Stickney Gasoline Engines

Economy—  
We Can Help You

You know that you should have a Stickney Engine but do you know what size will do your work most economically, both in cost of fuel and in the expenditure of your time as an engine too small to do the work is not true economy. It is not economy to overload your engine nor to run it at too high a speed. Again the right size of an engine will not give proper results unless the pulley sizes are right and the hook up is correct. This is where we can help you before you buy as well as look after you when you have bought.

Once more let us offer our help and show you the Stickney Engine—its outside igniter, its perfect cooling system, its automatic mixer, its ball bearing governor and its three point suspension.

### The Youth's Companion For 1913

The Youth's Companion appeals to every earnest of family life, from house-keeping to athletics. It begins with stories of youthful vim and vigor, with articles which disclose the secrets of successful play in the great games, with charming tales of life at the girl's colleges. But The Companion does not surrender these readers when they have entered the more serious paths of life. Mothers will welcome the page for little children and the weekly doctor's article. Fathers will find the important news of the day as it is and not as it is rumored to be. The entire household will appreciate the sketches which touch gently on common foibles or caricature eccentricity. In short, for less than four cents a week The Companion brings into the home clean entertainment, pure inspiration, fine ideals, increase of knowledge.

Names rarely seen in tables of contents will be found in The Companion's Announcement for 1913 which will be sent upon request—with samples

of the paper, to those not familiar with it.

Every new subscriber for 1913 will receive free with the issues for the remaining weeks of 1912 also, free. The Companion Window Transparencies and Calendar for 1913, in rich, translucent colors—the most beautiful of all Christmas souvenirs.

### Boost, Brothers, Boost!

We can not all be president  
And boss the village board,  
We can not all become the gent  
Who wins a mayor's reward,  
We can not all become the guy  
Who rules the highest roost;  
But one thing we can do, say I—  
That's boost, my brother, boost!  
This town is just as good a town  
As anywhere you'll hit;  
There's naught on earth can keep it  
down  
If we keep boosting it.  
Let's trade at home, let's let a yell  
By local pride produced;  
There's one thing, all can do as well—  
That's boost, my brothers, boost!  
When any fellow starts to knock  
This town in any way,  
Our dads to dig, our maids to mock,  
Our Government to flay,  
Just take the knocking one aside  
And ere long hold is loosed,  
Just whisper gently, "Darn you or hide  
Now boost, you knocker, boost!"

### Good Mates.

She—"I can't cook, but we could hire somebody to do that." He—"And I can't make money, but we could hire somebody to do that."—Puck.

### Man's Hard Lot.

Geo, but it's tough to have to tell a bright, pretty, attractive, fascinating girl, the fervor of whose proposal shows how undying her affection is, that you can only be a brother to her!—Boston Globe.
