Omaha during 1912 upheld her reputation as being the greatest creamery butter producing city in the world. More than 20,000,000 pounds of Nebraska butter were sent out of the state, much of it being exported. Nebraska butter has gained a reputation which gives it entree to the very best in the world.

Evidently the Y. M. C. A. directors are falling to avail themselves of the services of a number of boxing instructors and professors of the manly art who give regular exhibitions every Saturday evening. Also an eye artist would get a complete course of instruction painting optics every Sunday if he were located in Red Cloud.

First in butter producing, second largest live stock center in the world, fifth primary grain market and sixteenth in bank clearings is the record of Omaha for 1912. Though Omaha is first in population among the cities of the United States, she is up in the front ranks in the commercial world. Nebraska will make Omaha the greatest inland city in the world in the next twenty-five years.

We learn by the Commercial Advertiser that Sunday is Ground Hog Day?

The Chief learns that on Tuesday, January 28 1913, Everton Foe was appointed to the position of chief clerk in the superintendent's office at Sheridan, Wyoming. Everton is a Red Cloud boy, being a son of Sam Foe, our former mayor, and a brother to Ralph Foe, the popular agent of the Burlington at this place, and he has many friends here who will be pleased to learn of his rapid climb in the railroad sphere.

We have the exclusive sale of two acres of land adjoining the City limits—good house, barn, fruit trees, alfalfa, city water and electric lights.

GARBER, HUTCHISON & SALADEN.

We are pleased to announce that the Chamber of Commerce is ready for business and that the formal opening will occur in the new rooms next Monday evening. All members should attend this initial meeting and give the new movement a good beginning.

The TEPEE
