### This Government Won't Put Its Money

In a bank that does not guarantee it against loss. **Why Should You?**

The United States will not deposit a dollar in a National Bank, on any other bank, unless the bank furnishes a bond for twice the amount deposited.

The United States Government can at any time make an investigation of any National Bank and learn all about its resources. But still the Government demands a guarantee for its deposits—why shouldn't YOU have protection.

Your deposits in this bank are protected by the State Guaranty Law—no matter what happens. **YOU CAN'T LOSE!**

### Mrs. Matkins Wins Auto

The Chief automobile contest closed promptly at 6 p. m., Saturday, and as soon as the closing hour arrived the judges who had been appointed to make the final count took the ballot box to the Webster County Bank where the final count was made. It took an hour to canvas the votes after which the committees handed in the following report:

The committee's report made Mrs. L. H. Matkins the owner of the Ford five passenger automobile; Miss Gertrude Cartwright the owner of the diamond ring, and Miss Gertrude Coon the owner of the gold watch. Miss Maude Hayes came in for fourth place.

The contest was a success from the standpoint of new subscriptions. The Chief now has a list of subscribers that we are proud of, and one that will stand examination by our advertisers.

The paper is more valuable to our advertisers than ever before on account of the many new names we added during the contest.

The best of feelings prevailed through the contest between all of the contestants. It was rather a quiet contest until the last few weeks, but as the closing date drew nigh the contestants took renewed interest and worked hard and made a good showing at the end up.

As there was so many new subscriptions turned in on the last day of the contest it will be impossible to get papers to all of them this week owing to the fact that we will not have ready print enough to print the required number. This, however, will be remedied by next week and we will have all of the names on our list by that time so the new subscribers will get their papers.

In adding a large list of names it is an easy matter to overlook a few, but if anyone who subscribed for the Chief or Nebraska Farmer during the contest fail to get their paper within a couple of weeks please let us know as it is not our intention to miss anyone.

The Chief, as well as the management of the Nebraska Farmer, wishes to thank all who took part in this contest, and who made it a success. We hope the new readers of both papers will enjoy the papers for the length of time for which they subscribed, and that when the time expires they will become so attached to the papers that they will wish to renew.

### Firecrackers.

In order to prevent accident and injury on July 4, 1913, the city council passed a resolution prohibiting the use of firecrackers on 4th avenue between Seward and Elm Street and on Webster street between 3rd and 5th avenue on said date. This rule will be strictly enforced.

### I. O. O. F. Hall Is Dedicated

Three automobile loads of Odd Fellows left here last Friday noon for Bladen where they participated in the dedication services of the new I. O. O. F. hall at that place. ### Read His One

Precedent is the slow consumption that eats into the vitals of progress. It throttles ambition and makes drones of people who would and could "make good."

Years ago folks said, "competition is the life of trade." Fiddlesticks! Ideas are the life of trade. Good ideas, well carried out, are the backbone of all successful business.

The locomotive that pulls the "Pennsylvania Special" from New York to Chicago in 18 hours once lived as a big idea in the brain of Stevenson.

When we started in the jewelry business we had a little money and a big idea. The idea was to impress on you that we are selling the very best in jewelry at reasonable prices.

And judging from the splendid growth of the business you have tried it out and found it true.

Still they are a few sceptics—a few "show me" folks. To these we say one little visit—one small purchase will convince you that we have the best goods at the right price. Try it and prove it.

Perhaps you are thinking of making a gift. If so, here's your chance to save money. Gems, jewelry, cut glass, watches and novelties, silverware—an army of bargains are camped in our store. Suppose you come in and look them over today—while the best are still "on deck." You will be glad you came.

### A Six O'clock Wedding

Glenn F. Walker and Miss Clara Burgess were united in marriage last evening at 6 o'clock at the home of the bride's parents, Mr. and Mrs. John M. Burgess. The ceremony was performed by Rev. E. N. Tompkins in the presence of their immediate relatives and a few close friends. Mr. Henry Phares of this city acted as groomsmen and Miss Carrie Shute of Manhattan, Kansas, acted as bridesmaid.

The bride is one of Red Cloud's best, and the past term creditably filled the position as teacher in the eighth grade of our public schools. She is an accomplished young lady and has for her friends all who know her. The groom is a Webster county product, and also among the city's best, and is manager of the Red Cloud Auto Co.

They left last night for Denver, Colo., on a short honeymoon, and on their return to this city will go to housekeeping in the house recently vacated by Dr. T. A. Trumble, which the groom has completely furnished for his bride's reception.

To Mr. and Mrs. Glenn F. Walker the Chief extends congratulations and joins with their many friends in wishing them a long and happy life.
