It is true that you are not likely to lose your savings if deposited in any good bank---but you are ABSOLUTELY CERTAIN NOT to lose them when you deposit where you have the additional protection of the State Guaranty Law. Such protection is offered you here.

It is surely "good business" to deposit where you get absolutely guaranteed protection, in preference to placing money in a bank that guarantees nothing.

The State Guaranty Law is behind every dollar deposited in this bank, and when you open an account here, you are ON THE SAFE SIDE.

The Red Cloud Y. M. C. A.

On Monday evening a Red Cloud Y M U A., was organized. At least, an institution with such a name was brought into being. The promoter of the new organization is Prof. Moritz. During the last few days he has been soliciting subscriptions from the business men of the community for the purpose, modestly expressed, of renting for a term of years suitable rooms and furnishing them with equipment. He has raised something over six hundred dollars without having exhausted the possibilities. This is thought to be sufficient to arrange for a rental of two years or more of rooms adapted to the permanent funds of the society.

The Chief believes the people of Red Cloud have long desired to get together in some mode, for the betterment of conditions in this city, to become benefited in some organization that will promote higher ideals among all the people, greater cleanliness in living and habit, and increased civic pride, beauty, and happiness. The new organization promises to satisfy the purpose.

The Chief desires to express its appreciation, and the appreciation of all the patriotic citizens of the community to Prof Moritz, for his activity in this
