BE ON THE SAFE SIDE

It is true that you are not likely to lose your savings if deposited in any good bank—but you are **ABSOLUTELY CERTAIN NOT** to lose them when you deposit where you have the additional protection of the State Guaranty Law. Such protection is offered you here.

It is surely "good business" to deposit where you get absolutely guaranteed protection, in preference to placing money in a bank that guarantees nothing.

The State Guaranty Law is behind every dollar deposited in this bank, and when you open an account here, you are **ON THE SAFE SIDE.**

Paints That Protect and Beautify

A touch of Paint here and there when it is needed costs but little and brightens things up wonderfully. During the spring renovating, you will probably see many places where a little paint, enamel, varnish or varnish stain will make a great improvement.

Let Us Supply You

We sell the Newall Mixed Paint and the Chi-namel Varnishes, and we know them to be the best on the market. Our prices are as low as high grade goods can be sold anywhere. Come and examine our stock.

Big Bargain Day For Votes

Wednesday May 21 is going to be bargain day for votes in the Chief big automobile contest. On that one day we are going to issue double the regular number of contest votes on all subscription money received at the Chief office.

This means that each dollar paid on subscription, and turned into the Chief office on this one day, will count for as many votes as two dollars paid at any other time during the contest. It cannot be sent the day before or the day after, but must be received by the Chief Wednesday May 21.

This is the only time that double votes will be given during the contest. There will be no other time when a subscription will count for so many votes as on bargain day.

After bargain day is over the regular voting schedule will be carried out until the close of the contest which is Saturday June 14.

All contestants should get busy securing subscriptions to turn in on bargain day when the votes will count double.

Subscriptions received by the contestants between now and that time can be held until bargain day so as to receive the extra votes. This is the time for those who are behind to overtake the leaders, and it is also the time for the leaders to make use of their opportunity and secure enough votes to maintain the lead all the way through. If you are ever going to do anything in this contest do it now, for if you do not your competitors will be so far ahead of you that you will never overtake them.

Contestants will not have to publish all their votes in the paper after the bargain day is over if they do not wish to do so. The votes will be issued in the regular manner on all subscriptions received, and it is then up to the contestant to do with them as sees fit. She can cast them in the ballot box so they will be published in the paper, or she can hold them back to cast at a later date.

Each contestant should see her friends and tell them if they are going to help her out in this contest to do it now so she can turn the subscription in on bargain day and receive the double number of votes. A dollar at this time will be as good as two dollars at any other time.

In securing subscriptions contestants should not lose sight of the fact that a subscription for both the Chief and Nebraska Farmer counts for 1000 more votes than a subscription to the Chief alone. On bargain day this will also be doubled and as it costs only an extra fifty cents to subscribe for the Nebraska Farmer when you pay your subscription to the Chief, each subscription should be for the two papers.

Remember this bargain is only one day—Wednesday May 21 and that the contest closes on Saturday June 14.

There is not much change in the standing of the contestants over last week. The special prize votes offered for the most money turned in on subscription up to Thursday night were not issued in time to count this week but will show up in the announcement next week. The contestants have made no special effort to gain these extra prize votes and very few subscriptions have been turned in during the past week, but we hope for better reports on bargain day.

Carry a South Bend Watch

and end forever the continual annoyance of an inaccurate watch. South Bend are the watch-words among men who know. When you buy a South Bend Watch from us you secure our expert regulation service. This is important, for watches don't run the same for everybody. Come in and let us tell you why. Every South Bend Watch must pass 41 inspections and run on the dot in freezing cold and boiling heat before leaving the factory. This takes a full year but insures accuracy. Come in and look over our stock and prices. Both will pleasantly surprise you. Come now!
