People are blamed curious creatures. When attending a public entertainment they all make a rush for the front seats, but when those same folks attend church the rush is right the reverse, everybody crowding into back-seats until the empty pews are all between them and the preacher. It looks as if they are afraid to get salvation right off the bat, but would rather get in on the first or second bound.

Coroner Amack was called to Blue Hill Tuesday due to an accident which cost the life of Mr. H. Blackaway, a driver for the Standard Oil Company. He had started on his usual trip to Bladen, when a motorcycle coming up behind his team caused them to become frightened, and running into an embankment upset the wagon, which fell upon him. Mr. Blackaway was about 35 years of age and leaves a wife and family residing in Blue Hill.

Everett Stroup is the first one of the boy scouts to attain the degree of second-class scout. This is a notable achievement and speaks well for the industry, perseverance and pluck of Everett. We very much doubt two grown men in Red Cloud can be found who could pass this examination. To be a second class scout one must know the best approved methods of treating emergency cases and be able to demonstrate the treatment, he must be able to signal with the semaphore or Morse or Myer alphabet, track half a mile in twenty five minutes, go a mile in twelve minutes, fifty steps walking fifty running, he must build a fire in the open, using not more than two matches, cook a quarter of a pound of meat and two potatoes in the open without the ordinary kitchen cooking utensils, earn and deposit a dollar in a public bank and know the sixteen principal points of the compass. This accomplishment that Everett has made will undoubtedly prove a stimulus to the other scouts.

About fifty members of the Congregational church treated the Rev. and Mrs. Bayne to a surprise party on Monday evening. The occasion was a very happy one and the pastor and his wife were presented with a set of solid silver spoons.

The various churches of the city held their usual Christmas exercises on Christmas eve. This year they adopted the plan of holding their exercises on the same evening, which proved quite a success from the fact that each church was only comfortably filled, instead of like times in the past when not even standing room was to be obtained.
