the woman who walks there is no shoe made that can hold a candle to the Treadeasy.

While Treadeasy shoes are used and recommended for every kind of wear, they are essentially walking shoes. You can walk farther and walk easier in a pair of Treadeasys than in any shoes made, no matter what the price.

The reason?

Every pair of Treadeasy shoes have full rubber heels and cork cushion insoles. They won't sweat the feet and they won't tire the ankles. Treadeasy shoes are always \$3.50 the pair.
