

GOOD YEAR
MAKING OHIO

See the Good Year Casings and Tubes before you buy. We handle all sizes and carry a large stock. You want to remember that the Good Year people made a reduction on the 1st of April of 10 per cent on all of their castings and tubes. It is not very often that a Good Year casing or tube goes wrong, but when you do you will find their adjustment very satisfactory. We also carry a good stock of Presto Tanks for exchange and can show you the famous Presto Inflator, which can inflate your tires for you with less work and very little expense.

Get Polesine oil to lubricate your cylinders and Panhard oil for your transmission and your car will run smoothly and with less wear. The best oil is none too good for a car.

We invite you to come and see us, when in the village.

Practice What You Preach

We advise all business men to advertise, and believe that business success can be obtained in no other manner. We propose to practice what we preach and therefore we advertise our paper as the best local paper in this congressional district. It is a journal which may be taken with the most implicit confidence. Its pages will never be soiled by anything objectionable, and its advertising columns cannot be purchased for immoral announcements at any price. It is emphatically a local journal, designed to be a home history of the living present. No movement for the benefit of society will be allowed to go unnoticed. No movement for the benefit of society will be allowed to pass unapproved, but it will heartily second the efforts of any individual or any class where their objects are for the improvement of the community, financially and morally.

Any newspaper is the companion and friend of the family, but the local paper is one identified with the interests of the home. It is conducted by those whom you know. Its columns are filled with what is of special value to you. In its prosperity you have a vital interest, and to its prosperity you can best contribute by giving your support and patronage. It is your neighbor. Your duty is first to know your wants. Its interests are your interests. It is your friend, it, in preference to any and all others. No outside or foreign paper can possibly have claims upon you until your duty is discharged to the local journal. Of him who says he can get a city paper much larger than his own local journal for the same amount of money, we would inquire: Do the city papers say anything about your country, its climate, water, springs, healthfulness, soil, produce, stockraising, mills, minerals, schools, churches, roads, bridges or other improvements? Nothing. Do they mention your public meetings, your town and country news, and the other thousand and one matters of interest which your home paper publishes without pay? Not much. Do they ever say a word, gratis, calculated to draw to your town or county and aid in bringing in immigrants and developing the wealth of your community? Not a line. And yet there are men who take such contacted views of the matter that unless they get as many square inches of reading matter in their own county paper as the they do in a city paper, they think they are not getting the worth of their money. Your local newspaper works for its own town; does all it can to build up the place, advance the interest of its citizens, draw trade to the town, puts money into the pockets of the business men, and adds to the well-being of all. Such a paper is entitled to the liberal patronage from the town and community it works for. Our columns will prove of great value to advertisers, our subscription list enabling us to place the announcements for our business men before a greater number and a better class of readers than can any other medium, and at much less expense. We shall give as much attention to this department as to the reading matter columns, ever striving to keep them fresh, new and attractive. Our subscription rates will remain unchanged. We invite a call, and promise to make any favors shown us, beneficial to our patrons.

who sidetrack procrastination for action and get busy early on their building plans. The kind of lumber you would be satisfied with is as cheap now as you will ever see it and, at the prices we are quoting on the quality you would expect, we say with all emphasis--"BUILD NOW". With our knowledge of the different woods and their application to home building we can doubtless show you how you can attain your ideal home at a much less cost than you think. Price-per-thous, and for lumber is very misleading to the inexperienced, but when a plan is figured judiciously and the right lumber specified in the right place the total cost is often a pleasant revelation. Our business requires this exacting knowledge and we are sure we can satisfy you in price, quality and service. Let's talk it over. We have everything from joist to shingles.
