BE ON THE SAFE SIDE

It is true that you are not likely to lose your savings if deposited in any good bank—but you are **ABSOLUTELY CERTAIN NOT** to lose them when you deposit where you have the additional protection of the State Guaranty Law. Such protection is offered you here.

It is surely "good business" to deposit where you get absolutely guaranteed protection, in preference to placing money in a bank that guarantees nothing.

The State Guaranty Law is behind every dollar deposited in this bank, and when you open an account here, you are **ON THE SAFE SIDE.**

Next Wednesday Bargain Day

Double Count In Chief Automobile Contest.

Next Wednesday is Bargain Day. It will also be bargain day for votes in The Chief big automobile contest. It is the only bargain day that we will have during the contest. All subscription money received at The Chief office on that day will count for double the regular number of contest votes. The money can be sent, or handed, to one of the contestants at any time between now and that time, but it must be received at The Chief office on that date in order to count in the contest for the double number of votes.

Contestants should do their best and have as many subscriptions as they can possibly rake up between now and that time so as to turn them in on that date and receive the extra votes. Do not put it off, but if you expect to do anything in this contest do it now for you will never have this opportunity again.

The double count means that a subscription which regular counts for 1000 votes will count for 2,000 votes if received at The Chief office on Wednesday, May 21. One dollar will do the work of two dollars so far as the voting value is concerned. It gives the Contestants who are in the lead an opportunity to get farther in the lead by doing extra work from now until that time, and it gives those who are holding the lower places time to gain the lead. Each contestant should devote a great deal of time and personal work to the contest during the next few days because the prizes are worth the effort. We guarantee that there will be no other time during the contest when a subscription will count for as many votes as this time. There will be no reduction in the price of the paper.

The prizes will be awarded on Saturday, June 15, which is the date set for the contest to close. After the double count the votes will be issued according to the regular voting schedule.

Miss Hayes, of Cowles makes a good gain in her standing this week, and comes up among the leaders. She won the special prize ballot of five thousand votes offered last Thursday for the most money turned in on subscriptions, and also became the owner of the fine jewel case offered for the most combination subscriptions turned in up to that time. It would no doubt be a surprise to some to know that the jewel case valued at \$5.00 was secured for turning in only four combination subscriptions. The five thousand prize votes were also secured for very little effort.

At the present rate the Contestants are working, a new contestant could enter the race and by devoting all of their time to the work for a very few weeks could do enough to become the owner of the Ford touring car. We hope, however, that as the end of the contest draws nigh that the contestants will increase their work so as to make it more interesting, and keep out any new Contestants. We have heard it talked that there might be some new contestants enter the race in case the present contestants do not show more signs of work.

The bargain day for votes affords the present Contestants a chance to forage so far ahead that new contestants will be afraid to enter.

Claims That Are Backed By Quality

The man who does the most talking doesn't necessarily have the most enthusiastic listeners. The business men who make the strongest claims are not necessarily the leaders in their line. We make strong claims but we back them up with the right kind of jewelry. It is easy to match our prices, but it's hard to match our quality.

Jewelry Gifts of Quality

Our stock of fine jewelry affords a wide choice for beautiful remembrances such as good taste dictates. Rare conceptions out of the common—designs from art workers in gold and silver who have left the impress of a skill that stands for real merit. Gifts of pearls, diamonds, sapphires, rubies, opals. Gifts to be put to practical use. Gifts for the home beautiful.

If you want the very best in jewelry, see us. And a good time to drop in is

Pohlman--Crowell

Married at Trinity M. E. church, Denver, May 1st, John N. Pohlman and Miss Edith Crowell.

Miss Crowell will be pleasantly remembered by the people of this city, where she was deservedly very popular during the first years of the century. She was the chief editor of the Nation during this period, and really the person to whose judgment all questions of editorial policy and literary discrimination were referred. Her work relative to the conduct of the paper was of the most responsible character, and she was qualified educationally satisfactorily to discharge the duties of editor-in-chief.

In addition to her engagements with the paper, her activity and zeal in Sunday School and church duties were sufficient, of themselves, to deserve the highest gratitude from her fellow workers. Besides all this she was an energetic and highly valued member of the P. E. O. society, and was the promoter of everything that tended to cultivate the social and intellectual well-being of the young people of the city.

A dramatic club owed most of its inspiration and success to her efforts. In every walk in life she readily made many warm and appreciative friends, who will be pleased to learn that she is now happily married to a gentleman who seems to be worthy of the prize he has won.

Ladies' Clio Club Entertains

The Ladies Clio Club held a very pleasant open meeting at the home of Mrs. D. H. Kaley on last Saturday afternoon. About forty ladies were present. An hour with Painters was delightfully spent and much enjoyed by both guests and members. Mrs. Overing conducted the lesson in her usual competent and entertaining way. Copies of Masterpieces of De Vinci, M. Angels and Raphael and of Rubens, Rembrandt, and Ruisdael were shown and discussed.

After the lesson, strawberries, ice cream, cake and coffee were served the committee being assisted by Miss Elizabeth Overman and Miss Alison Cowden.

Advance in Stock Breeding

Nebraska live stock breeders have made a distinct advance during the last few years in the breeding of pure blood stock. The Annual American Short Horn Year Book, containing the pedigrees of the animals calved before April 18, 1911, records the names of 947 Nebraska owners of bulls and cows of faultless pedigree. This indicates a widespread knowledge of improved methods and practical recognition of the profits to be derived from careful and scientific breeding.
