BATIN

It seems like that the winter had just started.

This is lagrippe week in this locality.

Jon Vavrieka departed for Gre Monday at which place he has opened up a garage.

Mrs. Gertie Hanson was very sick the first part of the week but is some better at this writing.

Frank Strobl's are all sick with the gripe except the baby boy.

Frank Vavrieka has traded his one horse power engine for a 2 1/2 horse power engine.

Jos. Hovelson is on the sick list with the gripe.

Clyde Henderson's wife is very sick at the home of Frank Watkin's but is reported some better at this writing.

Mrs. Jos. Havel is sick with the gripe.

John Pavlick was in Red Cloud Monday.

John Brush returned from Kansas City last Saturday where he shipped two cars of fat cattle.

This snow has made it very easy for the automobiles to run.

Ed Sidio is sick with a sore throat.

John Holsworth's sale wasn't very largely attended on account of bad weather but all that were there were buyers and stuff sold well.

Messrs. Whistler and Rust were in this locality representing the old line Banker's Life Insurance company.

Charley Harpham hauled a load of hogs to Red Cloud Tuesday.

GARFIELD

A fine snow fell on Thursday and Friday. It was just the thing for the wheat and it makes the farmers feel good only they would like to see more of it as it is the first moisture we have had for three months.

Clyde Bowen was moving down on the Weesner place in Kansas the middle of the week.

John Coon was out on wind mill row at Guy Barnes butchering hogs. They killed four hogs.

Al Smith went over to Chas. Smith's Monday after seed corn and got twenty bushels.

Grandma Campbell is on the sick list this week.

The river is frozen over again and it is pretty ruff.

COWLES

E. T. Foe came in from Bird City Tuesday.

Geo. Holt left for Omaha Saturday evening where he expects to see the Auto Show.

Orval Ritchey spent Sunday with his parents, Mr. and Mrs. Ritchey. He left for his school in Indiana Monday.

Peter Mallick, who has been quite sick with pneumonia, is getting along nicely.

The Cowles A. O. U. W., lodge has got stirred up again and initiated a bunch Saturday night. After the initiation the lodge adjourned to the Scott restaurant and devoured an oyster stew.

Chas. C. Bennett left for Omaha Tuesday where he expects to attend the Auto Show and look after other business matters.

(Delayed)

Fred Gund was down from Blue Hill Wednesday looking after banking interests.

Addison Ritchey a son of Mr. and Mrs. Ritchey here in town came back Wednesday from the Philippine Islands. He went there a number of years ago as a government instructor and after a number of years of teaching he put up his shingle and commenced practicing law. Addison Ritchey practiced law in Red Cloud for a short time.

C. E. Putnam has commenced the erection of a new residence on his lots in the south west part of town. We will be glad to give him the right hand of welcome among us.

Fred Fuller, Emery Waller and G. A. Wells autoted to Hastings Tuesday on business.

We are sorry to learn this week of the death of Mr. Foe which occurred Tuesday evening. He has been one among us for a good many years and it seems hard to part with old friends but nevertheless we will ever remember his cheerful face for a number of long years to come.

Earnest Ellis has a brother from Superior visiting him for a short time.

Real Estate Transfers.

Those who know buy DE LAVAL Cream Separators

Creamerymen—Because they are experts in the handling of cream and know by long experience that the De Laval skims cleanest and wears longest. That is why 98% of the World's creameries use the De Laval exclusively.

Experienced Dairymen—The De Laval is the universal favorite among big dairymen. They know that no other separator will give them such satisfactory service.

Old De Laval Users—Whenever a man who has used an old model De Laval decides to purchase a later style machine he invariably buys another De Laval.

Men Who Investigate—If anyone takes the time to investigate the merits of the various cream separators, either by finding out from other users what kind of service their machines have given or by testing other machines out against the De Laval, the chances are a hundred to one that his choice will be the De Laval. More De Laval machines are in use than any other make.

There is a reason. Come in and we will tell you why.

More than 1,500,000 DE LAVALS now in use.

Conductor Mike lost his job! He could not get the hang of cause and effect. So he climbed up on his car and looked it over so long trying to figure out why it would not go that he tied up the entire system. Finally a newsboy told him that his trolley was off—pretty poor head work for Mike!

Lots of people have very little on Mike! They have an ache, a pain, an organ of their bodies is calling for power. Do they hunt the cause of the trouble? No. They try by this means or that to soothe the pain.

That's just where Chiropractic is different. The Chiropractor hunts the cause and he knows where to find it. He knows that the source of life is the mind which has its seat in the brain. He knows that life force flows from the brain to the various organs of the body and that if each organ is receiving its full supply it cannot be sick—it will be so strong and vital that no illness can make any effect upon it.

He also knows that if the wiring of the body, the nerves and spinal cord, is not interfered with each organ will receive its full share of life force.

So the first thing the Chiropractor hunts is the interference. No serious nerve compression can exist except where the spinal nerves pass through the openings between the vertebrae. If a vertebra is out of line a nerve will be pinched and part of the current cut off, weakening the organ to which that nerve leads, to the extent that sickness can attack it. Such displaced vertebrae are easily located and, through the skill of the Chiropractor, are adjusted to the normal position with perfect certainty without the use of anything except the hands.

Chiropractic may be new to you. The idea of relieving human ills by adjusting their causes may never have occurred to you. But Chiropractic has gone on proving its truths over and over for nearly 17 years. In this school is held the largest open clinic in the world where nearly 1000 patients are adjusted daily. If Chiropractic were not so efficient would sufferers come from all over the continent to be adjusted?

You have a competent graduate Chiropractor in your city, almost at your door. Why not take your trouble to him and let him point out the way to vigor and happiness? He will gladly answer any questions you wish to ask.

OFFICE HOURS: 9 to 12 a. m. and 2 to 5 p. m.

Notice of Probate.

In the County Court of Webster County, Nebraska.

State of Nebraska,)
Webster County,) ss.

To all persons interested in the estate of Christian Rasser, Deceased: TAKE NOTICE, that a petition has been filed praying that the instrument filed in this court on the 6th day of February, 1913, purporting to be the last will and testament of said deceased, may be proved and allowed and recorded as the last will and testament of Christian Rasser, deceased; that said instrument be admitted to probate, and the administration of said estate be granted to William Rasser, Executor.

It is hereby ordered by the court, that all persons interested in said estate appear at the County Court to be held in and for said county on the 1st day of March, 1913, at ten o'clock A. M., to show cause, if any there be, why the prayer of the petitioner should not be granted, and that notice of the pendency of said petition and the hearing thereof, be given to all persons interested in said matter by publishing a copy of this order in The Red Cloud Chief, a legal weekly newspaper printed in said county, for three consecutive weeks prior to said day of hearing.

Witness my hand and the seal of said court this 6th day of February, A. D. 1913.
