Perhaps before the summer is over the court house will be so badly damaged by rain storms, etc., as to cause some action to be taken toward securing a new one. The storm of Friday certainly proved it to be even past "shedding water", and did considerable damage.

The Royal Hotel has lately undergone considerable remodeling, and this week a fine new cement sample room is being completed. Roy Oatman believes in being up-to-date and spares no pains or expense in securing any and all conveniences for his guests.

Ben McFarland intends to soon begin the erection of a two-story building on the lots west of his present store building. The building will be brick and will be built for two store rooms on the ground floor and the second story to be used as a rooming house. It is also rumored that G. A. Hall intends to start a new building on his lots. If he does this and also puts up a brick building, when all is completed, it would make another half block of solid brick buildings for Red Cloud.

A meeting of all feeders and shippers who reside between here and Oxford is in progress today at Franklin. The purpose of the meeting is to appoint a committee to confer with the railroad company in regard to furnishing a stock train four times a week, and also a request that greater pains may be taken by the said railroad company in an effort to cut down the time now taken to get stock to market. Webster and adjoining counties are too liberal patrons of the C. B. & Q., when it comes to the shipment of stock, to be treated with anything but the best by the railroad company and we trust that the committee meets with success.

P. Killett has returned home from Kansas City where he went with a shipment of stock. He had 34 head of yearling calves for which he touched the market for \$8.10 per hundred. Mr. Killett reports the eastern part of the state also enjoyed a good rain.

He also possesses a great deal of business ability in his chosen line and it is safe to predict that he will make a success in his new venture.

G. N. Blankenbaker of Webster county, Neb., says a large number of hogs were imported from Arkansas into that section of the Republican valley this spring. Farmers here had good luck with them. "All these hogs were stopped near Kansas City, where they vacillated and as a result no losses occurred." Mr. Blankenbaker said. B. & Q.

Rev. W. F. Cole, who, among many other good qualities, dotes on raising the best possible, in the chicken line, informs the Chief that he has some chicks up at his henery, which at the age of 1 1/2 weeks tipped the beam at 3/4 of a pound each. This certainly is the best chicken story we have ever heard, especially, coming as it does just at the beginning of the fishing season, and did we not know the reverend gentlemen as we do, and know that he would not make any statements that were not absolutely correct, we might be inclined to believe he had not read the figures correctly. But surely there can be no mistake as Rev. Cole ended by asking us to come up and see the chicks ourselves, as well as "just what he feeds them."

A special sermon at the M. E. church on next Sunday evening "Our Mother's Day" will be the subject of the address. Let all as far as possible wear a white flower for the occasion. In the morning "David in His Vices" will be the theme. All are invited to these services.

It surely looks like "A Big Night Tonight." A new band stand has been erected in the Washington school park, at which place a band concert will be given; The Teepee, as usual, is offering the best to be secured in the musical line and "Hans and Fritz" is the title of the play which is billed at the opera house. Surely this city life is great doings.
