The Harvard Courier prints the ed the first of the week from Colorado Kansas, was in the city one day the following article in a recent issue, and the people, the great longing strugas it appears to us to contain considerable food for thought, and is a topic despairing and yet unyielding people minds at this time, the beginning of a new school year, we reproduce it:

"Have a reason for the course yo select. The greatest questions the come to every boy and every girl and every young woman and every young man, upon reaching the years of un derstanding and responsibility, are Mrs. Cora Kidd and children return- Mrs. Earl Danker of David City. No- 'what can I do?' 'What can I be?' "Where is my place in life." In ords their fathers and mothers, their teach-Mr. and Mrs. Clark Stevens had for Paul Pope of New York spent Sun ers and friends, and study carefully one of the departments of the Exposi- prepare for it, work for it, live for it and success will crown their efforts

ings Monday morning to be with her | Walter Warren, Chet Sheeley, A. B. Sidney Smith says if you choose to daughter, Mrs. W. H. Serivner, who McArthur and Alba Pope, chaperoned represent the various callings in life underwent an operation at that place by Frank Ellinger, in his Cadalie car, by holes in a table, some circular, some attended the closing base ballgame of square, some triangular, some oblong. Dr. Warrick, The Specialist, will the 1913 season in Superior Monday you will generally find that the oblong person is trying to get into the triangular hole while the square person is doing his best to squeeze into the round hole. Therefore one of the greatest causes of failure in life is a mistaken calling.

> Dean Smith aptly says: Brutes find out where their talents

But man we find the only creature, Who lead by folly, combats nature: Who when she loudly cries, 'forbear'

With abstinacy fixes there, And where his genius least inclines, Absurdly bends his whole designs.

"Some boys are forced by unwise parents to follow the plow when you see by their nature that they were interested for law. medicine, or theology. Some boys are forced to measure tape and calico where they would make day reports that his oats averaged 57 better farmers than merchants. Some bushels per acre. John Haselbaker, young men graduate from medical who also thrashed the same day re- colleges and then poor drugs of which they know little into bodies of which These are the largest yields that have they know less. Such young men so far been reported in Webster would be a greater success swinging county, and is ample proof that the the sledge hammer than using the small grain crop is making up-to no lancet. Some young men are led into small extent the damage done to the the ministry under some mistaken ides of a call to preach the gospel The financial success of many old when their long and tiresome sermons

Nebr., if you are considering a loan. from city superintendents of the sixty

Jack Waller of Cowles was in town strongest high schools in Nebraska, covering a period of three years, that T. J. Diamond was in Clyde, Kansas 600 of these high school graduates went immediately to college, university or normal school, 800 went immediately into business, including such work as farming, banking, clerking, housekeeping and other occupations for earning a living, and 900 immediately took upon themselves the business affairs in Hastings on Wednes- was in the city one day the first of the responsibility of teaching school. All of this was done in spite of the fact that these sixty of our strongest high a social hop Wednesday night in the schools had been straining themselves almost to the breaking point for credit at the university.

"Now we believe in the university. We want every high school graduate in Nebraska who can find it possible to go to the university to do so. But the stern fact remains that only one in ten of our school graduates go to college or university. And then the still few days this week in the country guests the first of the week Mr. and sterner fact remains that only one in ten of those who enter the university Dan Swartz, who has been visiting finish the course. The United States authority for these figures.

It becomes our plain and imperative duty then to fit our high school boys and girls for life rather than to bend all our efforts toward preparing such a small per cent of them for the university. Let the high school courses of study be so planned as to give our young people the greatest opportunity Y possible to fit themselves for the work they must do upon graduation from ( the high school before they ever can

In the old civilization the few ledthe many followed. And in our syscitizens, rather than to create crowns crats, and kingly interpreters of the more fortunate ten per cent. The people must needs take thought of what they shall out and wherewithat they shall be clothed. And the edit eation that fits them for this is, from necessity, the best, at least notif they are so developed and improved that gling, hongering, needing, hoping, which is appearant on a good many shall not need to take thought only of morning for Salina, Kansas where he Hot Springs, S. D., where they have what they shall ent and wear."

## To the Clothing Trade

Our buyer is back from the eastern markets and is pleased to inform the large number of people who look to this concern for their clothes needs that we have got something to offer this season in qualities and prices that will be a revelation to those looking for Clothes Bargains.

People are going to save what they can this fall and we want to state right here that we are in a position now to sell our high grade merchandise at a great saving, as our buyer was able to secure some wonderful bargains while east on account of the numerous cancellations coming from the dried out districts.

Our stock of Kuppenheimer, Society Brand and Cloth Craft Clothes will be as complete as ever and our Hats, Shoes and Furnishings are all new and up-to-
