CALL FOR PUNISHMENT OF MEN WHO DID SHOOTING.

STYLES HIMSELF MESSIAH

Building Ark and Collecting Animals In Pairs-Gettysburg Anniversary Celebrated by Survivors

in England.

El Paso, Tex .- Charles B. Dixon, jr., the United States immigration inspector who was shot in Juarez Saturday by Mexican soldiers, was released from Juarez hospital and brought to El Paso Sunday ofter American Consul T. D. Edwards had made a demand for his release and for the arrest of the men who shot him. The demand of Consul Edwards was in vigorous language. First telling the Mexican authorities that Dixon must be delivered up to his friends and permitted to be brought to El Paso without delay, the consul said relative to repara-

"I do not merely request the arrest of these men, but in the name of the United States government which I have the honor to represent I demand their immediate arrest and their trial and punishment for this crime. My government will hold the military authorities of Juarez personally responsible for failure to obey this command."

Remember Gettysburg in England. London.-While the Grand Army of the Republic was holding its fiftieth anniversary of the battle of Gettysburg there was a little gathering of veterans of the civil war in Bermondsey, a suburb of London, and so far as enthusiasm went this celebration compared favorably with many a larger one in America. There were ninetythree veterans present, headed by one of the oldest living survivors of the struggle, George Munroe, a sprightly old man of 104 years, who served in the confederate navy throughout the war. Munroe took part in the parade throught the streets of Bermondsey, and stayed on during the speechmaking, luncheon and reception, and at the end he was as lively as many of his younger comrades. He still walks erect for a man of even younger years, and his mind is as clear as it was fifty years ago.

CALLS HIMSELF MESSIAH.

Followers Building Ark and Collecting Animals In Pairs.

Panama.-Word has reached here from Penome, a town in the interior of the republic, that Sagundo Sanchez, native of that section, has proclaimed himself the messiah. He has predicted the destruction of the world by a deluge in a short time, and some of his adherents are engaged in building an ark, while others are busy collecting in pairs animals of all species found in their region. His followers also have armed themselves, and in view of this fact the government is taking steps to avert possible trouble.

Mrs. Pankhurst in Serious Condition. London.—The consulting physicians in attendance on Mrs. Emmeline Pankhurst, who was recently released from Holloway jail, take so serious a view of her condition that they have ordered the immediate resort to a transfusion of blood. Mrs. Pankhurst's weakness and inanition from the effects of her hunger and thirst strikes are so extreme that apprehension is felt as to the outcome. "She could be no worse," was the statement made by one of the attendants.

Japanese Are Incorporating.

Sacramento, Cal.-Twenty-three Japanese land corporations, with a total capital stock of \$620,000, of which \$307,000 is subscribed, have been organized in the state recently. Articles of incorporation are being filed daily by the Japanese, who seek to avoid the intent of the Webb anti-alien land law by incorporating. The Webb law becomes effective August 10.

Will Distribute Suffragist Literature. Lincoln, Neb.-Two of Nebraska's most ardent suffragists. Dr. Allie B. Wiemer and her 18-year-old daughter, Catharine, started Friday morning from Lincoln in their automobile to Denver. The purpose of their trip is for "the cause," and they will distribute suffrage literature along the road and make suffrage speeches at every stopping place. Dr. Wiemer is the official suffrage organizer of Nebraska and has just completed the work of whipping the county organizations into working shape.

Shanghai.-In accordance with a proclamation issued Saturday, the municipal police, reinforced by a strong body of Shanghai volunteers, went to the rebel headquarters at Chapel, immediately north of the foreign settlement boundary where they disarmed 300 soldiers and twelve officers and took six three-inch guns. There was no actual resistance on hie part of the rebels, but for a brief period there appeared to be the prospect of a conflict. The rebels, however, were overawed by the firm attltude of the municipal police.

The Chief ASKING FOR LIGHT

RED CLOUD . . NEBRASKI GOVERNMENT WILL PURSUE A WELL DEFINED POLICY.

HAS A PROJECT OF HIS OWN

President Wilson Perfecting Scheme to Get at Trusts-Governor Metcaife Arrives in Washington.

Washington.-While administration officials believe here that the crisis will not be reached in Mexico until the northern rebel armies press closer to Mexico City and the federal strongholds, indications are that an effort will be made by the Washington government to pursue a well defined policy before events reach a critical stage. The first step in the formulation of a policy will be taken when Ambassador Henry Lane Wilson will bring to the president and Secretary Bryan first hand information of the situation. Mr. Bryan announced emphatically that there was no disposition on the part of the administration here to interrogate Ambassador Wilson about the numerous reports alleging activity on his part in connection with the downfall of Madero and the establishment of the Huerta regime. He added that the ambassador had been called merely to throw light on present conditions in the troublous re-

Metcalfes in Washington.

Washington .- Mr. and Mrs. Richard L. Metcalfe and their three children arrived from Lincoln Friday on the last lap of their journey to Panama, where Mr. Metcalfe is soon to enter upon his duties as a member of the isthmian commission. Mr. Metcalfe stated that when he left Nebraska some uncertainty was expressed by his friends as to whether his appointment had been confirmed by the senate. Dispatches of July 3 contained the news of his confirmation by the senate. There was never any question here about his confirmation as no one raised any objections,

PLAN OF HIS OWN.

President Wilson Brewing Scheme for Busting Trusts.

Washington.-President Wilson has an anti-trust policy of his own, but he will not broach it until the December session of congress. The president has in mind a legislative program which does not necessarily involve an amendment to the Sherman anti-trust laws, but is said to contemplate additional statutes defining monopolies. The president has declined, however, to discuss his ideas until the tariff and currency are disposed of.

Nebraska City, Neb.-Memoirs of the incipiency of practical horticulture and forestry and early encouragement given these branches in this state are to be recalled at a fruit growers' banquet to be held at Arbor lodge and the old home of J. Sterling Morton, August 14. Joy Morton is to be present and a program of considerable interest is being outlined by officers of the association. Business affairs of the association are to be discussed at a short session to be held during the day. Grades are to be established definitely and the plans are to be completed for the sale of this year's crop of apples.

Stores to Close Earlier.

Omaha, Neb.-The new nine-hour law for female labor in Nebraska will likely result in the closing of the large stores and most other establishments in the city at not later than 6 o'clock in the evening. This arrangement would make no change in the department stores except on Saturday night, as on Saturdays the stores have been in the habit of running until 9 o'clock. A committee of the retailers' association is investigating the matter of early closing on Saturday evenings.

A Shocking Ceremony.

Birmingham, Ala.-Donald A. Kennedy, a chauffeur, and Christopher Gustin, an iron molder, were killed by an electric shock at the local hall of the Loyal Order of Moose. An initiation was in progress and it is said that an electric shock was a part of the ceremony. In some way, not yet explained, Kennedy and Gustin, it is stated, received too much current. It was first thought the two men had fainted and they were hurried to a ago. hospital, where both died shortly after

Geilenkirchen, Germany. - Fourteen coal miners were found dead in a pit where they had been entombed by a fall of coal. A large area above the federals had been killing their horses mine had caved in as a result of a recent cloudburst.

Act of Heroism by Aged Man. Iowa City, Ia .- A thrilling act of heroism by a man of nearly 100 may bring a Carnegie medal to Charles Blow, aged 94, a pioneer of Muscatine. Discovering the house on fire and his wife, aged 84, upstairs in deadly peril, he climbed the stairway, took his wife in his arms and fought his way down through the smoke and flames with his living burden. He bore her to the outer air just as the blazing staircase fell in with a crash behind him. A moment's delay would have ended in

death for both.

KANSAN WANTS STATE TO TAKE OVER NATURAL GAS COMPANY.

Tobacco Combine Cited to Appear in Federal Court-Troops Called Out in Copper Belt.

Topeka, Kan,-Henderson Martin, chairman of the Kansas utilities commission, has urged Governor Hodges to call a special session of the legislature to pass an enabling act that would permit the cities in Kansas which are supplied with gas by the Kansas Natural Gas company to take over that company, as well as its local distribution companies. He proposed that a general meeting of the representatives of the forty interested cities be held soon to consider the proposition for public ownership of the properties Mr. Martin made the appeal to the governor after he had read the decision of Federal Judge Marshall of Salt Lake City, to the effect that the gas company need not extend its pipe lines to new fields in Oklahoma, as directed by the utilities commission.

Call Out Troops in Copper Belt.

Calumet, Mich.-Violating orders of the Western Federation of Miners against violence many of the 15,000 striking miners of the copper belt created enough disturbances Thursday to result in the ordering out of troops. There will be nearly 2,400 state soldiers, including cavalry and artillery, in the mining fields of the upper peninsula of Michigan.

AFTER BIG GAME AGAIN.

Tobacco Combine Cited to Appear In

Federal Court. New York .- An order citing the American Tobacco company and the United Cigar Stores company to appear in the United States court of appeals August 21 has been issued by Federal Judge Hand. The two companies are directed to show cause why the circuit court's dissolution decree against the so-called tobacco trust should not be corrected to conform with the mandate of the United States supreme court.

Has Abandoned Counter Stroke. London.-Any idea that the Bulgarian army is preparing for a counter stroke has been abandoned. It has become known that in his anxiety to bring about peace, King Ferdinand appealed to the German emperor regarding Roumania's action. The nature of the emperor's reply has not been disclosed. A semi-official dispatch from Sofia says that even should the Roumanians invade the capital, no resistance would be offered. The attack on Adrianople has not been confirmed.

Death Toll Heavy.

Binghamton, N. Y .- It is still impossible accurately to estimate the fatalities of the overall factory fire here. At least fifty, probably more, are believed to have perished in the flames. A careful estimate places the number of those in the building at the time the fire started at 111. Of these only ffty-three are known to have been saved. Six dead have been identified, fifteen bodies, charred beyond description, are at the morgue. Seven injured are in the hospitals, forty-five, slightly injured, are safe at their homes. Eleven have been reported by relatives as missing, and twentysix others are unaccounted for.

Senator Norris Fighting Coffee Trust. Washington.-Senator Norris has taken a new tack in his program of dissolving the coffee trust, and has adopted a method similar to that chosen by Senator Hitchcock in his attack on the tobacco trust. Senator Norris has introduced an amendment to the tariff bill giving the president the right to impose an ad valorem tax of 25 per cent against the product of any country which is a party to a conspiracy to monopolize that product or to valorize in, as it is alleged because it has valorized her coffee crop.

Finish Education in United States. Washington.-Desirous of increasing further the good relations existing between his country and the United States, the Chilean minister of foreign affairs has suggested that Chilean youths after receiving their diplomas hereafter shall be sent to the United States to complete their education along technical lines. The Chilean government would bear the expense of transportation both ways. The infor mation has reached the state department from Minister Fletcher at Santi-

Federals Surrender Torreon.

Brownsville, Tex.-Constitutionalist army officials in Matamoras have received word of the federal surrender of Torreon. It was said the Torreon for food. The message confirms 1,500 as the number of federal prisoners.

Washington.-There is a growing sentiment in congress in favor of government ownership of public utilities in Alaska. A measure introduced by Senator Poindexter of Washington provides that all public utilities, including railroads, steamship lines, the telegraph and telephone lines, together with the terminals, shall be owned and operated by the federal government. Provision is at the same time made for the employment of private capital in the development of these enterprises, with a view to giving the public the benefit.

GET AFTER BIG TRUST AGAIN LOSS IN SHIPMENT

STANDARD FOR MEMBERSHIP IN NEBRASKA GUARDS.

GOSSIP FROM STATE CAPITAL

Items of Interest Gathered from Reliable Sources and Presented in Condensed Form to Our

Readers.

Lack of proper refrigeration facilities on the Missouri Pacific railroad has caused large losses in egg shipments from southeastern Nebraska to Omaha and Lincoln, according to conclusions reached by Food Commissioner Harman. Tests made by the state official on actual purchases and transmission of eggs over the present route show that even express facilities make little improvement over freight and that by both methods there are losses incurred by the merchants. Under instructions from the food department three cases of eggs were purchased at Falls City and shipped to Lincoln after being carefully handled at the originating point. When they reached here, four days later, five and a half dozen of the thirty dozen in one case had deteriorated to second class eggs, half a dozen had been cracked and a dozen and a half were spoiled and unot for table use. Another case showed five rotten eggs and the third case showed eleven eggs of similar state of decay. The loss was \$1.48 on actual cost as compared between the two points. Data gathered by the food commission will be submitted to the railway commission for use in the request filed for installation of refrigerator service on the Missouri Pacific.

Guardsmen Must Be Gentlemen.

Nebraska guardsmen must not be 'roughnecks," they must be gentlemen, possessed of good manners and as anxious to deport themselves with credit as to convince the people of the state that they are brave, according to a standard set by Adjutant General Hall. Those who do not measure up will gradually be weeded out of the military organization until there are only those left who will reflect credit on the state.

"I intend to wipe roughness out altogether," sald General Hall. "The companies where the trouble is the greatest are now under investigation If I have to, I would rather go to the August camp with only a dozen companies of respectable and obedient men than have twenty companies of intractable men that are liable to involve the guard in a bad mess.

Small Grain Acreage Increased.

Rye and barley, small grain crops that are not so widely talked about as wheat and corn in this state, neverthethis year. Figures announced by the state board of agriculture show the rye acreage this year is 33 per cent greater than last year computed on the returns from eighty-four counties which have reported. Likewise the barley acreage increased 76 per cent over last year-a gain that will likely be exceeded by no other crop. The total rye acreage for the eighty-four counties last year was 96,259. This year the figures were pushed ahead to 137,032 acres. The 1912 barley acreage was 52,018 and the 1913 acreage 91,602.

Interest in Athletics.

Boys who are interested in athletics and military maneuvers are taking keen interest in Boys' State Fair encampment to be held in Lincoln, Aug. 29-Sept. 5. Governor J. H. Morehead is ex-officio head of the encampment, while the state board of agriculture will pay the railroad fare of the delegates in excess of \$5.00. County superintendents in each county will furnish information concerning the choice of delegates from their counties. Football tactics, military science and instruction from object lessons, camp ing and outdoor sports will be given.

Lancaster, Otoe and Holt counties have reported to the state assessment board with valuation gains over last year aggregating \$522,000. Sixty-four counties have now reported to the board with a total estimated gain of \$3,500,000 over last year.

The Farmers State bank of Union has been given a charter by the state banking board. The officers of the new institution are C. I. Jones of Lincoln and J. R. Pierson, J. B. Roddy, J. N. Larsh, M. H. Shoemaker and D. R. Frans, all of Union. The capital is given as \$20,000, with an \$800 additional sum set aside for the guaranty fund.

Auditor Howard has taken under advisement the protest against the registration of \$17,000 of court house bonds voted by the people of Keya Paha county.

Five thousand signatures out of the necessary 26,000 to put the question of university location before the voters of the state have already been secured. Although the circulators have a whole year ahead of them in which to get the necessary number of petitions signed up active work has been in progress for nearly five weeks. The circulation is in charge of the university, under the direction of the regents. Chancellor Avery has been active in getting the petitions out and the actual work in connection with their distribution is being done by the chancellor's secretary.

BRIEF NEWS OF NEBRASKA

Sunday baseball was defeated at Pawnee City will soon have free mail delivery.

The chautauqua at Osceola is in session this week.

The fair at Callaway will be held September 16 to 19, inclusive. August 6 and 7 are the dates set for

the State Saengerfest at Lincoln. The Sons of Herman held their annual session at Pender last week. Beatrice will enforce the ordinance

prohibiting bicycling on the sidewalk. The thirteenth annual picnic of the old settlers of Barneston will be held August 20 and 21.

A car load of chickens was shipped by farmers around Valentine to New York City one day last week.

Owing to lack of jail facilities at Beatrice, female transgressors are sent to the county jail at Lincoln.

Dorchester on August 7 will vote on the establishment of a municipal light and water plant and a new city park. A postoffice has been established at Sunnyside, Brown county, Nebraska,

with Carrol A. Mayfield as postmaster. Miss Mary Bunton, a Pawnee City school teacher, is dead as the result of heat prostration and acute indigestion.

A steam calliope belonging to a wild west show was destroyed by a fire in the Burlington yards at Alliance. Oliver Souder a clerk in a Beatrice

store was badly cut by pieces of glass when a pop bottle exploded in his hands. The Fairbury park board is putting

electroliers in the park, and the driveways and auto course are being coated with oil. Deshler has organized a baseball

association, will hire salaried players and will attempt to schedule some good games. Wheat that weighs sixty-six pounds

to the bushel-a record likely never exceeded in this state-is reported in Pawnee county. Frank Tobin, an actor, deranged by

the heat, shot himself, and died from the effects a few days later in an Omaha hospital. August Weiding, 60 years of age.

was drowned while in swimming at Meadow. It is thought heart trouble was responsible. Eward Culver, an aged man, was fatally injured when he was struck by

a street car as he attempted to cross the street at Lincoln. Levi Edis' ice house at North Platte was set on fire by lightning and burned to the ground. It contained

over 1,000 tons of ice. R. E. Arthur, manager of the farmers' elevator at Hoag, reports that he had handled over 30,000 bushels of new wheat this season.

Miss Cora Owens, a teacher in the Geneva public school, was severely burned by a gasoline explosion while cleaning a pair of gloves.

The laying of the cornerstone of the new auditorium being built by the Woman's Improvement club at Valentine took place Friday afternoon.

The Rev. John Doane, who died at San Diego, Cal., last week, was pastor for nearly four years of the First Congregational church at Fremont. Two sets of twins and in the neigh-

borhood of 120 other babies are expected to be entered in the eugenics exhibition to be held at the state fair in September. Entries for harness races for the

Nebraska state fair close August 11. Already more than a dozen states are represented in the speed program which promises to be exceptionally strong this year.

Uneasiness prevails among Jefferson county farmers over the long continued dry weather. Unless rain comes soon it is predicted that early corn will be a total failure.

One of a party of "tourists" who was shot in a battle with trainmen who were attempting to put them off a freight at Jensen, has brought suit against the road for \$10,500 damages. Mr. and Mrs. W. F. Nelson of Upland celebrated their fiftieth wedding anniversary last week.

Blue river fishermen near Alexandria have recently caught a number of twenty-five pound fish. The three year old son of Mr. and

Mrs. Frank Crabtree at Fairbury, was so badly scalded by falling onto a vat of boiling paste that his recovery is doubtful.

While Rev. John Smith of Salem was inflating the tires on his auto one of them exploded, cutting his face and head so badly that several stitches were necessary.

Dave Milligan of Norfolk lost an ear when his auto dashed through a fence as the result of a bursted tire. C. M. Rohrbaugh has been installed

as pastor of the Presbyterian churches at Seward, Staplehurst and Tamora. C. E. Coffey, an elevator man at Aurora, saved his life by the prompt

use of a pocket knife in cutting his clothes loose when he got caught in the shafting. Deshler is planning a corn and live

stock show for the latter part of Sep-

tember. Last year's corn and live stock show drew more than five thousand people on the big day. Threshing is going on at Moorefield and the yields are rather light, around

ten bushels of winter wheat, but the quality is good. J. W. Lee of Blue Springs is suffering from blood poison resulting from

a wound from a locust thorn received while in bathing. A chair on which she was standing collapsed with the weight of Mrs. Fritz Hurnfelt at Fairbury, breaking

her right leg. Bert Stewart and Fred Drumm, two men who live near Eagle, engaged in a pitchfork duel on a neighbor's farm

and both were badly cut and bruised.

DOINGS IN CONGRESS

WHAT LAWMAKERS AT WASHING-TON ARE DOING.

Result of Deliberations on More Important Measures Given In

Condensed Form.
